(57) **CLAIM**

We claim the ornamental design for a reticle for a rifle scope or other projectile-weapon aiming device, as shown and described.

**DESCRIPTION**

FIG. 1 is a view of a reticle for a rifle scope or other projectile-weapon aiming device, as viewed at low magnification through an eyepiece end of a rifle scope, according to a first embodiment;

FIG. 2 is a view of the reticle of FIG. 1, as viewed at high magnification through an eyepiece end of a rifle scope;

FIG. 3 is a view of a reticle for a rifle scope or other projectile-weapon aiming device, as viewed at low magnification through an eyepiece end of a rifle scope, according to a second embodiment;

FIG. 4 is a view of the reticle of FIG. 3, as viewed at high magnification through an eyepiece end of a rifle scope; and,

FIG. 5 is an isometric view of an environment of use for the reticles of FIGS. 1-4.

In FIGS. 1-5, the dashed lines indicate environmental features that form no part of the claimed ornamental design.
