(57) **CLAIM**

The ornamental design for a construction machine display with graphic user interface, as shown and described.

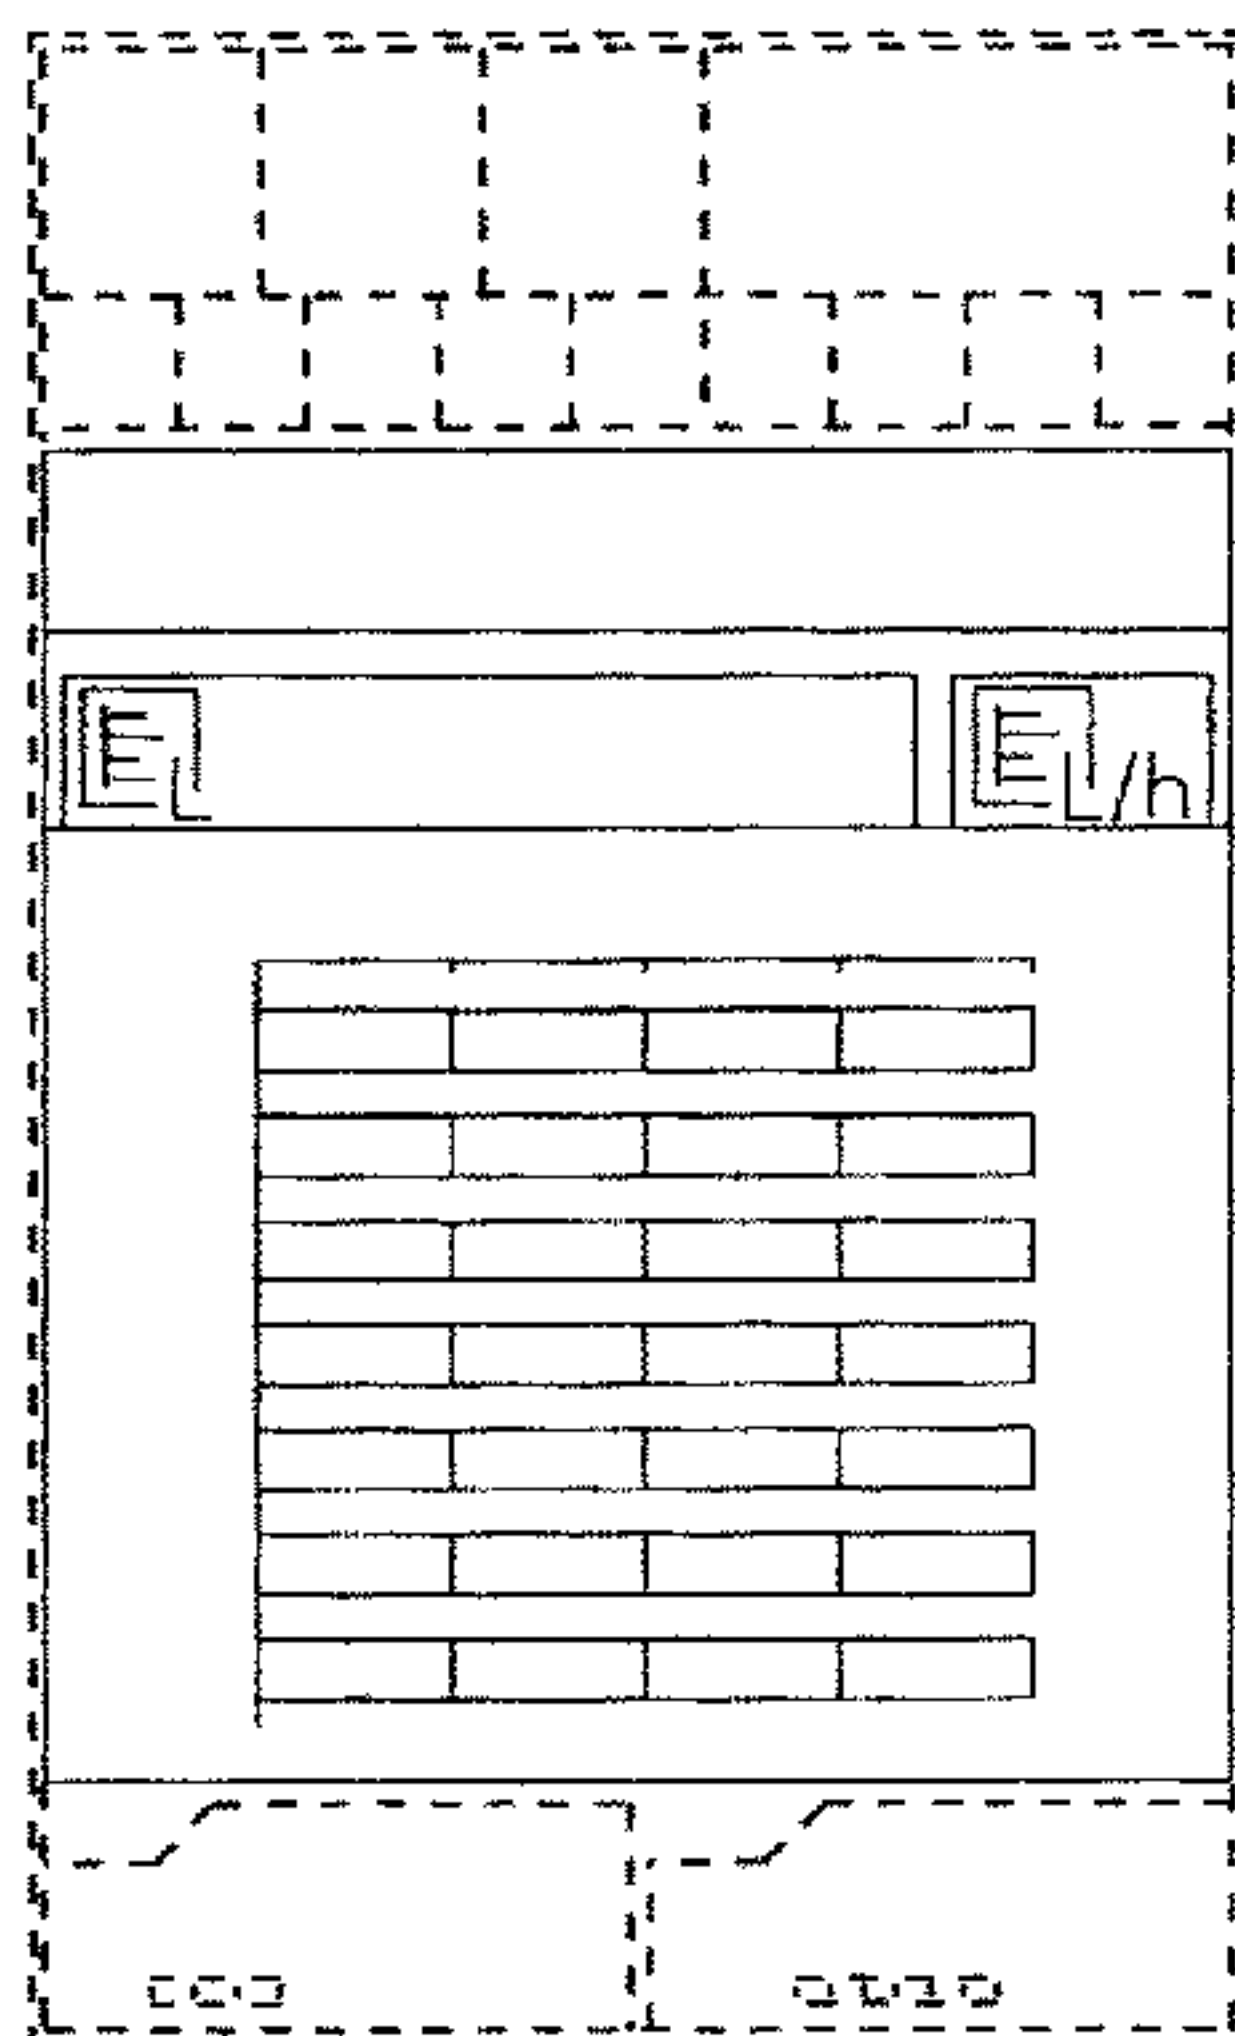

**DESCRIPTION**

FIG. 1 is a front elevational view of a first embodiment of a construction machine display with graphic user interface showing our new design; and,

FIG. 2 is a front elevational view of a second embodiment thereof.

The broken line showings of the construction machine display and portions of the graphic user interface are included for the purpose of illustrating environmental structure and form no part of the claimed design.
