(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display screen with graphical user interface showing our new design; and, FIG. 2 is a front view thereof wherein the display screen with graphical user interface is shown in the example of another environment.

The broken line showings of the display screen in FIG. 1, the mobile terminal in FIG. 2, and the numbers and symbols in both figures are included for the purpose of illustrating environmental structure and form no part of the claimed design.
