(57) **CLAIM**

We claim the ornamental design for a peripherally inserted central catheter, as shown and described.

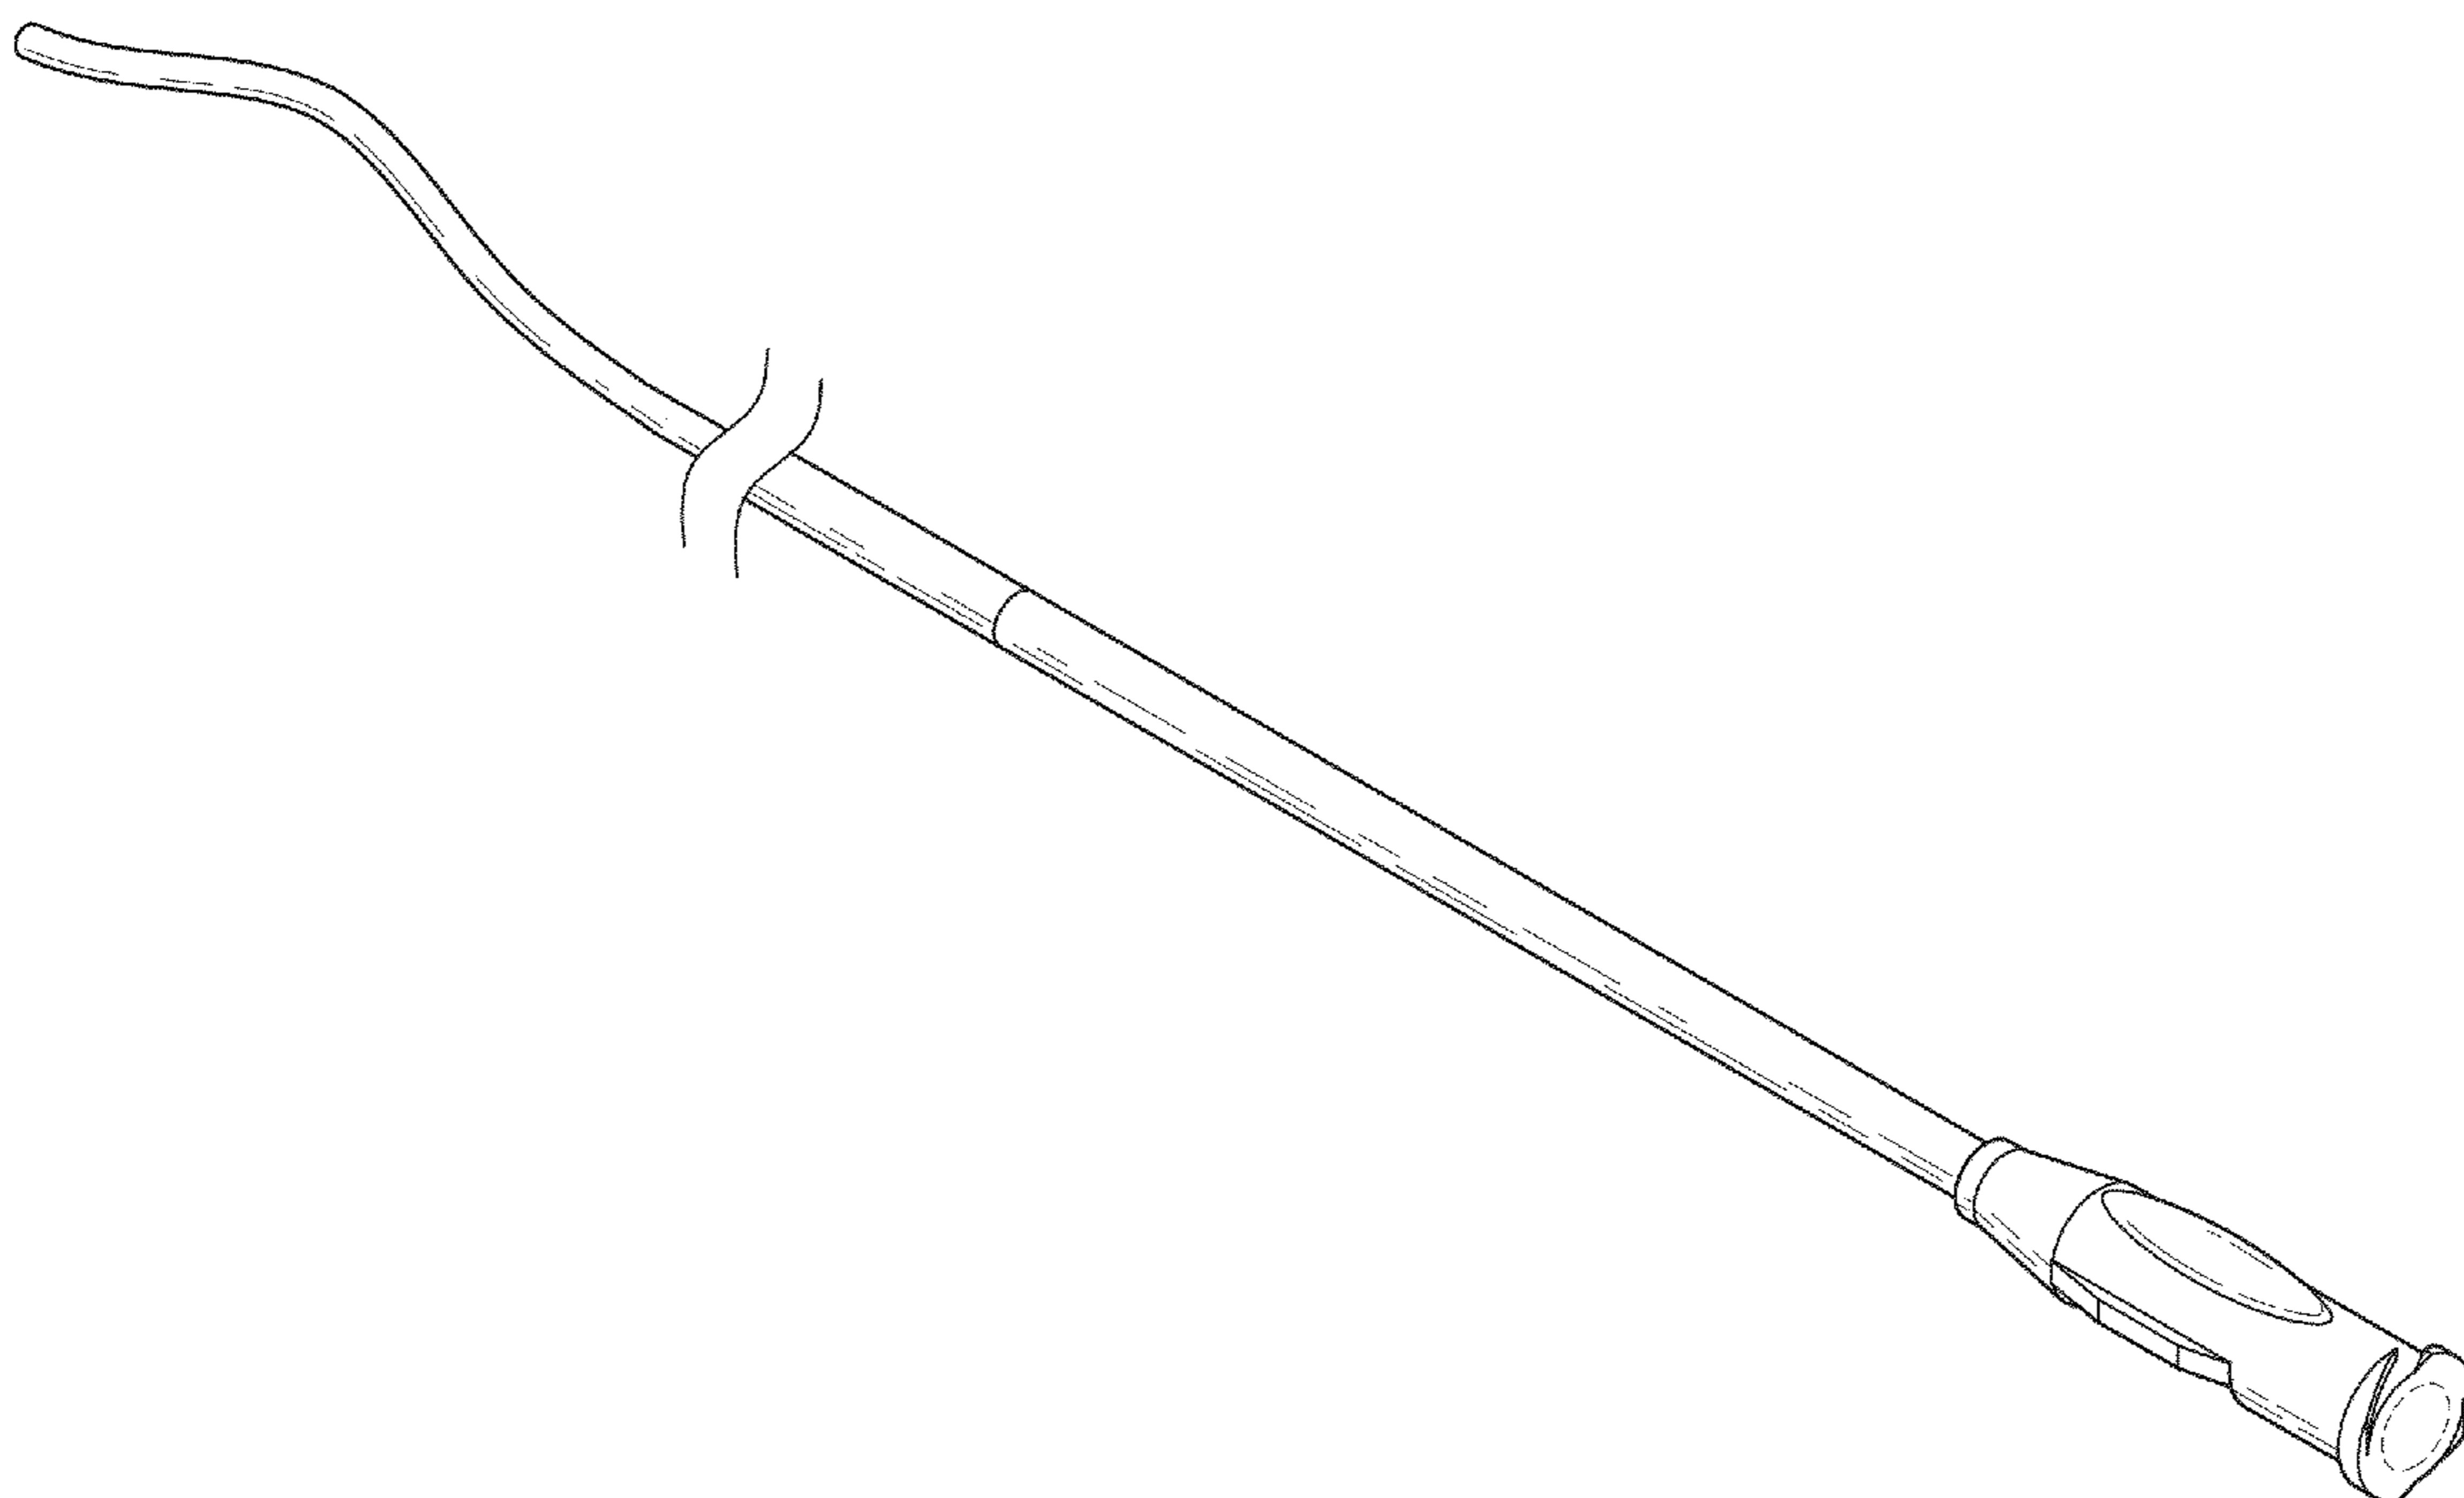

DESCRIPTION

FIG. 1 is a perspective view of a peripherally inserted central catheter showing our new design;
FIG. 2 is an enlarged front view thereof;
FIG. 3 is an enlarged rear view thereof;
FIG. 4 is a left side view thereof;
FIG. 5 is a right side view thereof;
FIG. 6 is a top plan view thereof;
FIG. 7 is a bottom plan view thereof; and,
FIG. 8 is a perspective view showing the peripherally inserted central catheter in use.

The broken lines are included for the purpose of illustrating portions of the peripherally inserted central catheter that forms no part of the claimed design.

The claimed design is broken in two to indicate that no particular length is claimed.
