(57) **CLAIM**

The ornamental design for a panel with perforation pattern, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of our design for a panel with perforation pattern, dashed lines in the drawings illustrating environmental structure in the form of an exterior panel for a machine and with a perforation field having the panel with perforation pattern, the environmental structure forming no part of the claimed design, an area 2 with borders in phantom representing the boundaries of an interior unit of the panel with perforation pattern away from the sides of the perforation field; and,

FIG. 2 is an enlarged front view of the area 2 of FIG. 1 showing the interior unit of the panel with perforation pattern, the phantom lines representing the boundaries of the interior unit.

The claimed design of a panel with perforation pattern has no substantial thickness. The opposite views form no part of the claimed design.

1 Claim, 2 Drawing Sheets
