(57) **CLAIM**

I claim the ornamental design for an waterproof light, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of an waterproof light, showing my new design;

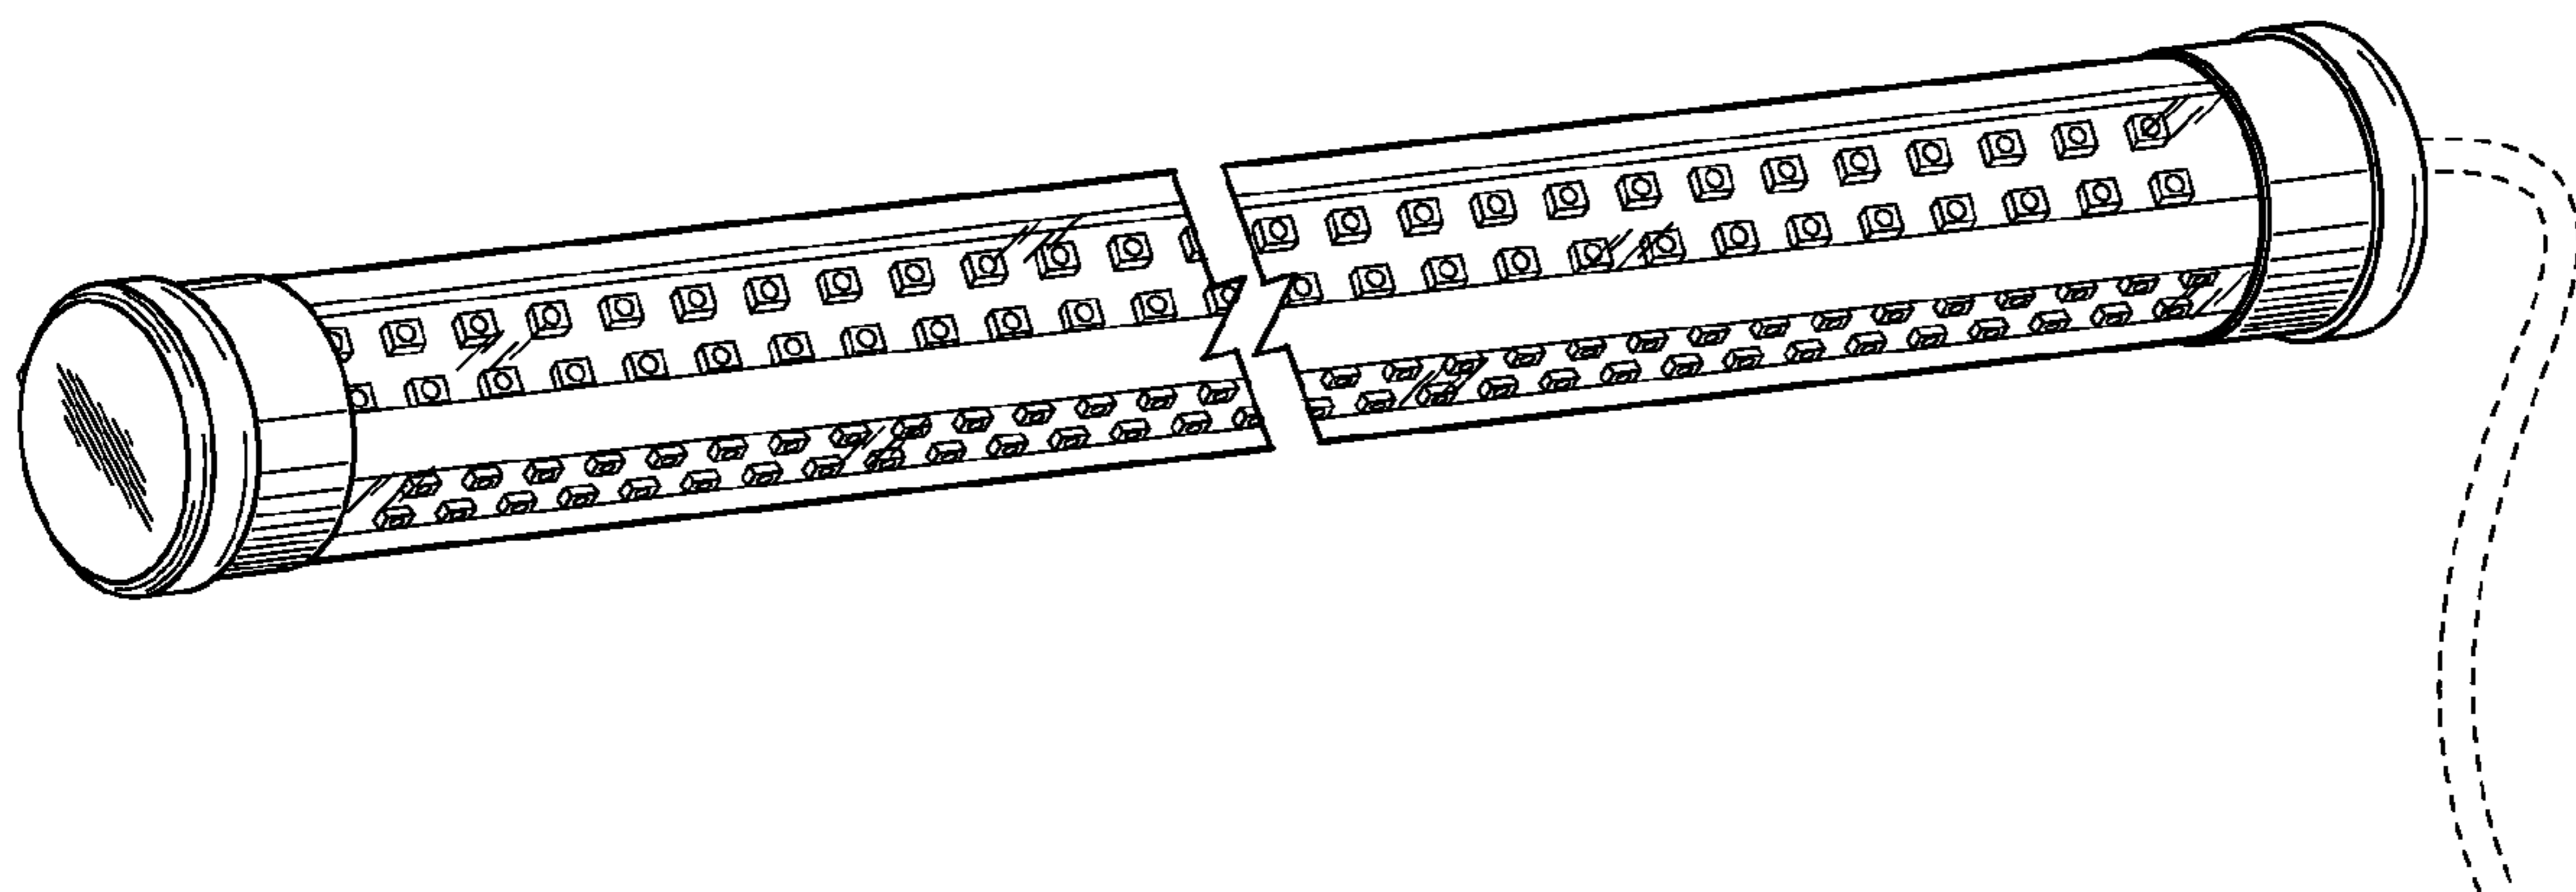

FIG. 2 is a top plan view thereof, the bottom plan view, left-side elevational view, and bottom plan elevational view all being a mirror image thereof; and

FIG. 3 is a front elevational view thereof, the rear elevational view being a mirror image thereof; and,

FIG. 4 is an enlarged cross-sectional view thereof, taken along lines 4-4 of FIG. 2.

The broken line showing is for environmental purposes only and forms no part of the claimed design. The break lines applied along the length of the body of the light in the FIGS. 1 and 2 are used to show symbolic break, with the understanding that the undisclosed portions of the light not shown in the drawings forms no part of the claim design. Patentability is based only on those portions of the article that are shown in solid lines.
