(57) **CLAIM**

The ornamental design for a display screen or a portion thereof with graphical user interface, as shown and described.

DESCRIPTION

The patent or application file contains at least one drawing executed in color. Copies of this patent or patent application publication with color drawing(s) will be provided by the Office upon request and payment of the necessary fee.

The FIGURE is a front view of a display screen or a portion thereof with graphical user interface showing my new design. The broken line showing of the portion of the display screen is for the purpose of illustrating environmental structure and forms no part of the claimed design.
