(57) **CLAIM**

We claim the ornamental design for interactive medical device booklet, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of an interactive medical device booklet showing our new design. FIG. 2 is a top plan view of the interactive medical device booklet depicted in FIG. 1, the opposite side being a mirror image thereof. FIG. 3 is a left side elevational view of the interactive medical device booklet depicted in FIG. 1, the opposite side being a mirror image thereof; and, FIG. 4 is a rear elevational view of the interactive medical device booklet depicted in FIG. 1. Items shown in broken lines are for illustrative purposes only and form no part of the claimed invention.
