(57) **CLAIM**

The ornamental design for an auto-attendant self-service terminal, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of an auto-attendant self-service terminal showing our new design, with portions of the auto-attendant self-service terminal being shown in phantom as environmental structure;

FIG. 2 is a top view thereof;

FIG. 3 is a front view thereof; and,

FIG. 4 is a right side view thereof, the left side view being a mirror image of the right side view.

Broken lines show environmental structure that forms no part of the claimed invention. The bottom and rear views only show environmental structure and thus are not provided.
