(57) **CLAIM**

The ornamental design for an insect visual attractant strip, as shown.

DESCRIPTION

FIG. 1 is a top plan view of a first embodiment of an insect visual attractant strip according to our new design; FIG. 2 is a top plan view of a second embodiment of an insect visual attractant strip; and, FIG. 3 is a top plan view of a third embodiment of an insect visual attractant strip. The broken lines on either end of the insect visual attractant strip represent unclaimed boundaries. The thickness of the insect visual attractant strip forms no part of the claimed design.
