(57) **CLAIM**

The ornamental design for a display stand for a mobile tablet computer, as shown and described.

DESCRIPTION

FIG. 1 is a front, top, and side perspective view of a display stand for a mobile tablet computer that has the design, with a mobile tablet computer shown in broken lines.

FIG. 2 is a front, top, and side perspective view of the display stand, but shown without the mobile tablet computer in broken lines.

FIG. 3 is a front, top, and back perspective view of the display stand for a mobile tablet computer that has the design.

FIG. 4 is a right side elevation view of the display stand for a mobile tablet computer.

FIG. 5 is an enlargement of a portion of the right side elevation view of FIG. 4.

FIG. 6 is a front elevation view of the display stand for a mobile tablet computer.

FIG. 7 is a left side elevation view of the display stand for a mobile tablet computer.

FIG. 8 is a rear elevation view of the display stand for a mobile tablet computer.

FIG. 9 is a top plan view of the display stand for a mobile tablet computer; and,

FIG. 10 is a bottom plan view of the display stand for a mobile tablet computer.

The outer broken lines in FIG. 1 are intended to show positioning of a mobile tablet computer on the display stand, and form no part of the claimed design.

The other broken lines in FIG. 1 and in FIGS. 2, 4-7, and 9 are intended to show positioning of a grip pad for removably mounting the mobile tablet computer on the display stand, and form no part of the claimed design.

The broken lines on the bottom of FIG. 7 and in FIG. 10 are intended to show positioning of a grip pad for securely positioning the display stand on a surface, and form no part of the claimed design.

1 Claim, 5 Drawing Sheets
