(57) **CLAIM**

The ornamental design for a fence post crown, as shown herein.

(72) Inventors: **José Guadalupe Montemayor**,
Escobedo (MX); **Jorge Eugenio**
Montemayor, Escobedo (MX)

DESCRIPTION

(**) Term: **14 Years**

FIG. 1 is a rear view of a fence post crown of the invention showing our new design, including pointed elements.

FIG. 2 is a side view of a fence post crown of the invention showing our new design, including pointed elements.

FIG. 3 is a top plan view of a fence post crown of the invention showing our new design, including the apices of the pointed elements.

(21) Appl. No.: **29/442,410**

FIG. 4 is an upper side perspective of a fence post crown of the invention showing our new design, including pointed elements.

(22) Filed: **Feb. 26, 2013**

FIG. 5 is a bottom plan view of a fence post crown of the invention showing our new design and particularly its circular base.

(51) **LOC (10) Cl.** **25-01**

(52) **U.S. Cl.**
USPC **D25/135**

FIG. 6 is a bottom side perspective of a fence post crown of the invention showing our new design, including pointed elements and its circular base; and,

The claimed fence post crown is particularly suitable for use on the tops of fence posts, on architectural features and on fence gate portions, and especially in farm and ranch environments, where both the repulsion of birds and other animals is desirable, and especially where the ornamental attractiveness of the decorative features of our post crowns is also desirable.
