(57) **CLAIM**

The ornamental design for a display screen with icon for a connect function application user interface, as shown and described.

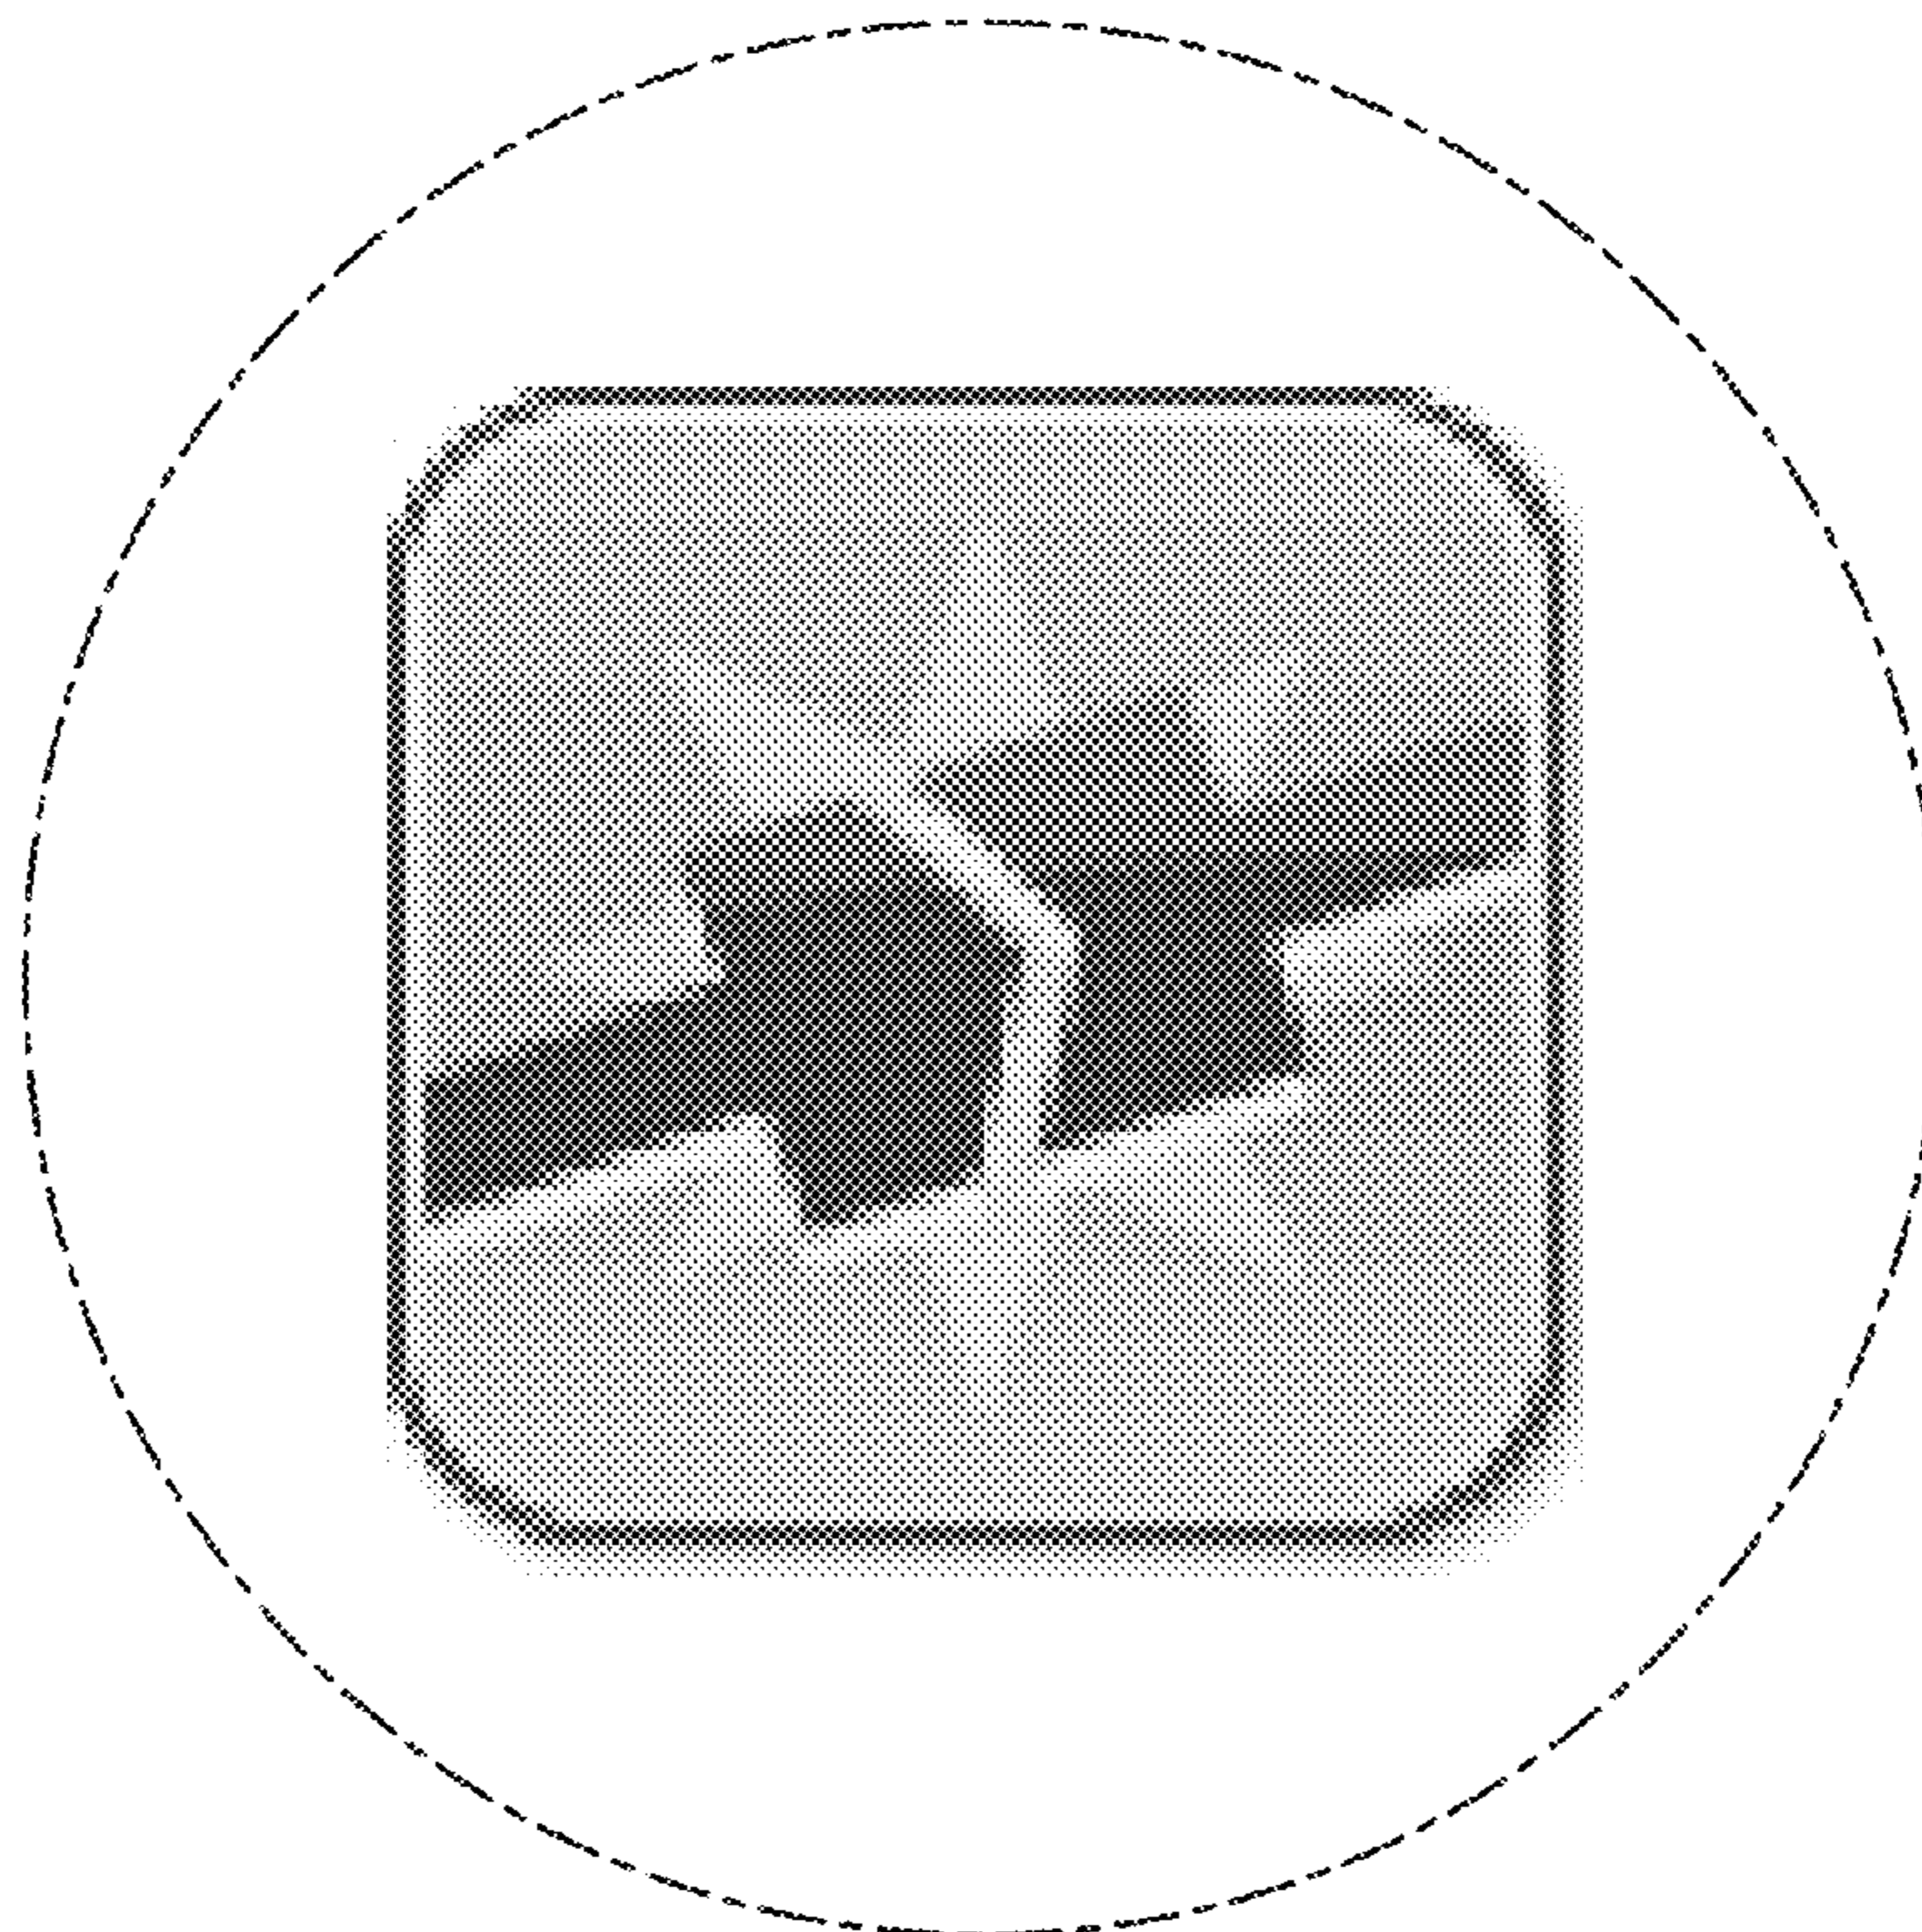

DESCRIPTION

FIG. 1 is a front view of a display screen with icon for a connect function application user interface showing the new design; and,

FIG. 2 is an enlarged view thereof.

The short-short broken line showing of a display screen and graphical user interface features represent portions of the design which form no part of the claimed design. The long-short broken line defines an enlarged view of the claimed design.
