(57) **CLAIM**

I claim the ornamental design for a clip and handle for an electronic device, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the clip, shown separated from the handle, of the clip and handle for an electronic device; FIG. 2 is a front elevation of the clip, shown separated from the handle, of the clip and handle for an electronic device; FIG. 3 is a side elevation of the clip, shown separated from the handle, of the clip and handle for an electronic device; FIG. 4 is top view of the clip, shown separated from the handle, of the clip and handle for an electronic device; FIG. 5 is bottom view of the clip, shown separated from the handle, of the clip and handle for an electronic device; FIG. 6 is a perspective view of the handle, shown separated from the clip, of the clip and handle for an electronic device; FIG. 7 is a front elevation of the handle, shown separated from the clip, of the clip and handle for an electronic device; FIG. 8 is a side elevation of the handle, shown separated from the clip, of the clip and handle for an electronic device; FIG. 9 is top view of the handle, shown separated from the clip, of the clip and handle for an electronic device; FIG. 10 is bottom view of the handle, shown separated from the clip, of the clip and handle for an electronic device; FIG. 11 is a bottom perspective view of the clip in an environment of use, shown separated from the handle, of the clip and handle for an electronic device; FIG. 12 is a bottom perspective view of the clip and handle for an electronic device; FIG. 13 is a bottom perspective view of the clip and handle for an electronic device in an environment of use; and, FIG. 14 is a front side perspective view of the clip and handle for an electronic device in an environment of use. The broken lines are included for illustrative purposes only and form no part of the claimed design.

1 Claim, 14 Drawing Sheets
