(57) **CLAIM**

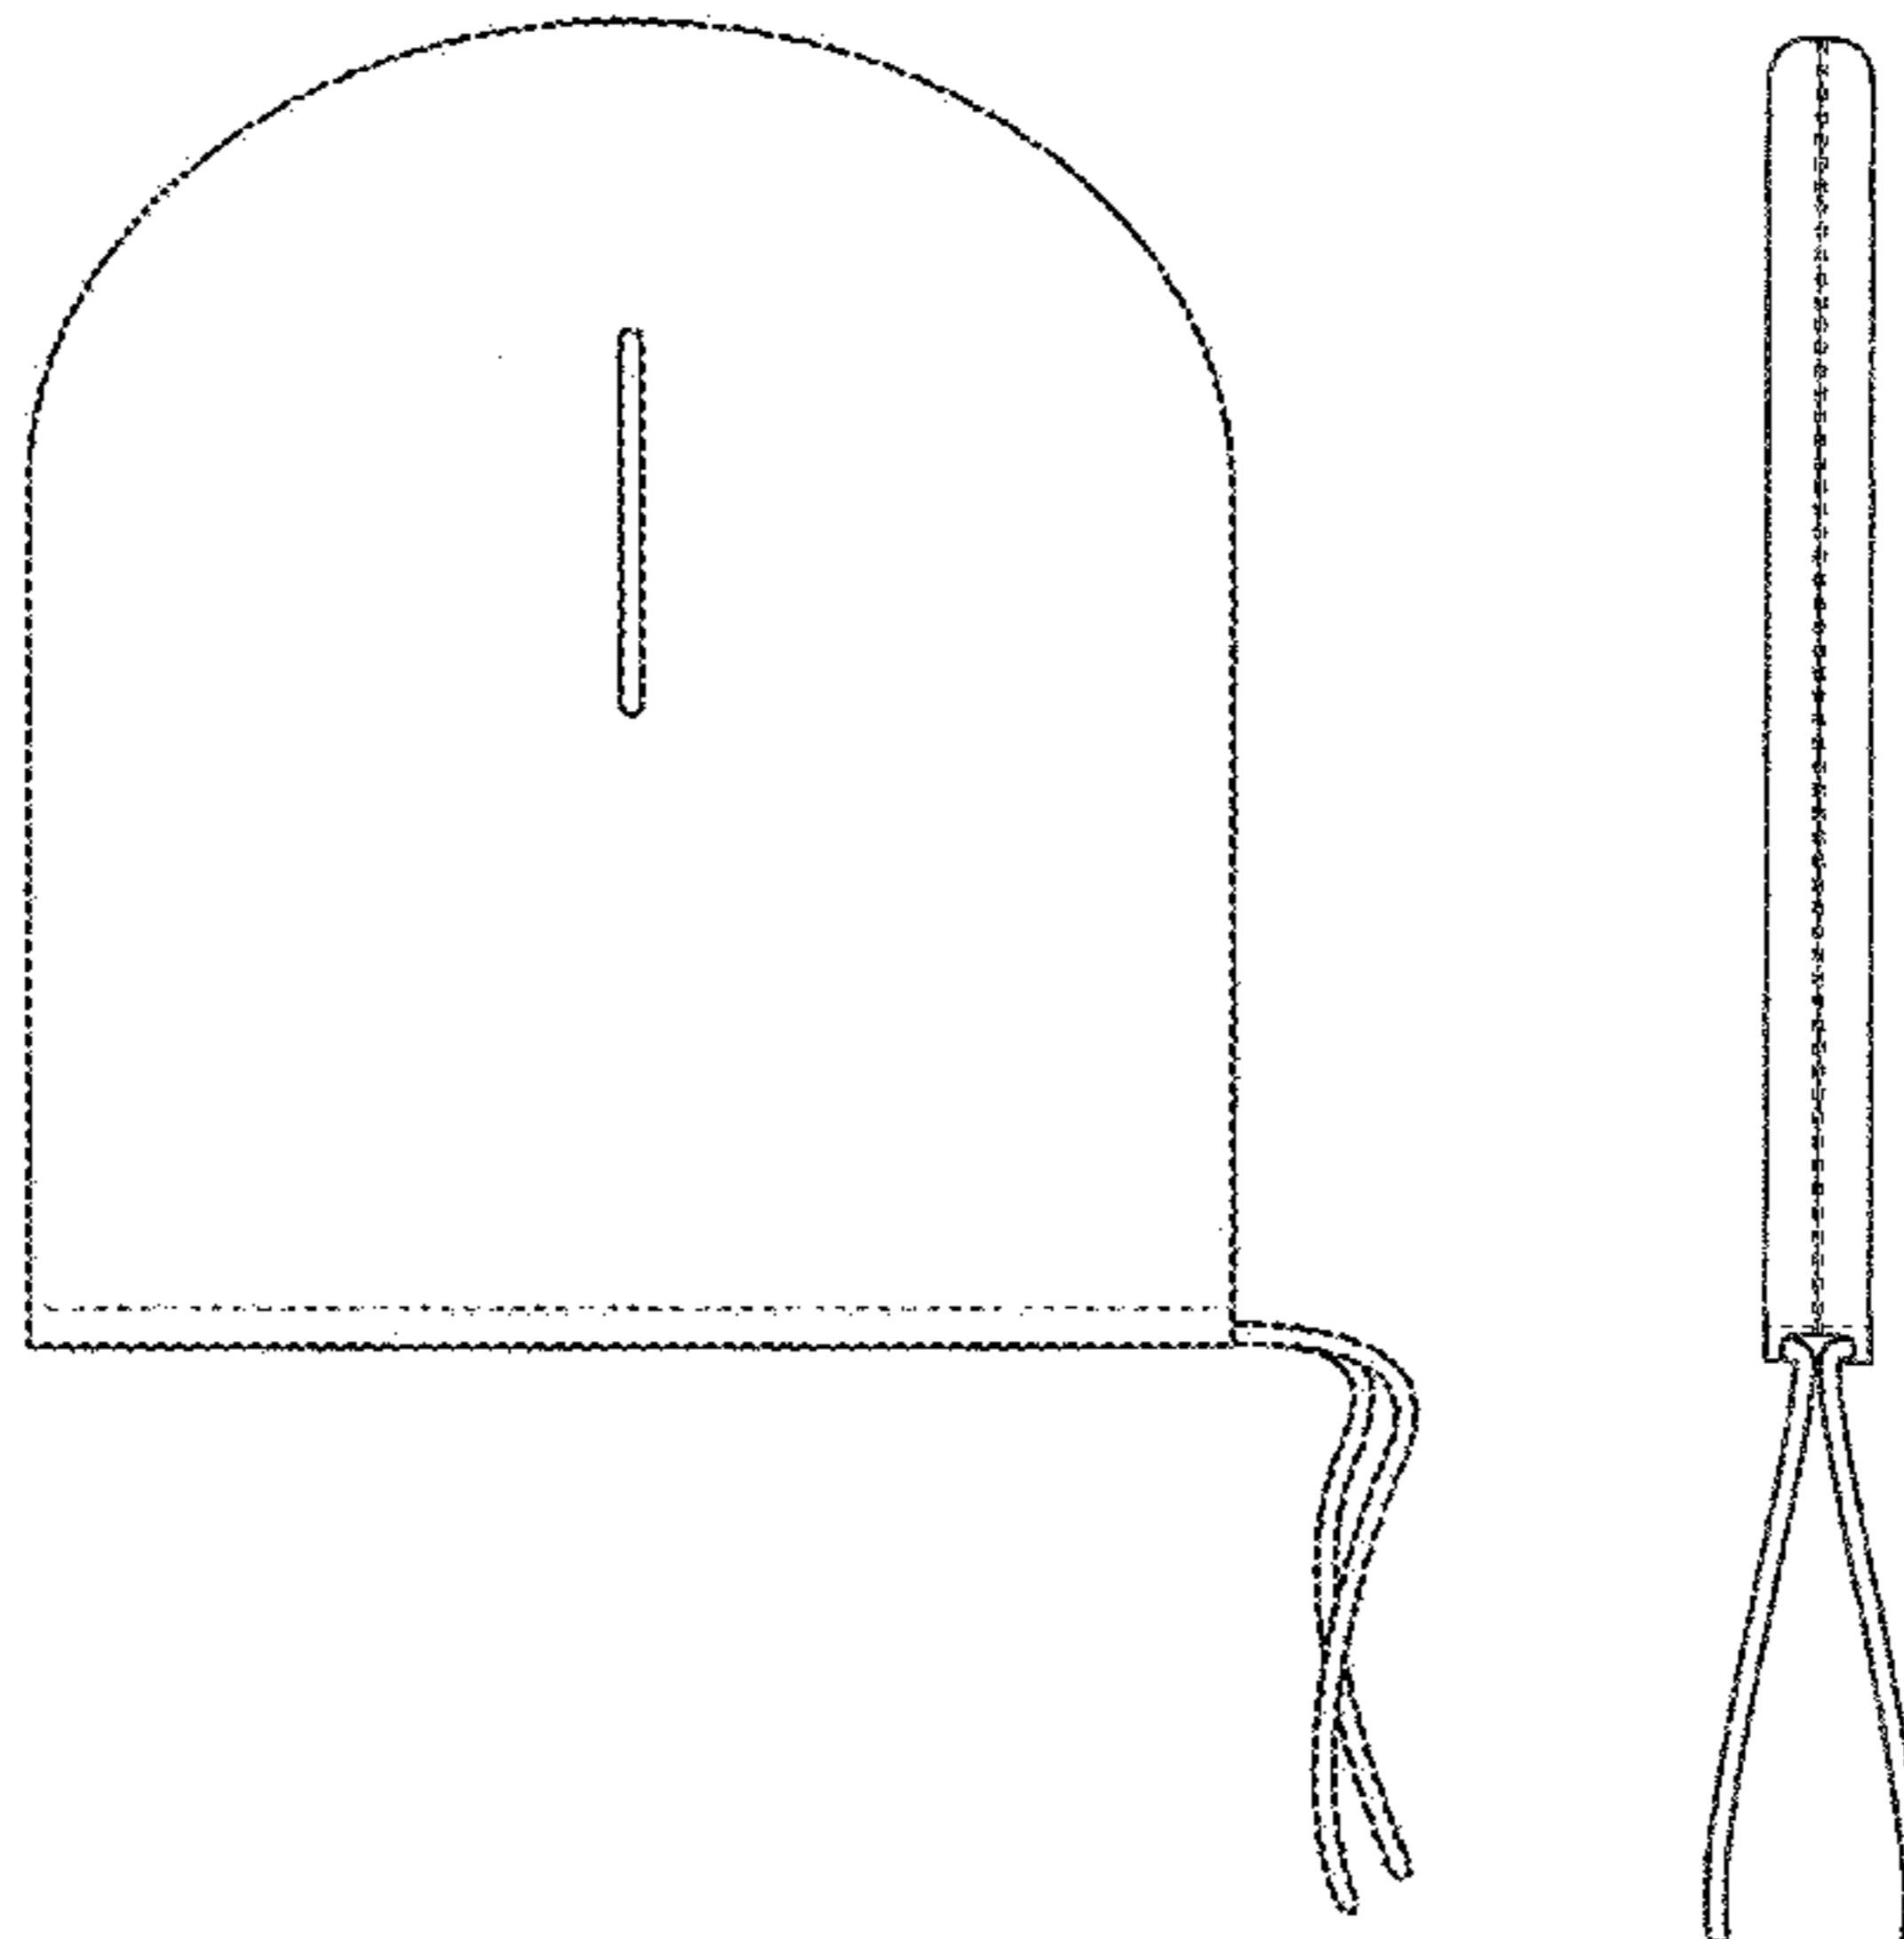

The ornamental design for a cover for two-way radio communication device, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a cover for two-way radio communication device showing my new design; FIG. 2 is a rear elevational view thereof; FIG. 3 is left side elevational view thereof; FIG. 4 is a right side elevational view thereof; and, FIG. 5 is a rear elevational view of the cover installed over a two-way radio communication device.

The short broken lines shown in the drawings are used to illustrate portions of the article that form no part of the claimed design. The long broken lines showing of a two-way radio communication device in FIG. 5 are used to illustrate environment only and do not form part of the claim.
