A portion of the disclosure of this patent document contains material to which a claim for copyright is made. The copyright owner has no objection to the facsimile reproduction by anyone of the patent document or the patent disclosure, as it appears in the Patent and Trademark Office patent file or records, but reserves all other copyrights whatsoever.

The FIGURE illustrates a front view of a display screen with a graphical user interface.

The broken line of the display screen and the broken line showing of certain text and images in the drawing are for illustrative purposes only and form no part of the claimed design.

See application file for complete search history.
