(57) **CLAIM**

The ornamental design for a display screen or portion thereof with animated-graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display screen or portion thereof with animated graphical user interface showing a first image in the sequence showing my new design; FIG. 2 is a second image thereof; and, FIG. 3 is a third image thereof.

The broken lines in the Figures disclose the environment related to the claimed design, but form no part of the claimed design. The dot-dash-dot broken lines are display screen and boundaries of the claimed portion of the design and form no part thereof.

The appearance of the animated images sequentially transitions between the images shown in FIGS. 1-3. The process or period in which one image transitions to another forms no part of the claimed design.
