(57) **CLAIM**

The ornamental design for a container lid, as shown and described.

DESCRIPTION

FIG. 1 is a Top view of the container lid, within which are dashed lines indicating the environment of a container lid, and those dashed lines form no part of the claimed design; and, FIG. 2 is a perspective view of the container lid, depicted in its environment atop a storage container lined in dash-dash. The claimed design is the lid with the trim atop and around its circular rim. Dashed lined areas on the lid indicate a typical central portion of a container lid. Dashed lined areas below the lid indicate a typical container. The dashed lined areas form no part of the claimed design.
