(57) **CLAIM**

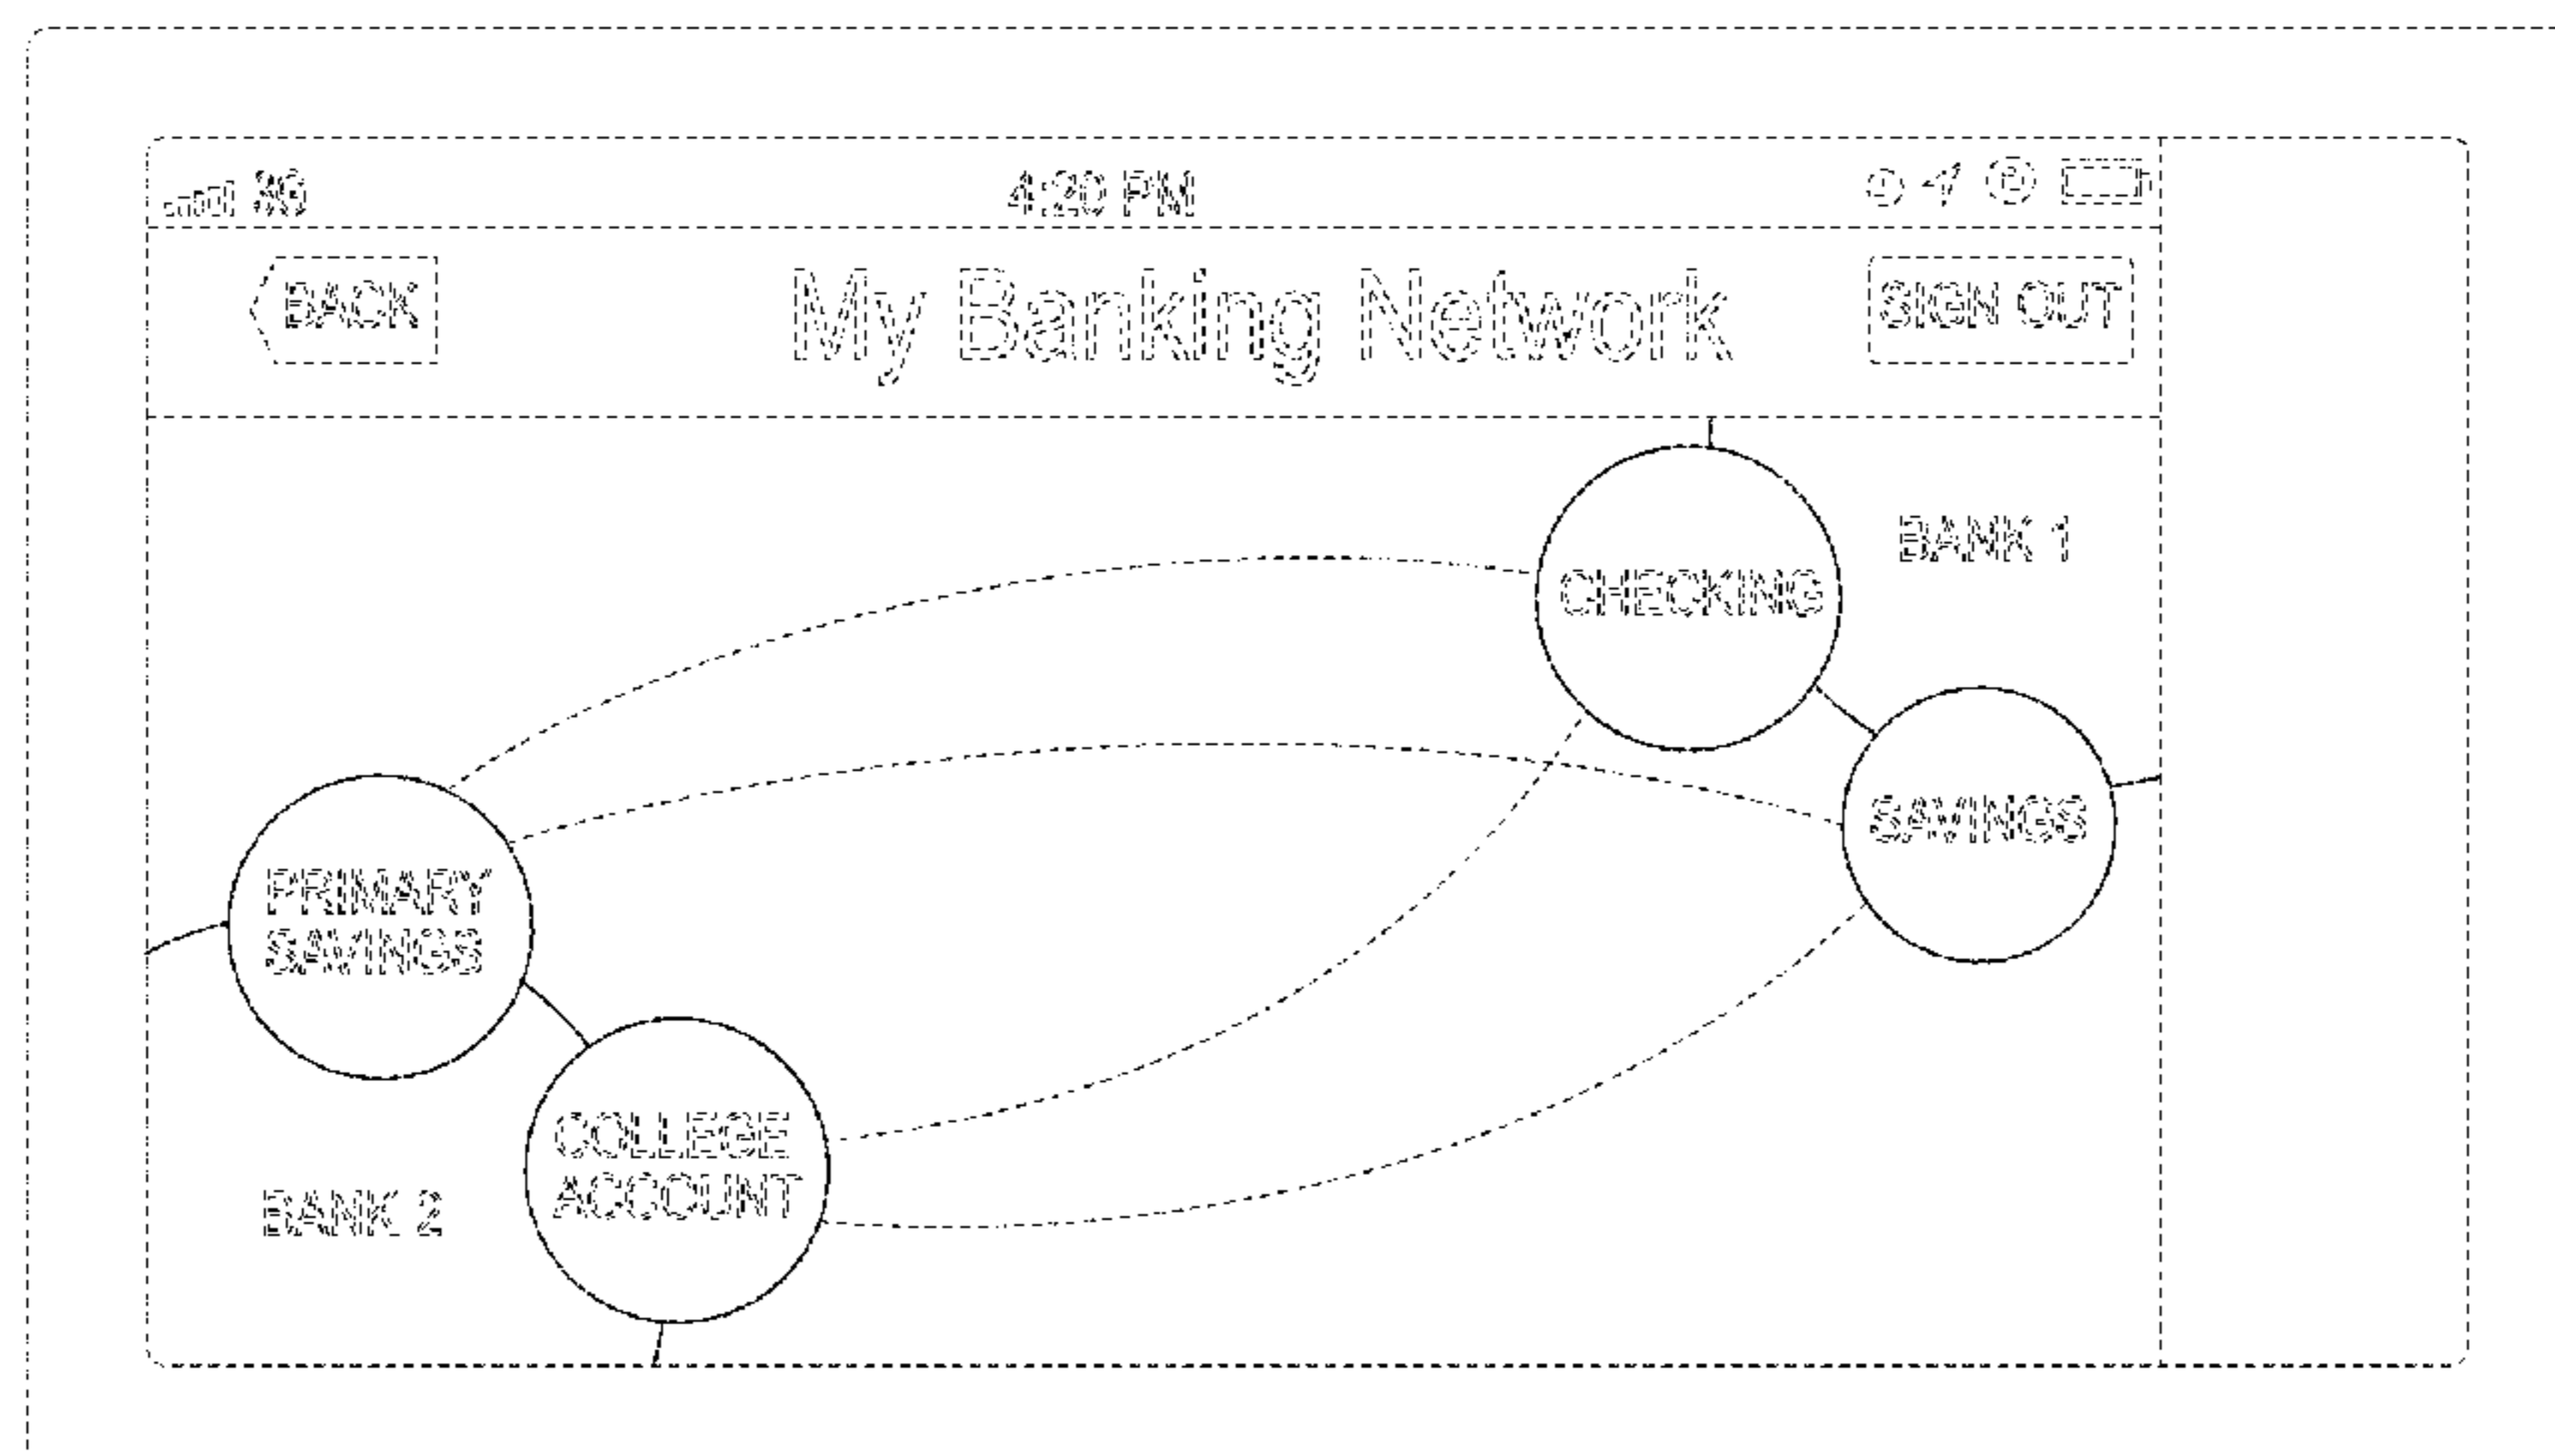

The ornamental design for a display screen for a communication device, as shown and described.

**DESCRIPTION**

A portion of the disclosure of this patent document includes material that is subject to copyright and/or trademark protection. The copyright and/or trademark owner(s) have no objection to the reproduction of the patent document or the patent disclosure, as it appears in the U.S. Patent & Trademark Office records, but reserves all other copyright and trademark rights whatsoever.

The single FIGURE is a front view of a display screen for a communication device in accordance with an embodiment. The broken line drawings of the display screen, images, text, and other elements shown in the FIGURE are shown for illustrative purposes only and form no part of the claimed design.
