(57) **CLAIM**

I claim the ornamental design for a portable electronic device, as shown and described.

DESCRIPTION

FIG. 1 is a front/right-side/top perspective view of a portable electronic device showing my new design; FIG. 2 is a front-side elevational view thereof; FIG. 3 is a rear-side elevational view thereof; FIG. 4 is a left-side elevational view thereof; FIG. 5 is a right-side elevational view thereof; FIG. 6 is a top-side elevational view thereof; FIG. 7 is a bottom-side elevational view thereof; and FIG. 8 is an additional rear-side elevational view thereof with an added dot-dash line to indicate the enlarged portion of FIG. 9; and, FIG. 9 is a rear-side elevational view thereof showing the portion defined by a dot-dash line in FIG. 8 enlarged for greater clarity.

The outermost evenly broken lines of each of the three features on the rear, the home button, and the side buttons, which are immediately adjacent to the claimed surfaces, represent the bounds of the claim. All other evenly broken lines show non-claimed portions of the portable electronic device. The broken lines utilized in the drawing form no part of the claim. The claimed edges around each of the three features at the rear are substantially flat, with no significant thickness or contour.
