(57) **CLAIM**

The ornamental design for a jewelry carousel, as shown and
described.

DESCRIPTION

FIG. 1 is a perspective top view of a first embodiment of a
jewelry carousel embodying my design, the bar hanging
structure shown in dotted line forming no part of the present
invention;

FIG. 2 is a perspective bottom view of the first embodiment,
the bar hanging structure shown in dotted line forming no part
of the present invention;

FIG. 3 is a right side view of the first embodiment, the left side
view being an identical mirror image of the right side view,
the bar hanging structure shown in dotted line forming no part
of the present invention;

FIG. 4 is a back view of the first embodiment, the bar hanging
structure shown in dotted line forming no part of the present
invention;

FIG. 5 is a front view of the first embodiment, the bar hanging
structure shown in dotted line forming no part of the present
invention;

FIG. 6 is a top view of the first embodiment, the bar hanging
structure shown in dotted line forming no part of the present
invention; and,

FIG. 7 is a bottom view of the first embodiment.
