(57) **CLAIM**
The ornamental design for a dry mobile device case, as shown and described.

DESCRIPTION

FIG. 1 is a front view of the dry mobile device case in the closed position;
 FIG. 2 is a rear view of the dry mobile device case in the closed position;
 FIG. 3 is a top view of the dry mobile device case in the closed position;
 FIG. 4 is a bottom view of the dry mobile device case in the closed position;
 FIG. 5 is a left view of the dry mobile device case in the closed position;
 FIG. 6 is a right view of the dry mobile device case in the closed position;
 FIG. 7 is a front view of the dry mobile device case in the closed position with the latch unclaspd;
 FIG. 8 is a left view of the dry mobile device case in the closed position with the latch unclaspd;
 FIG. 9 is an external view of the dry mobile device case in the open position with the latch unclaspd;
 FIG. 10 is an internal view of the dry mobile device case in the open position with the latch unclaspd;
 FIG. 11 is a left view of the dry mobile device case in the open position with the latch unclaspd;
 FIG. 12 is a right view of the dry mobile device case in the open position with the latch unclaspd; and,
 FIG. 13 is an internal view of the dry mobile device case in the open position with the latch unclaspd and containing the mobile device.

The broken lines in the drawings represent unclaimed environmental subject matter.
