(57) **CLAIM**

We claim the ornamental design for a reticle for a riflescope or other projectile-weapon aiming device, as shown and described.

DESCRIPTION

FIG. 1 is a view of a reticle for a riflescope or other projectile-weapon aiming device, as viewed at low magnification through an eyepiece end of a riflescope, according to one embodiment;

FIG. 2 is a view of the reticle of FIG. 1, as viewed at high magnification through an eyepiece end of a riflescope; and, FIG. 3 is an isometric view of an environment of use for the reticle of FIGS. 1 and 2.

The dashed lines in the drawing figures indicate environmental features that form no part of the claimed invention.
