(57) **CLAIM**

The ornamental design for a face guard, as shown and described.

DESCRIPTION

FIG. 1 is an upper perspective view of a face guard showing our new design in a used condition with goggles shown in broken lines.

FIG. 2 is a second upper perspective view of a face guard of FIG. 1 without goggles;

FIG. 3 is a front elevational view thereof;

FIG. 4 is a left side elevational view thereof, the right side elevational view being a mirror image thereof;

FIG. 5 is a rear elevational view thereof;

FIG. 6 is a top plan view thereof; and,

FIG. 7 is a bottom plan view thereof.

The broken lines shown in FIG. 1 represent a goggle system typically worn with the face guard, a fastener, mounting holes, and a rearward portion of the face guard, none of which form part of the claimed design. The broken lines shown in FIGS. 2-7 represent mounting pegs, mounting holes, and a rearward portion of the face guard none of which form part of the claimed design.

1 Claim, 5 Drawing Sheets
