(57) **CLAIM**

The ornamental design for electronic card reader device with displaying means, as shown and described.

**DESCRIPTION**

FIG. 1 is a top perspective view of the electronic card reader device with displaying means.  
FIG. 2 is a bottom perspective view of the electronic card reader device with displaying means.  
FIG. 3 is a top plan view of the electronic card reader device with displaying means.  
FIG. 4 is a bottom plan view of the electronic card reader device with displaying means.  
FIG. 5 is a right side view of the electronic card reader device with displaying means.  
FIG. 6 is a left side view of the electronic card reader device with displaying means.  
FIG. 7 is a bottom perspective view of the electronic card reader device with displaying means; and,  
FIG. 8 is a top perspective view of the electronic card reader device with displaying means.  
The broken lines depicted in FIG. 2 & FIGS. 5-8 depict printed paper for purposes of showing the environment and form no part of the claimed design.
