(57) **CLAIM**

I claim the ornamental design for a travel sized compact office camera apparatus with two independently adjustable cameras, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a travel sized compact office camera apparatus with two independently adjustable cameras, shown in a first configuration in which the base is in a standing position;

FIG. 2 is a perspective view of the travel sized compact office camera apparatus with two independently adjustable cameras, shown in a second configuration in which the base is in a folded position;

FIG. 3 is a top plan view of the travel sized compact office camera apparatus with two independently adjustable cameras in which the base is in a standing position;

FIG. 4 is a bottom view of the travel sized compact office camera apparatus with two independently adjustable cameras in which the base is in a standing position;

FIG. 5 is a front view of the travel sized compact office camera apparatus with two independently adjustable cameras, in which the base is in a standing position;

FIG. 6 is a rear view thereof;

FIG. 7 is a left side view thereof; and,

FIG. 8 is right side view thereof.

Broken lines and consistently, unshaded portions contained within broken lines are not claimed.

1 Claim, 6 Drawing Sheets
