(57) **CLAIM**

I claim the ornamental design for a basketball rim accessory for improving shooting skills, as shown and described.

DESCRIPTION

FIG. 1 is a front, top and side perspective view of the basketball rim accessory for improving shooting skills embodying my new design, shown in combination with a basketball rim, backboard and basketball, and in the use condition, with a setting and removing tool being shown in dotted lines.

FIG. 2 is an enlarged scale front top and side perspective view showing the basketball rim accessory in FIG. 1 without the associated dotted line structures

FIG. 3 is a top plan view thereof.

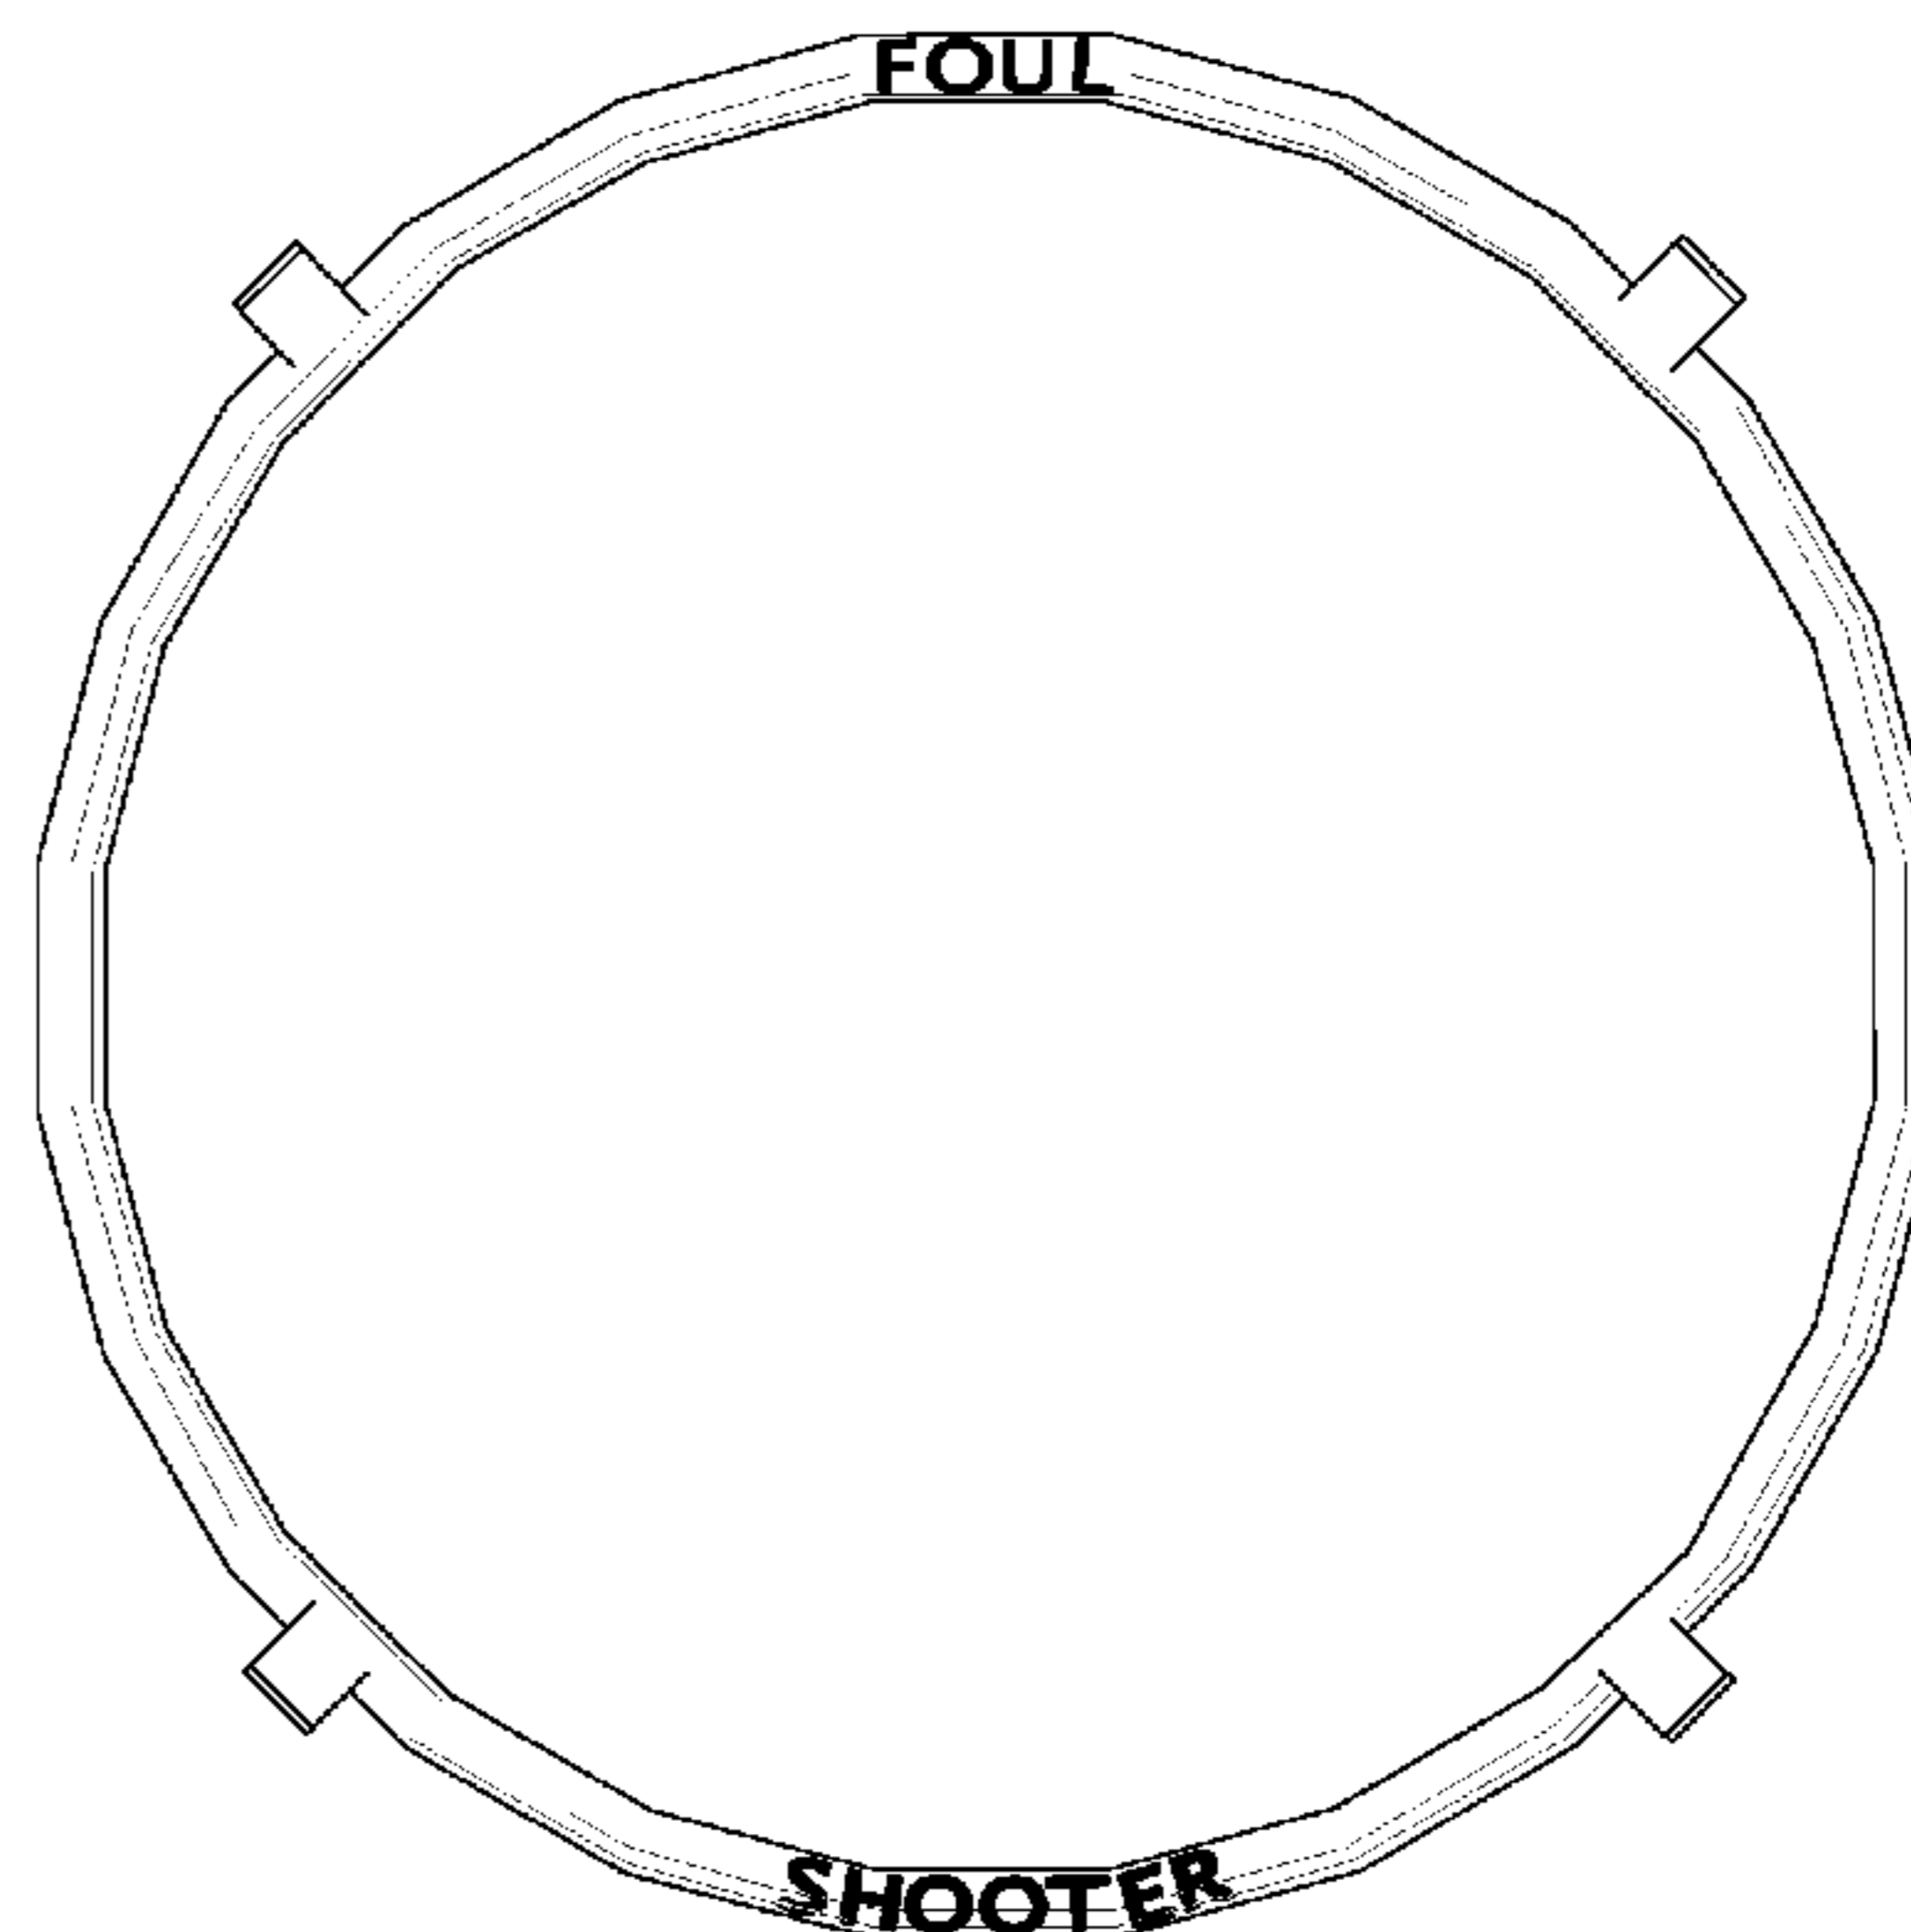

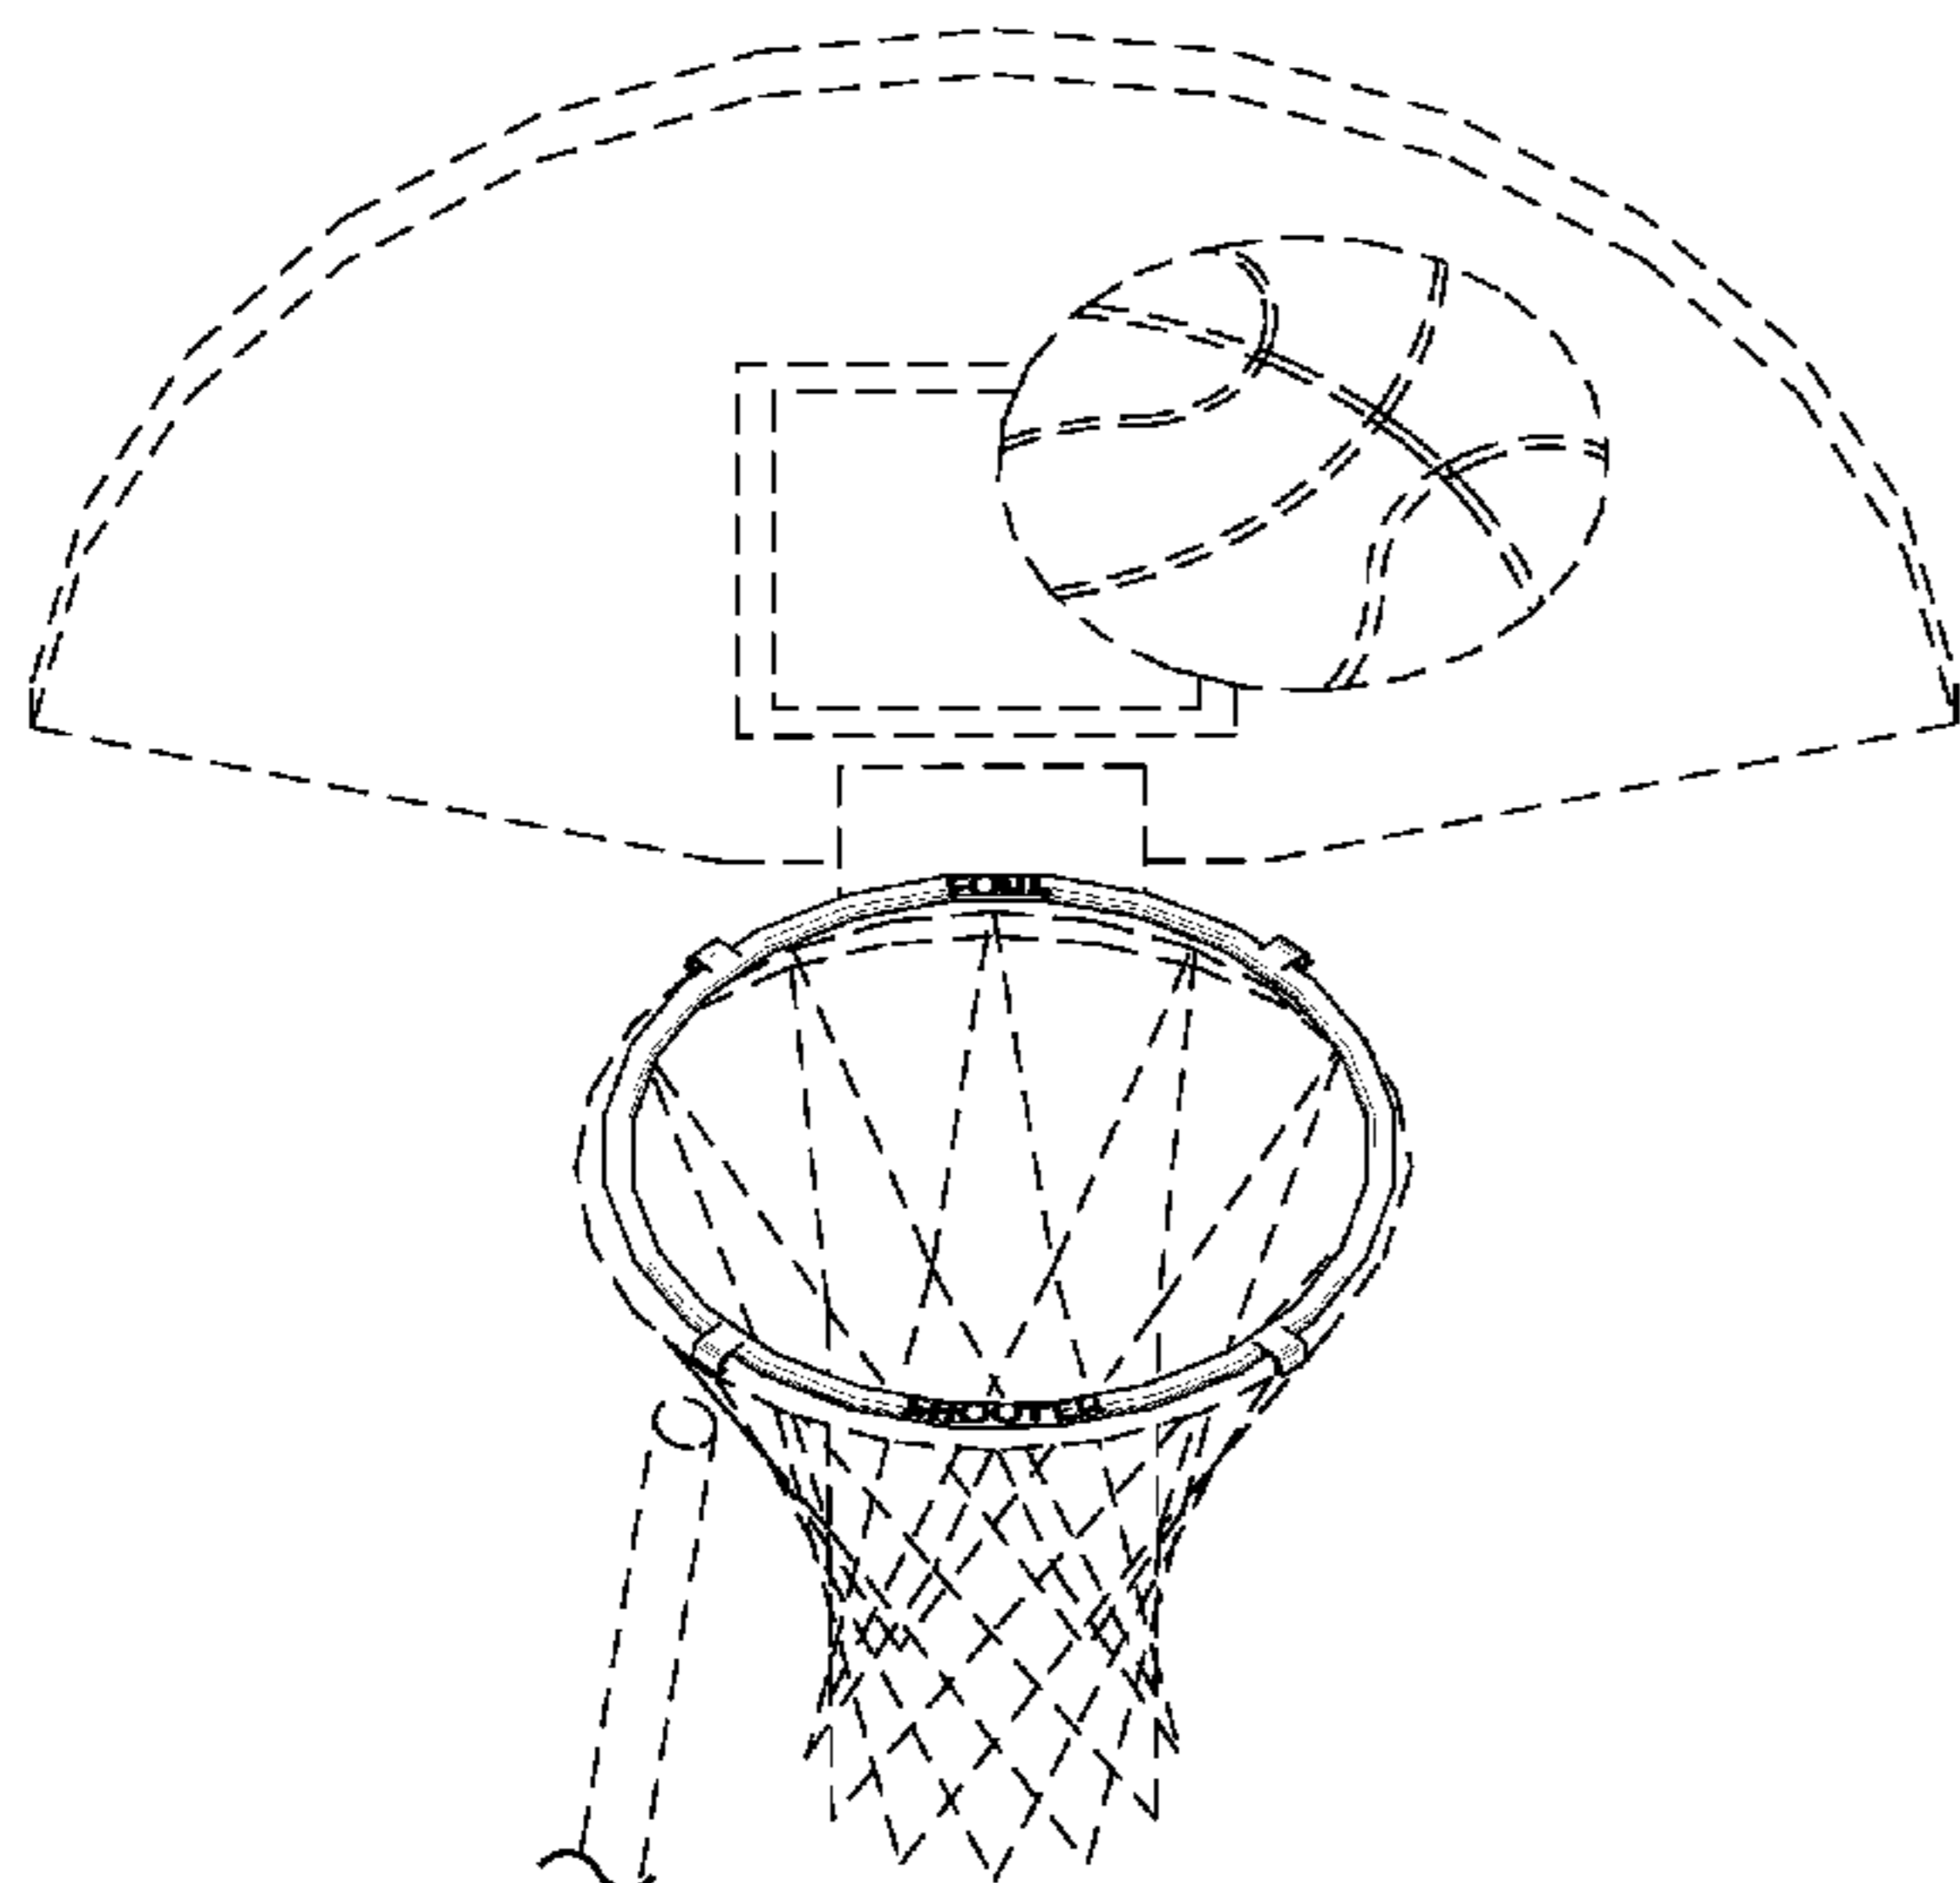

FIG. 4 is a bottom view thereof.

FIG. 5 is a front elevational view thereof, the rear elevational view being identical to the front elevational view shown in FIG. 5; and,

FIG. 6 is an elevational view rotated 45° from FIG. 5, the opposing elevation view being identical thereto, except for the indicia portions showing.

The broken lines showing the basketball rim, net, backboard, basketball and removing tool are for illustrative purposes only; and form no part of the claimed design.
