FIG. 1 is a front view of a first image in the sequence of a computing-device display with a transitional graphical user interface;

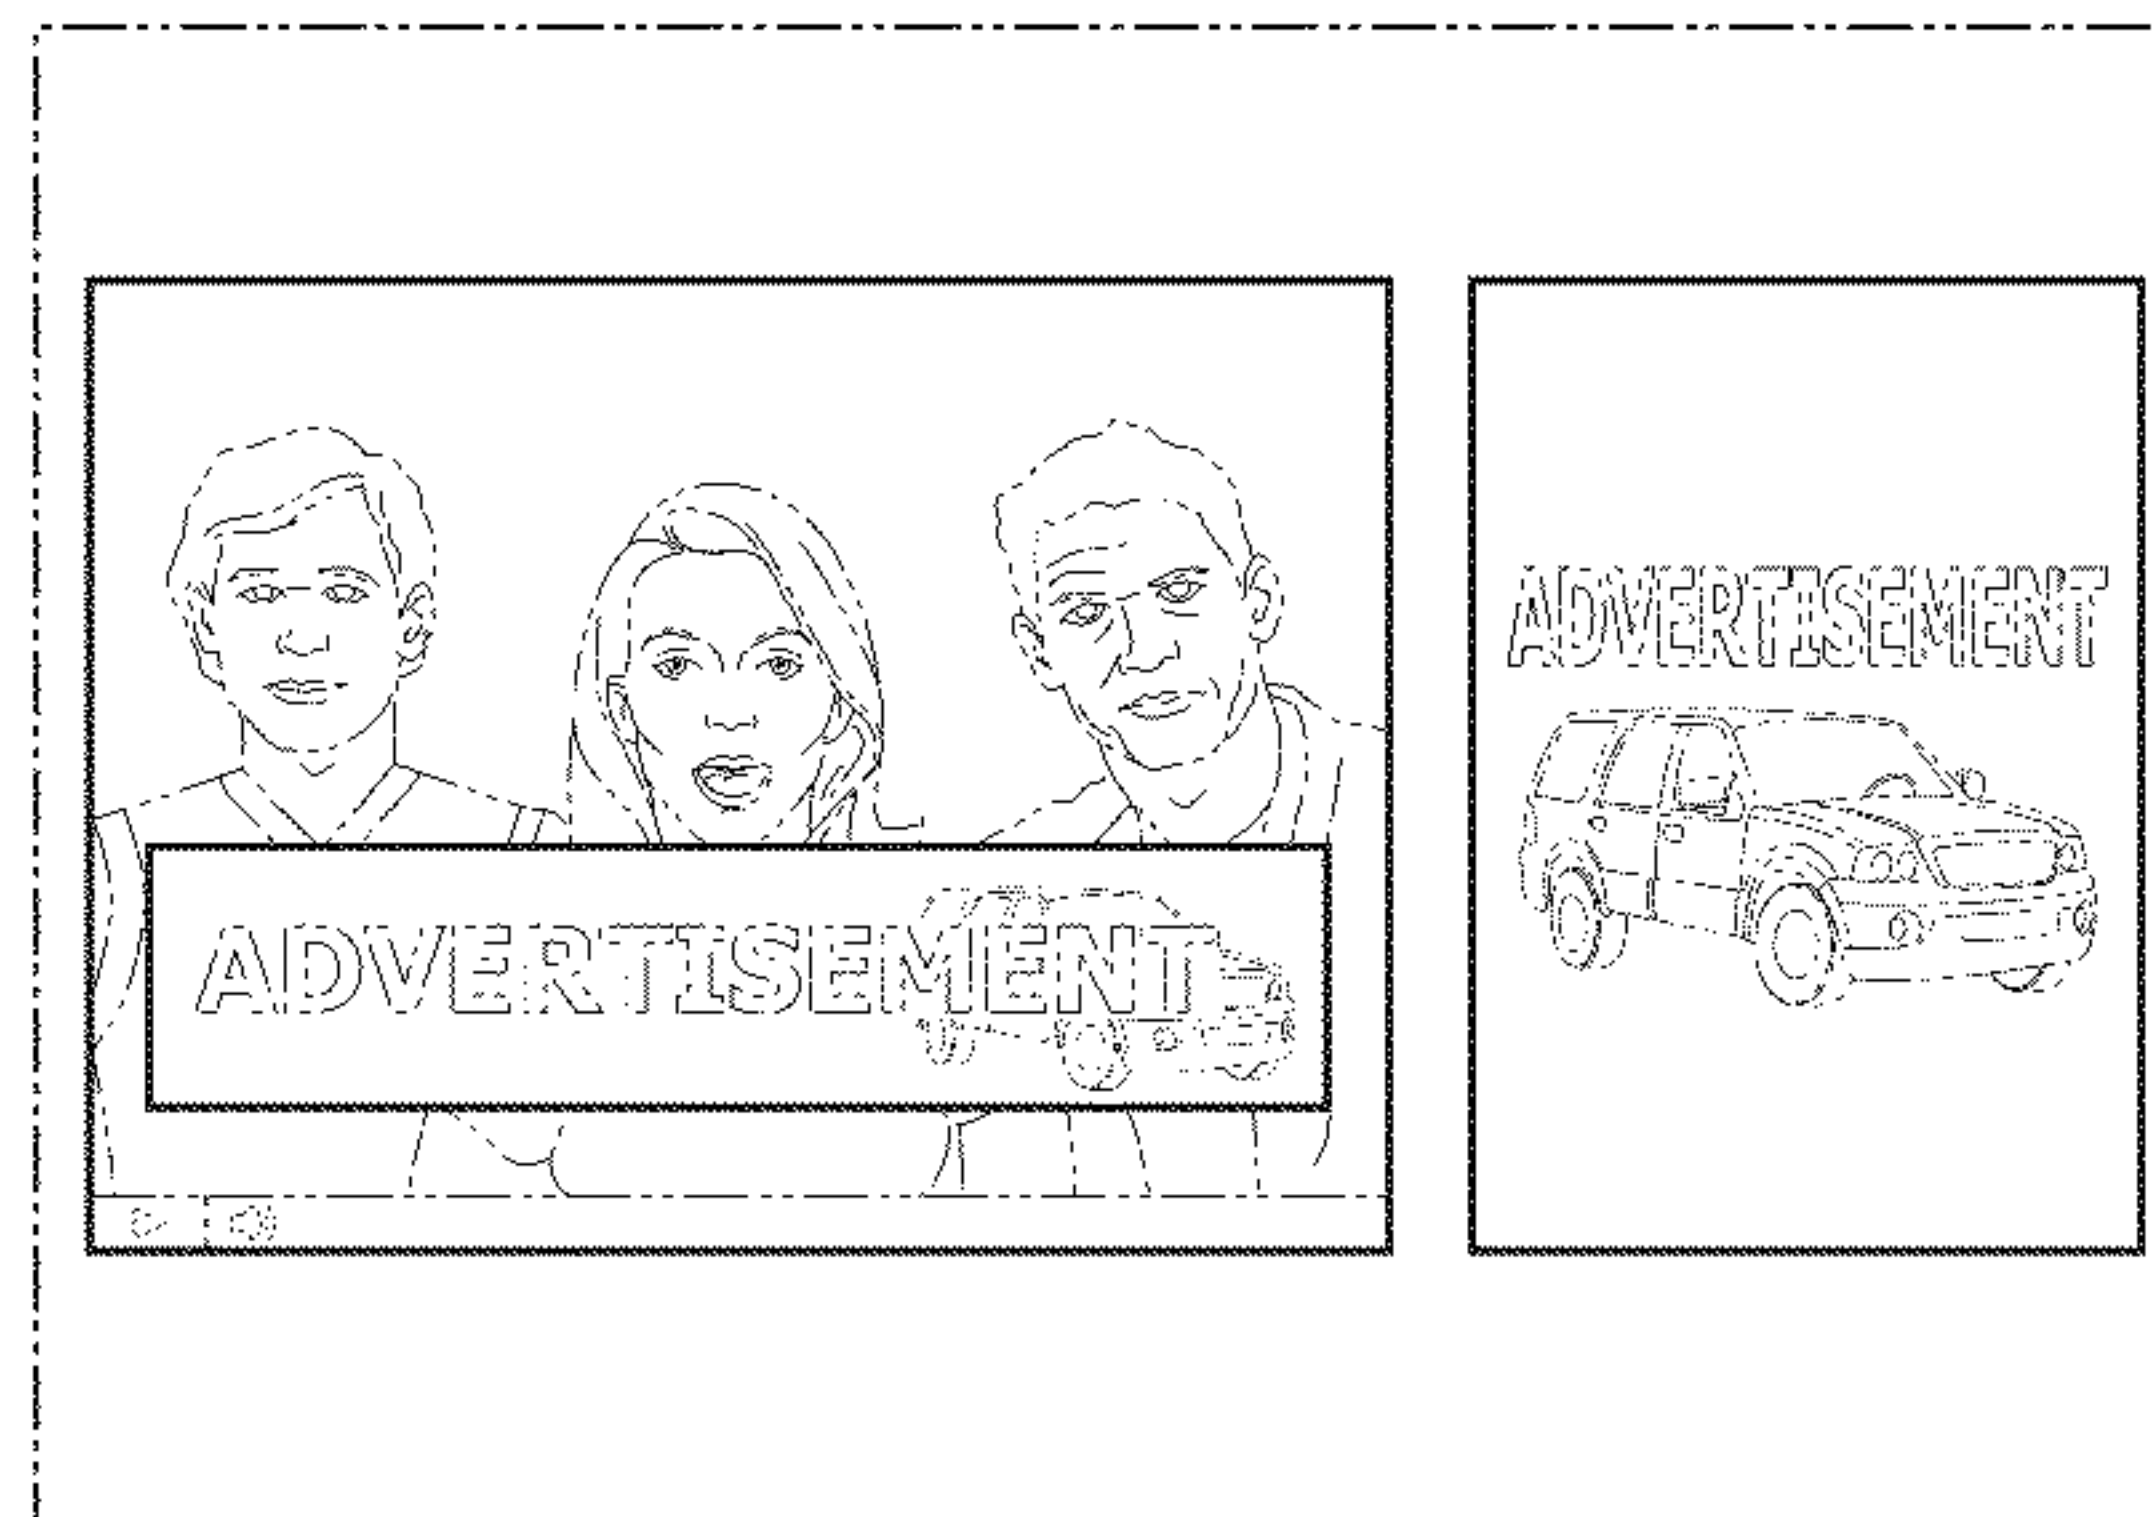

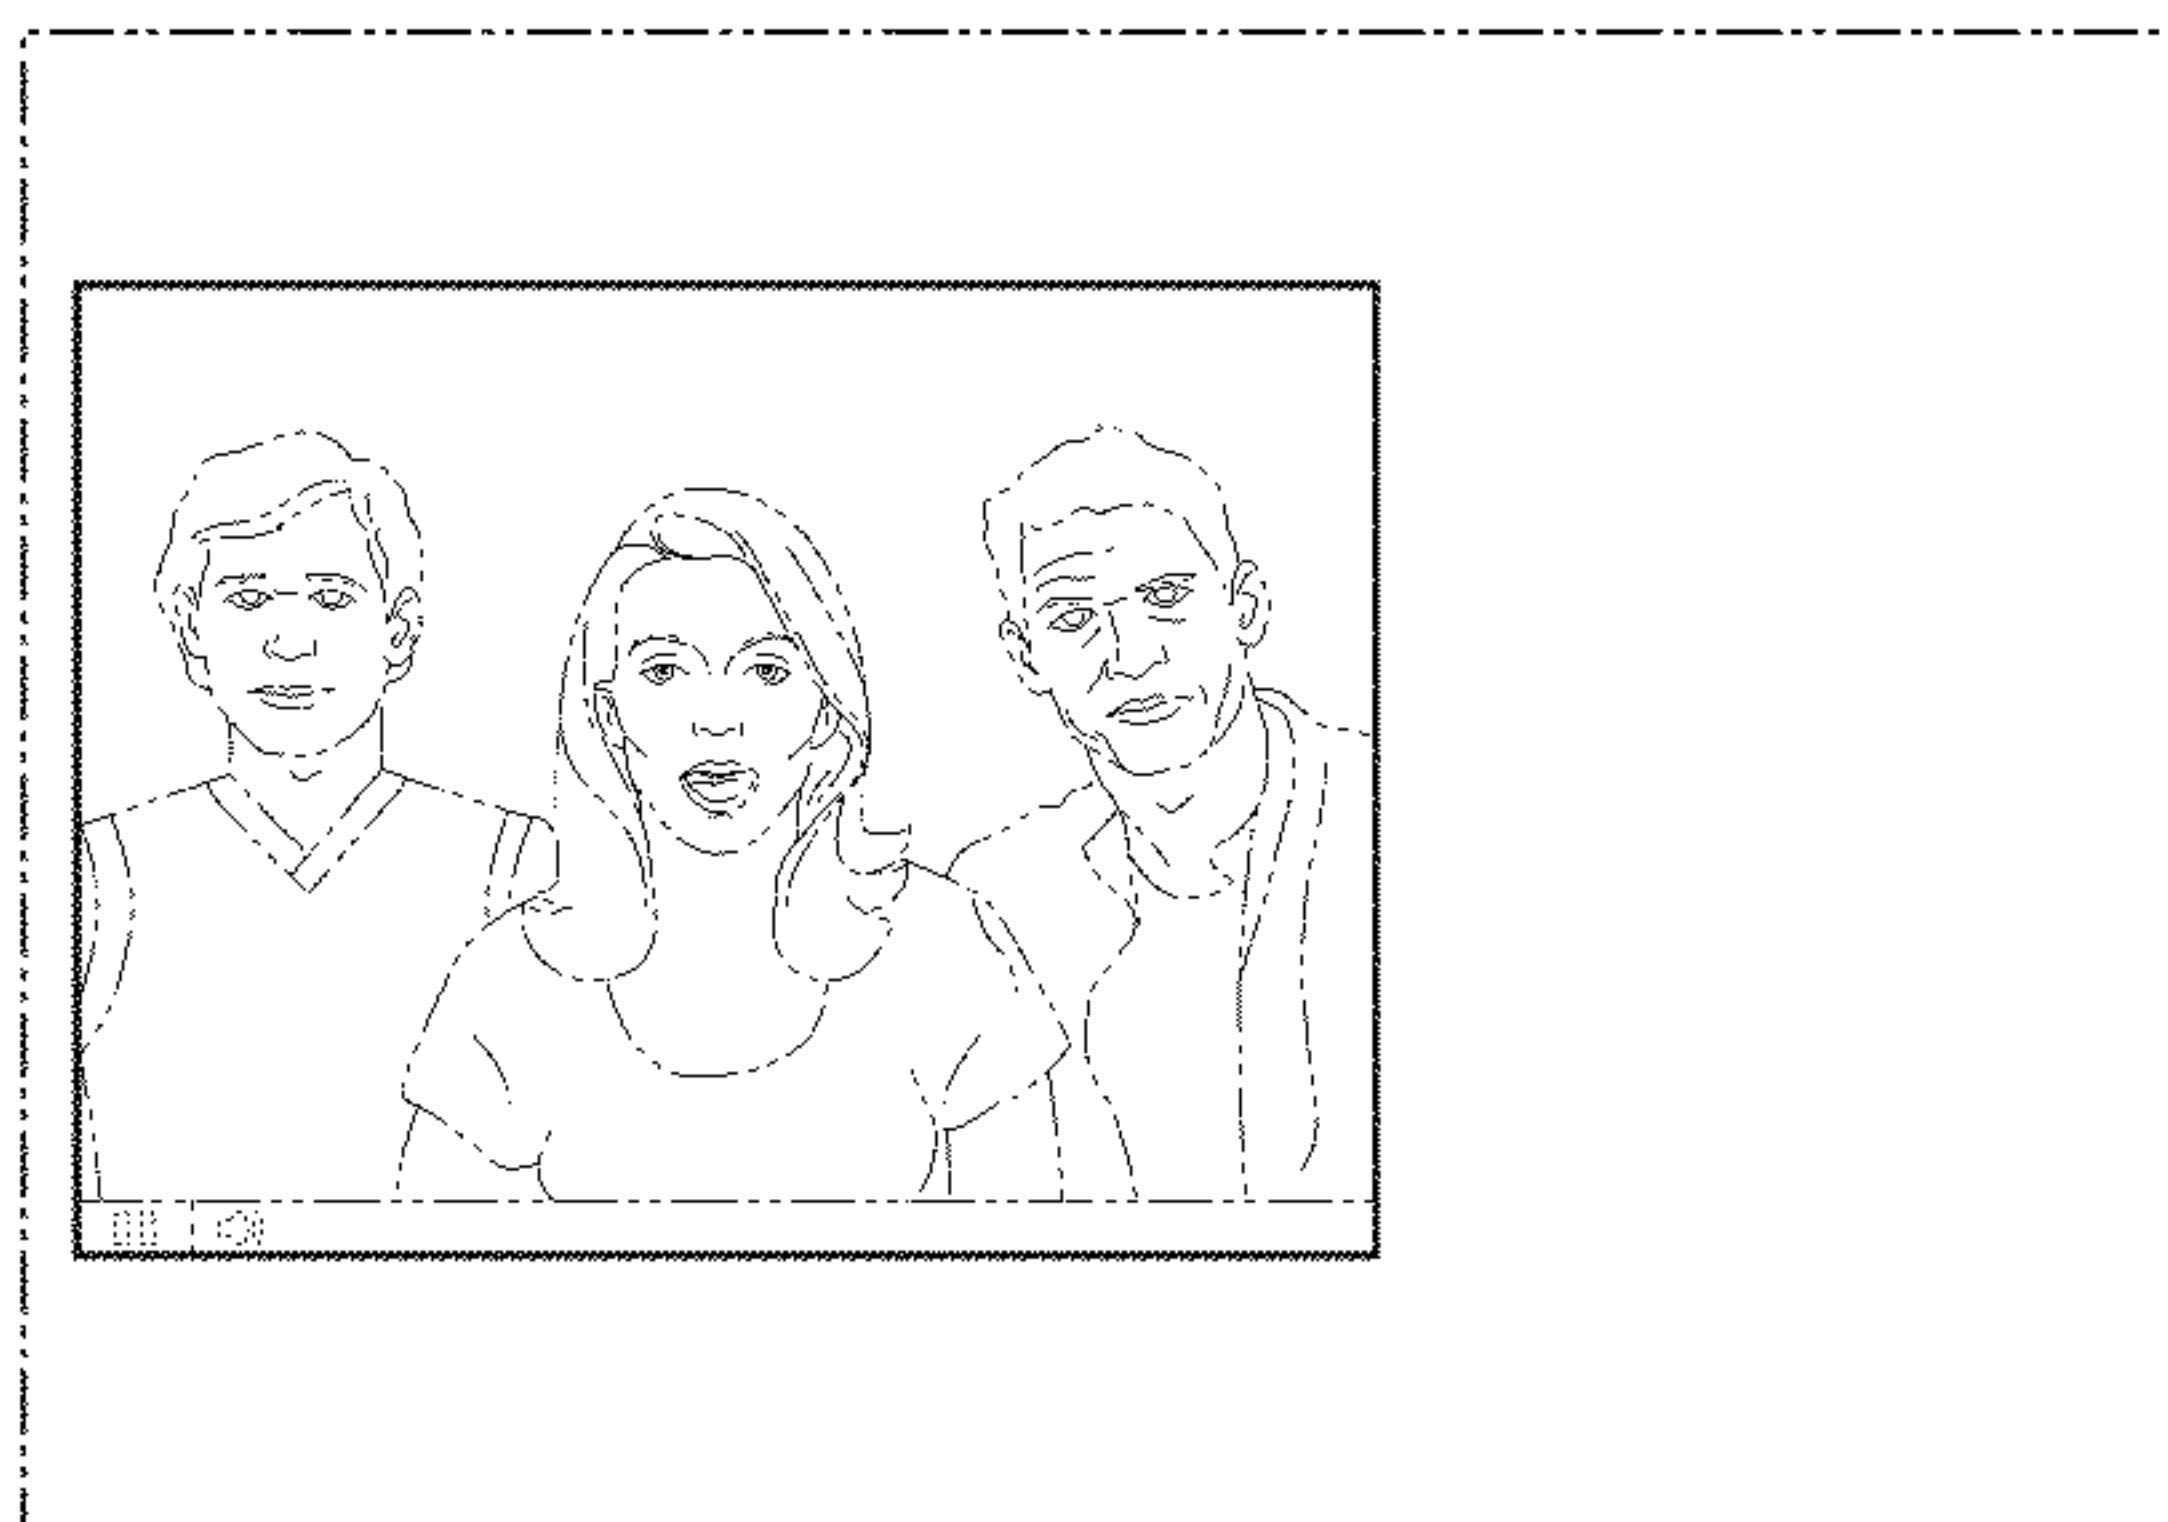

FIG. 2 is front view of a second image thereof; and,

FIG. 3 is front view of a third image thereof.

The broken line showings of the computing-device display, text, symbols, and images are for the purpose of illustrating environmental structure and form no part of the claimed design.

The appearance of the image transitions sequentially between the images shown in FIGS. 1-3. The process or period in which one image transitions to another image forms no part of the claimed design.
