CLAIM

The ornamental design for a curved split-screen cellphone, as shown and described.

DESCRIPTION

FIG. 1 is a left front top perspective view of a curved split-screen cellphone of the present invention;

FIG. 2 is a left rear top perspective view of the curved split-screen cellphone of FIG. 1;

FIG. 3 is a front elevational view of the curved split-screen cellphone of FIG. 1;

FIG. 4 is a right side view of the curved split-screen cellphone of FIG. 1, the left side view being similar thereto; and

FIG. 5 is a bottom plan view of the curved split-screen cellphone of FIG. 1;

FIG. 6 is a right front top perspective view of a second embodiment of the curved split-screen cellphone of the present invention;

FIG. 7 is a right rear top perspective view of the curved split-screen cellphone of FIG. 6;

FIG. 8 is a front elevational view of the curved split-screen cellphone of FIG. 6;

FIG. 9 is a left side view of the curved split-screen cellphone of FIG. 6, the right side view being similar thereto; and,

FIG. 10 is a bottom plan view of the curved split-screen cellphone of FIG. 6.

The broken lines shown in the figures that are immediately adjacent to the shaded areas and define unshaded regions on the body of the cell phone represent the bounds of the claim. All other broken lines, including those shown on the display screen, the human hand, and the arrows showing the motion of the thumb, are directed to environment. The broken lines throughout the views form no part of the claimed design.

1 Claim, 4 Drawing Sheets
