(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display screen with graphical user interface showing our new design; FIG. 2 is an alternative embodiment of the display screen with graphical user interface shown in FIG. 1; FIG. 3 is an alternative embodiment of the display screen with graphical user interface shown in FIG. 1; and, FIG. 4 is an alternative embodiment of the display screen with graphical user interface shown in FIG. 1. The broken lines showing the display screen and the remainder of the graphical user interface illustrate environment and form no part of the claimed design.
