Stuart J. West; Shaun Sluman(57) **CLAIM**

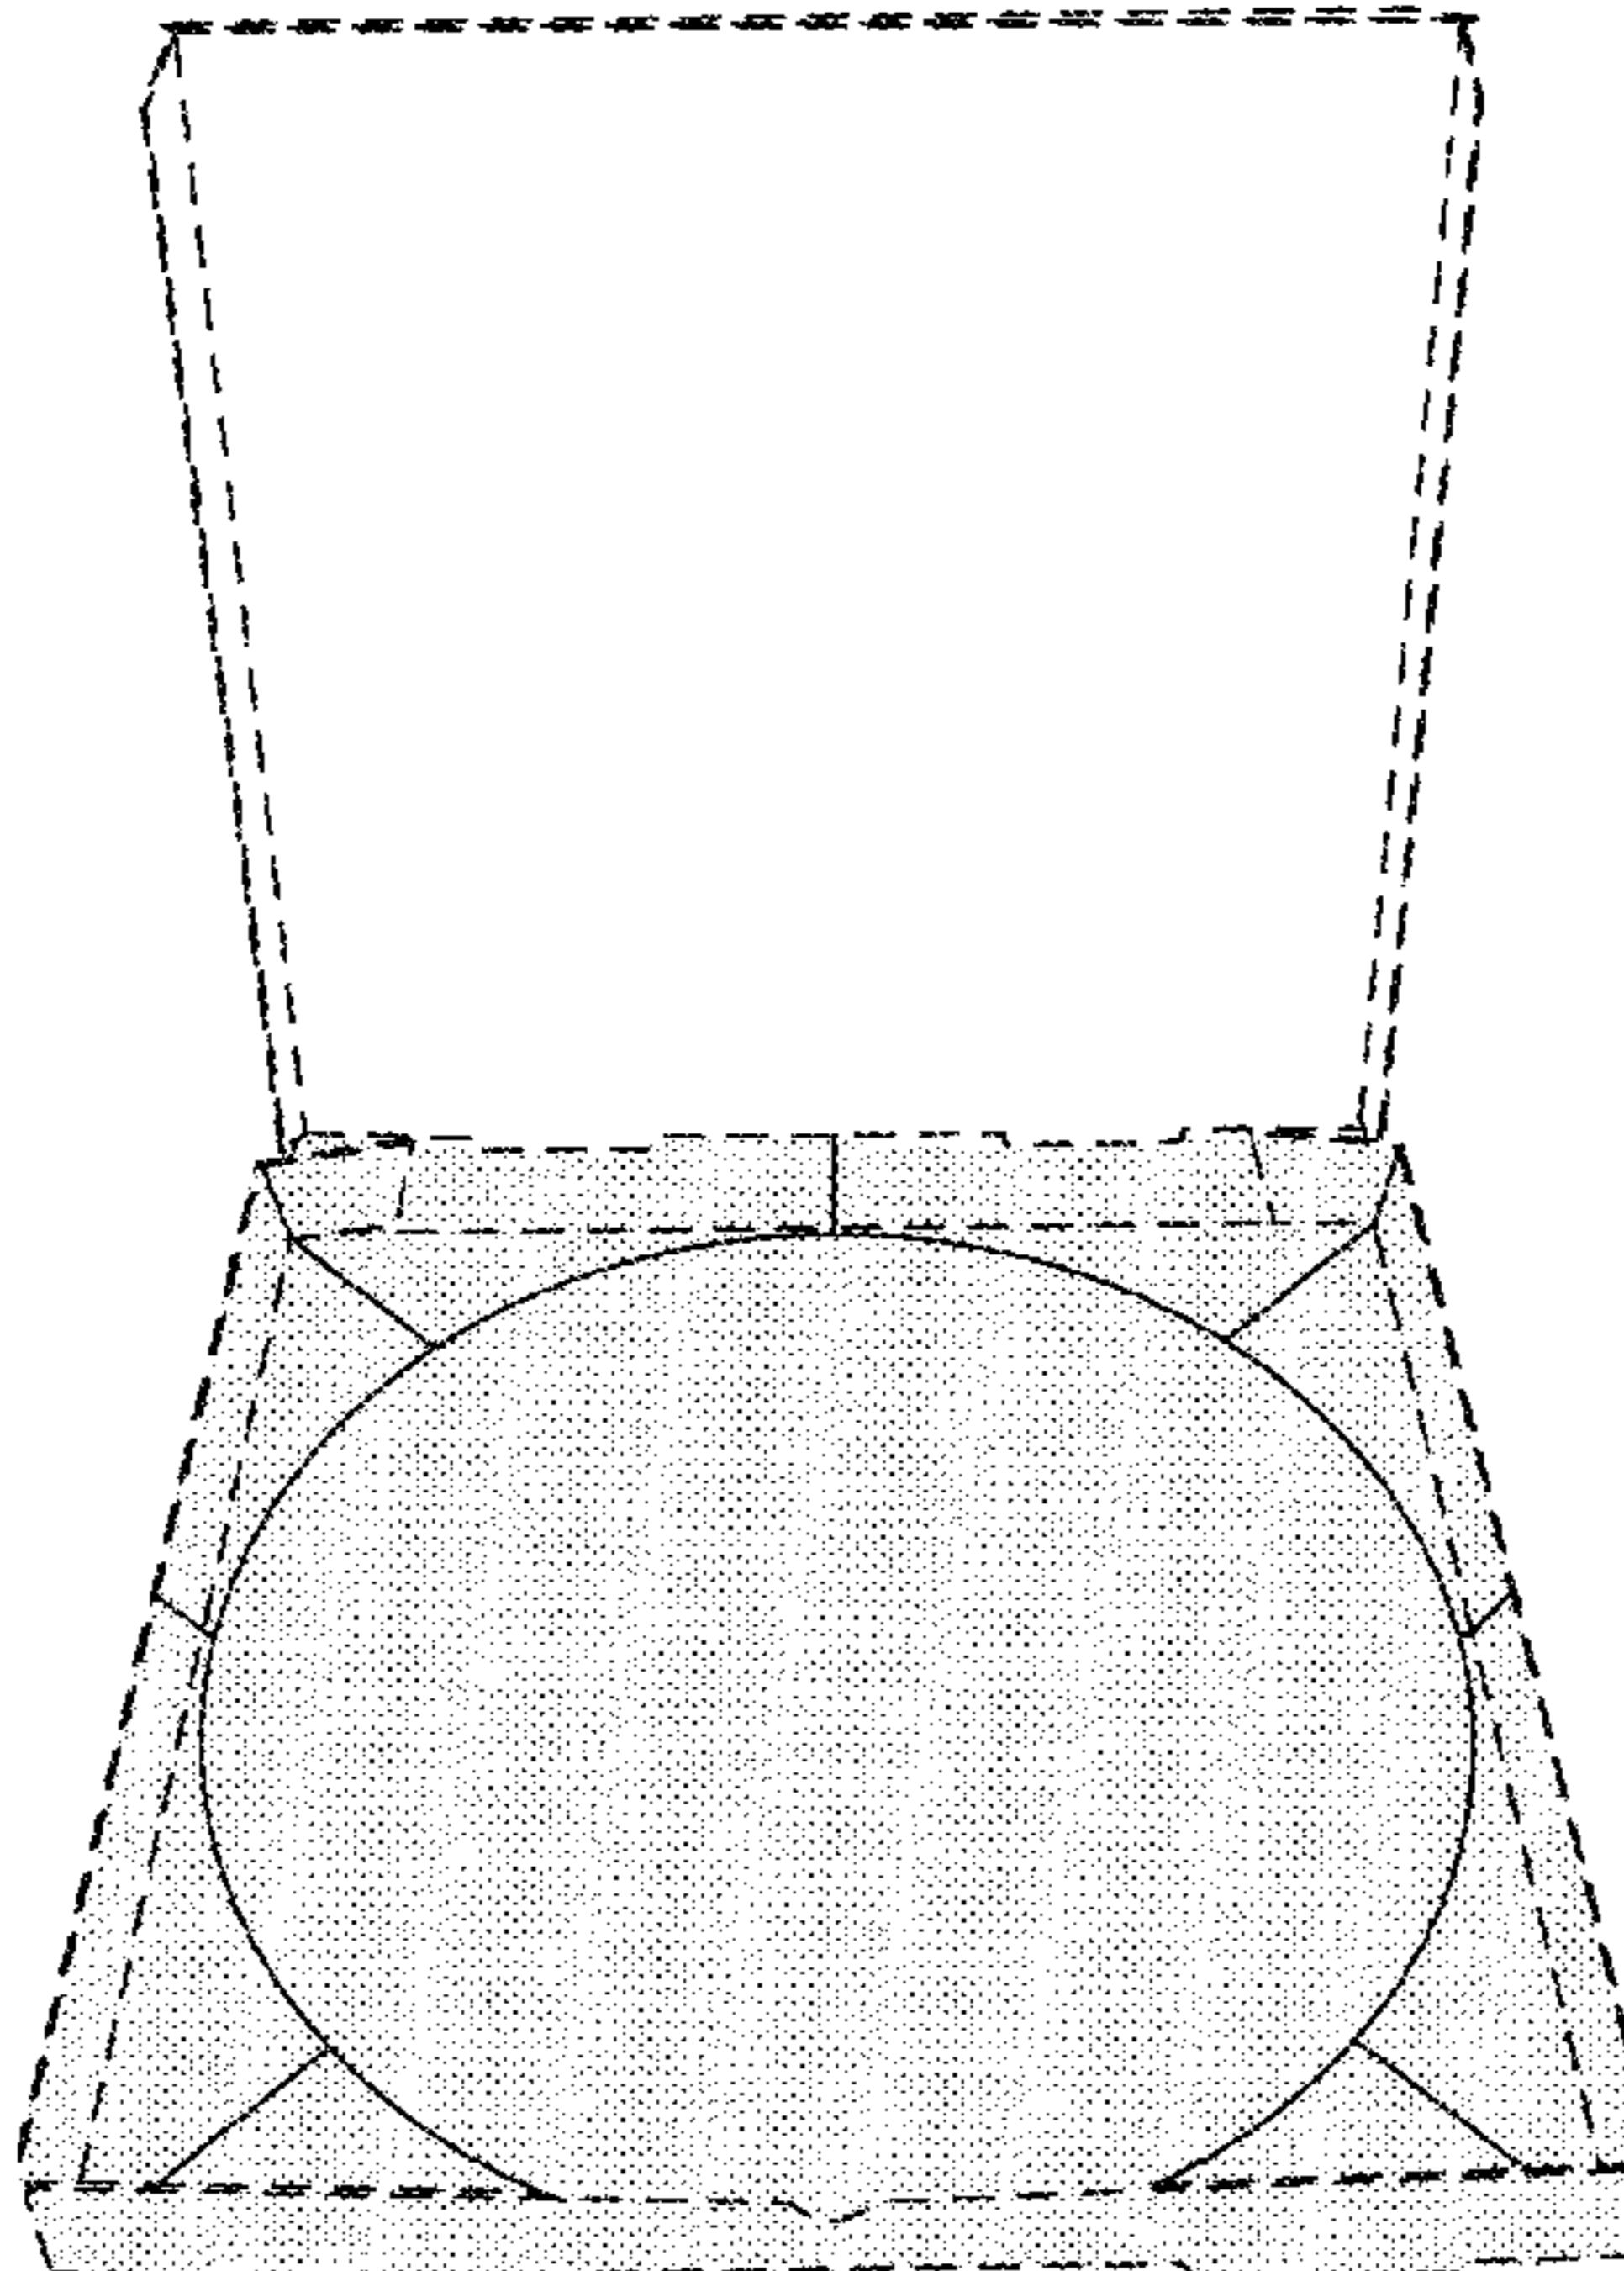

The ornamental design for a container with interior cutting guides, as shown and described.

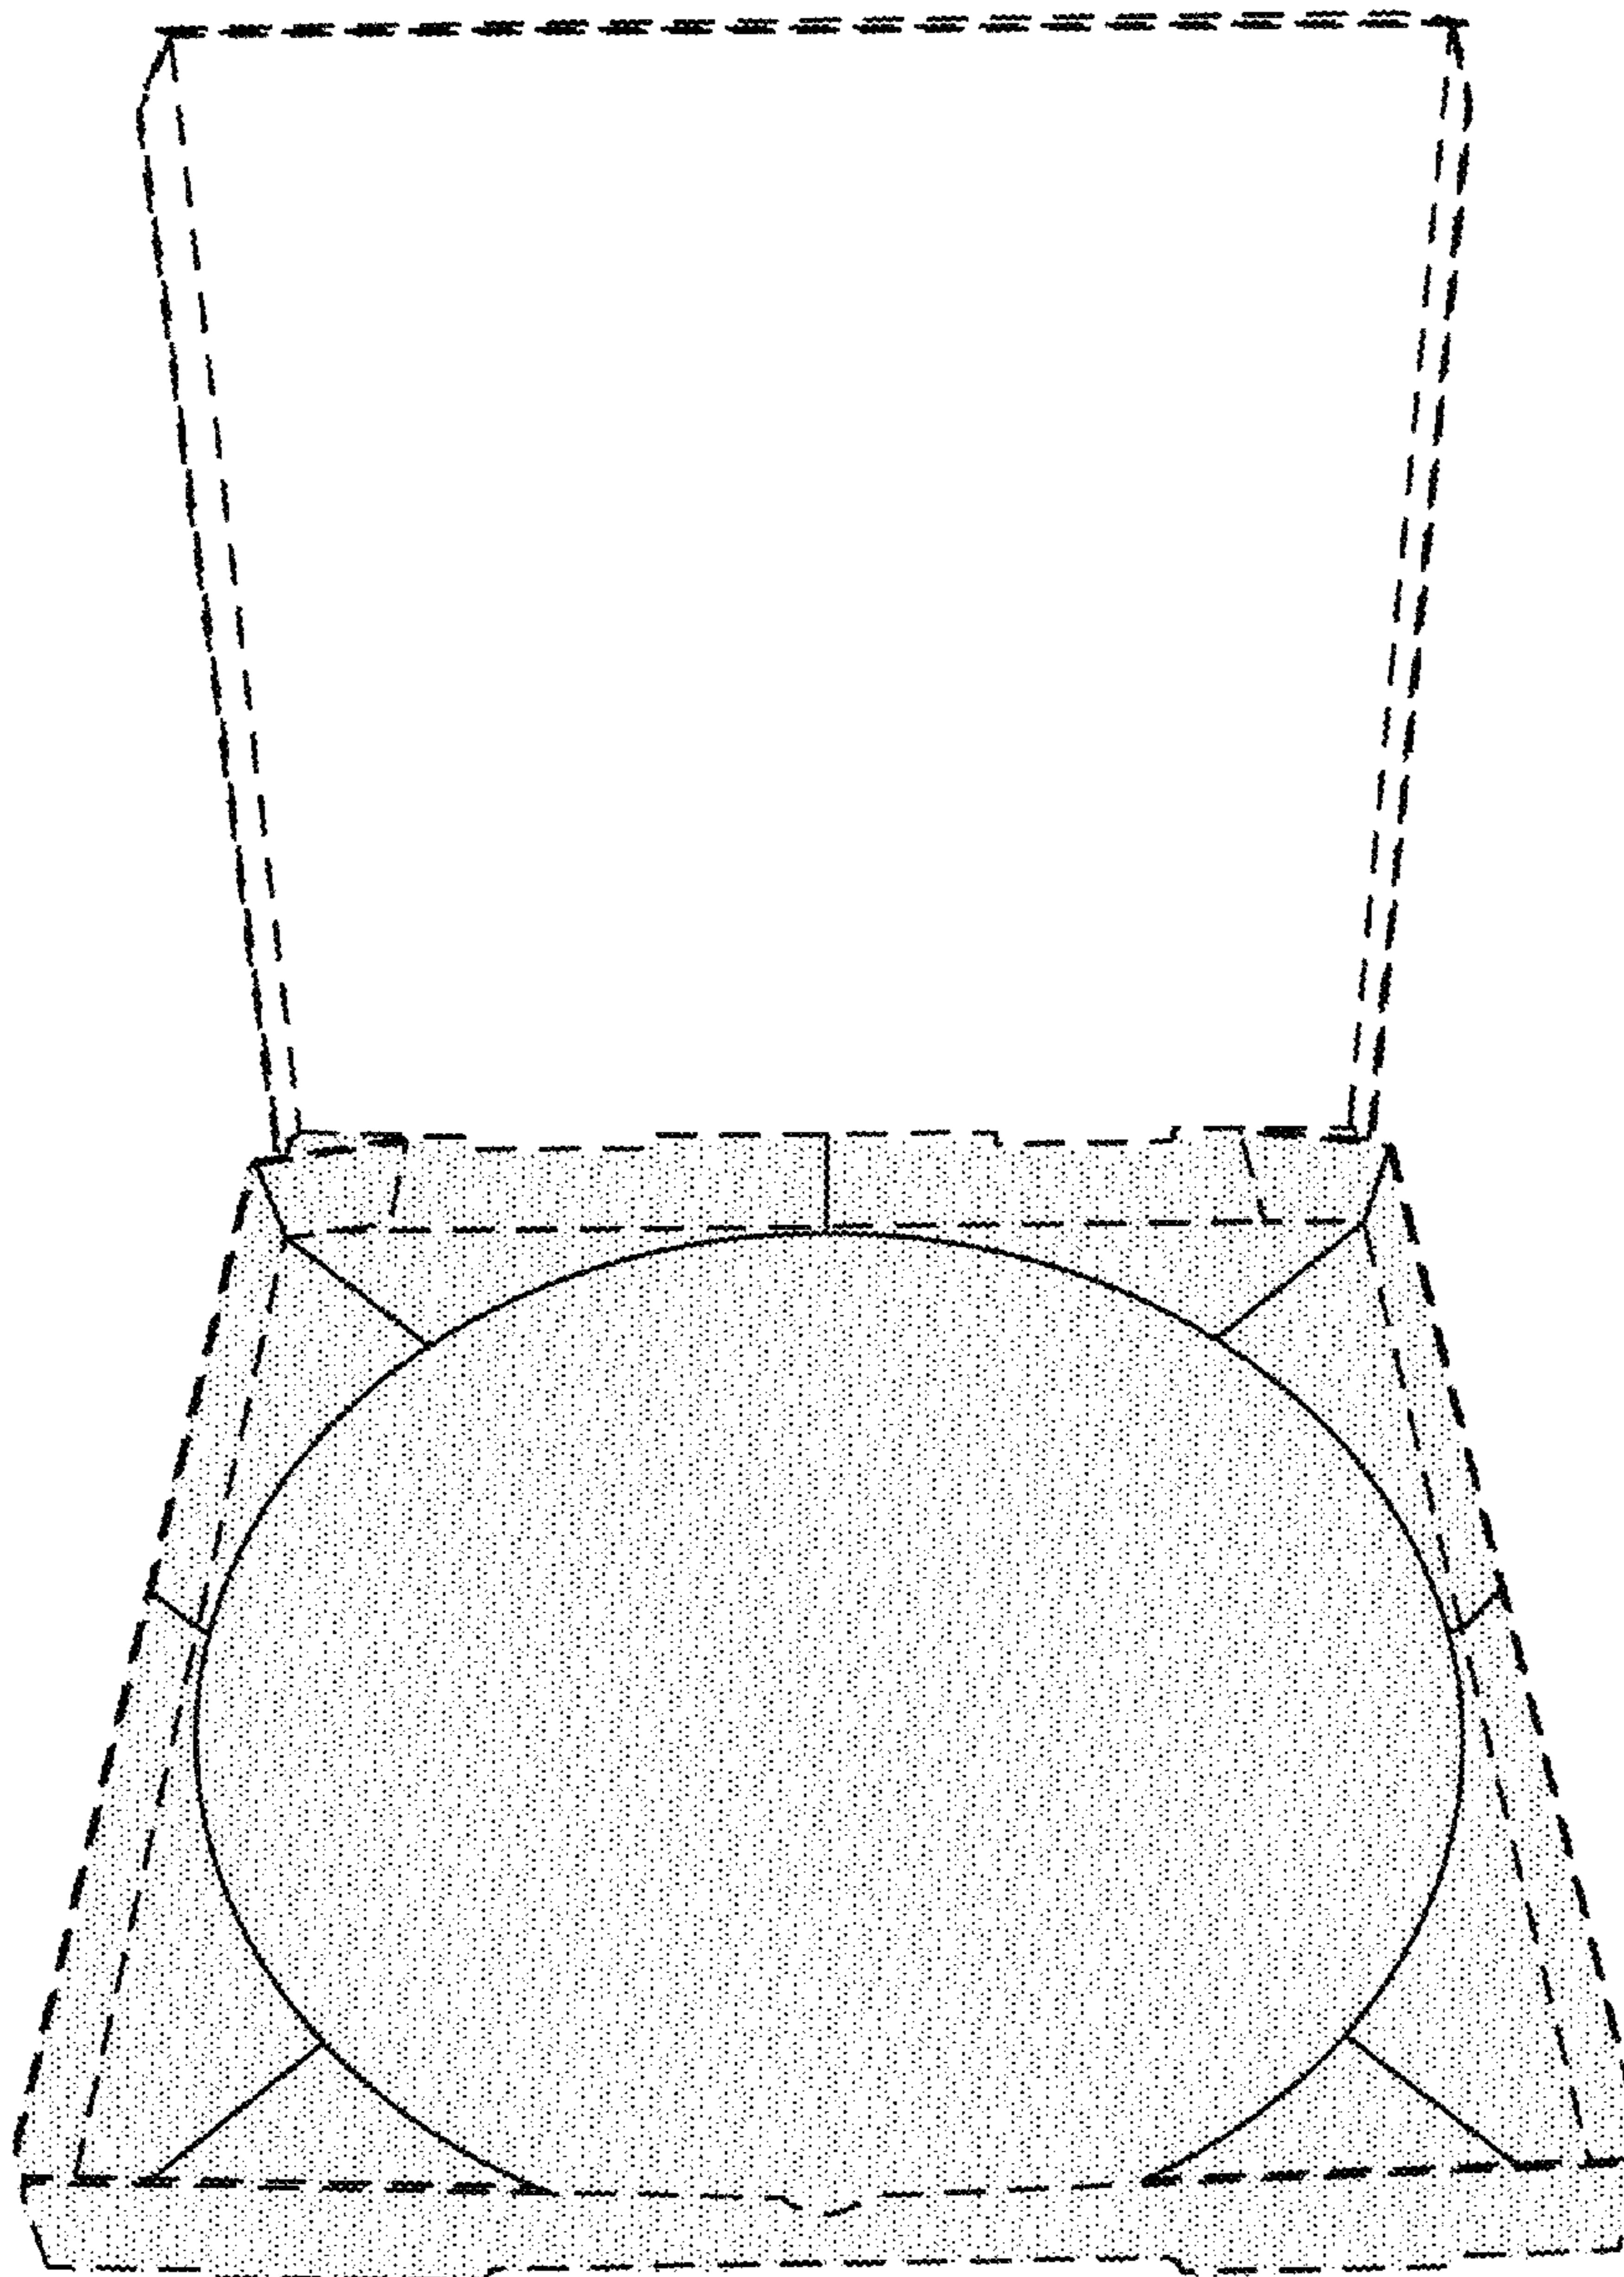

**DESCRIPTION**

FIG. 1 depicts a front view of the container with interior cutting guides. The broken lines form no part of the design and depict environmental subject matter. Stippling indicates the relative surfaces and boundaries of the claimed design. The claimed subject matter extends to the boundary but does not include the boundary.

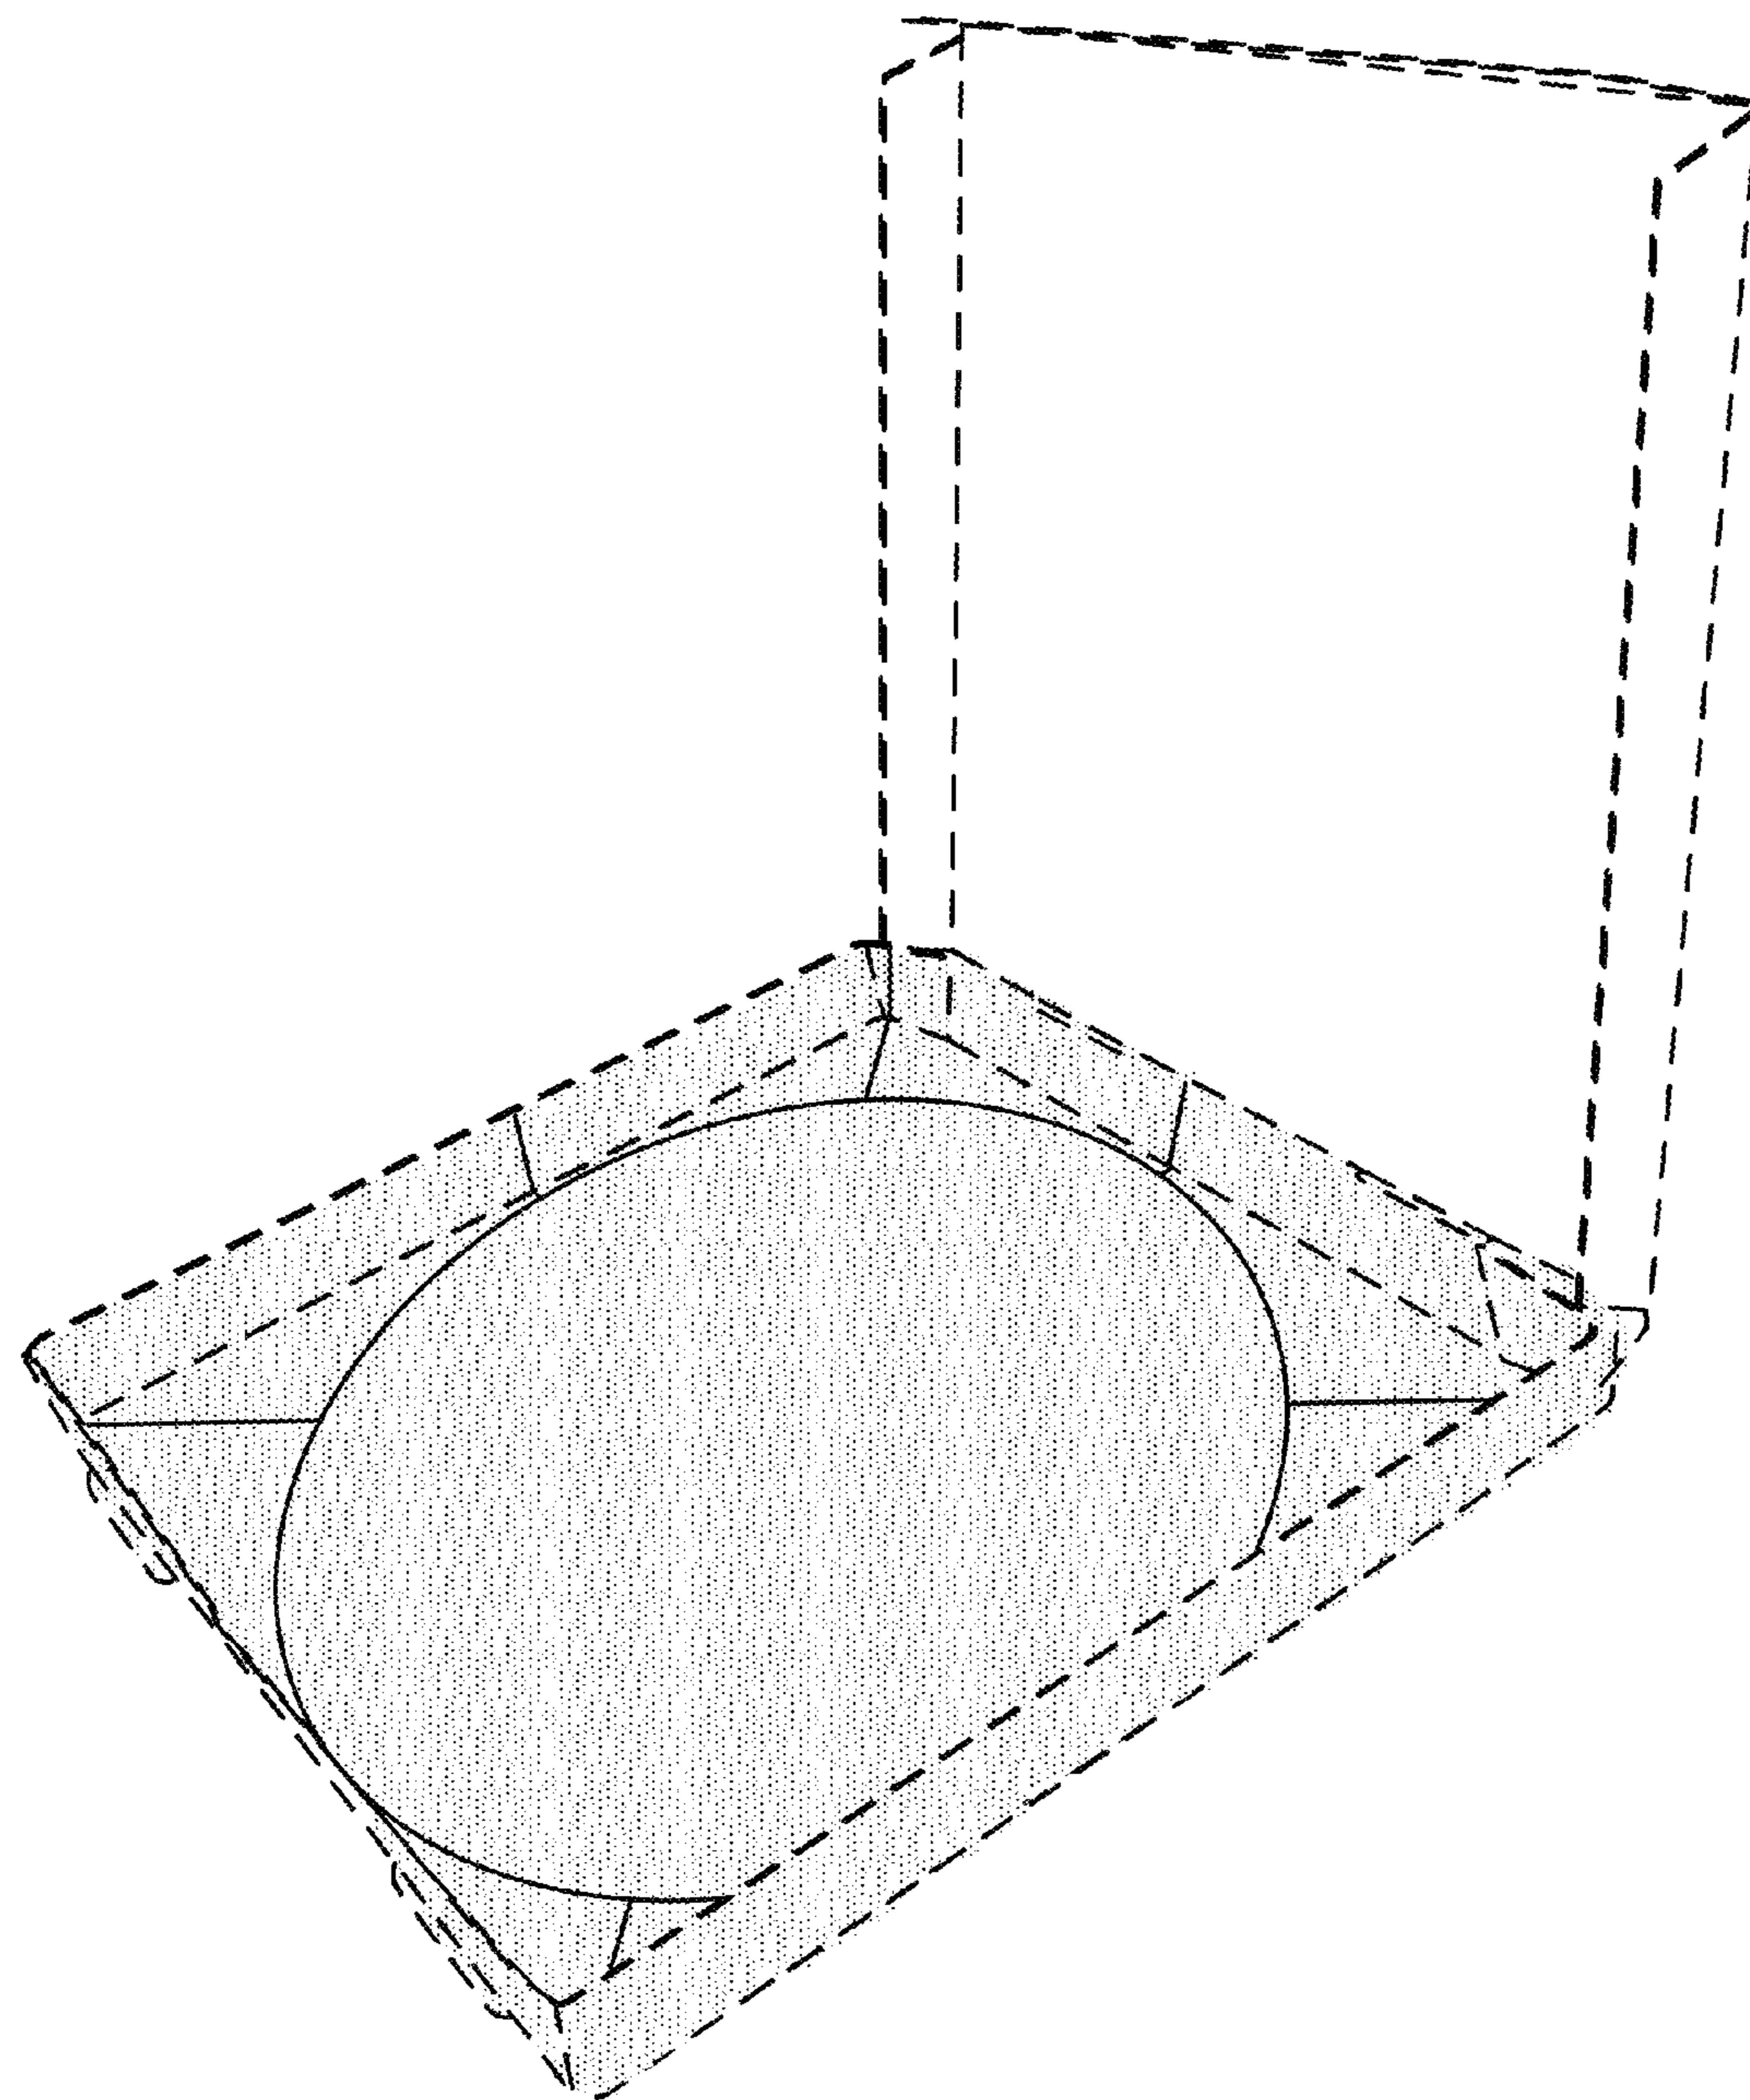

FIG. 2 depicts an isometric view of the container with interior cutting guides. The broken lines form no part of the design and depict environmental subject matter. Stippling indicates the relative surfaces and boundaries of the claimed design. The claimed subject matter extends to the boundary but does not include the boundary; and,

FIG. 3 depicts a top view of the container with interior cutting guides. The broken lines form no part of the design and depict environmental subject matter. Stippling indicates the relative surfaces and boundaries of the claimed design. The claimed subject matter extends to the boundary but does not include the boundary.
