(57) **CLAIM**

The ornamental design for a dispenser with a backlighting
feature, as shown and described.

DESCRIPTION

FIG. 1 is a right side perspective view of the dispenser, show-
ing my new design;

FIG. 2 is a front elevation view thereof;

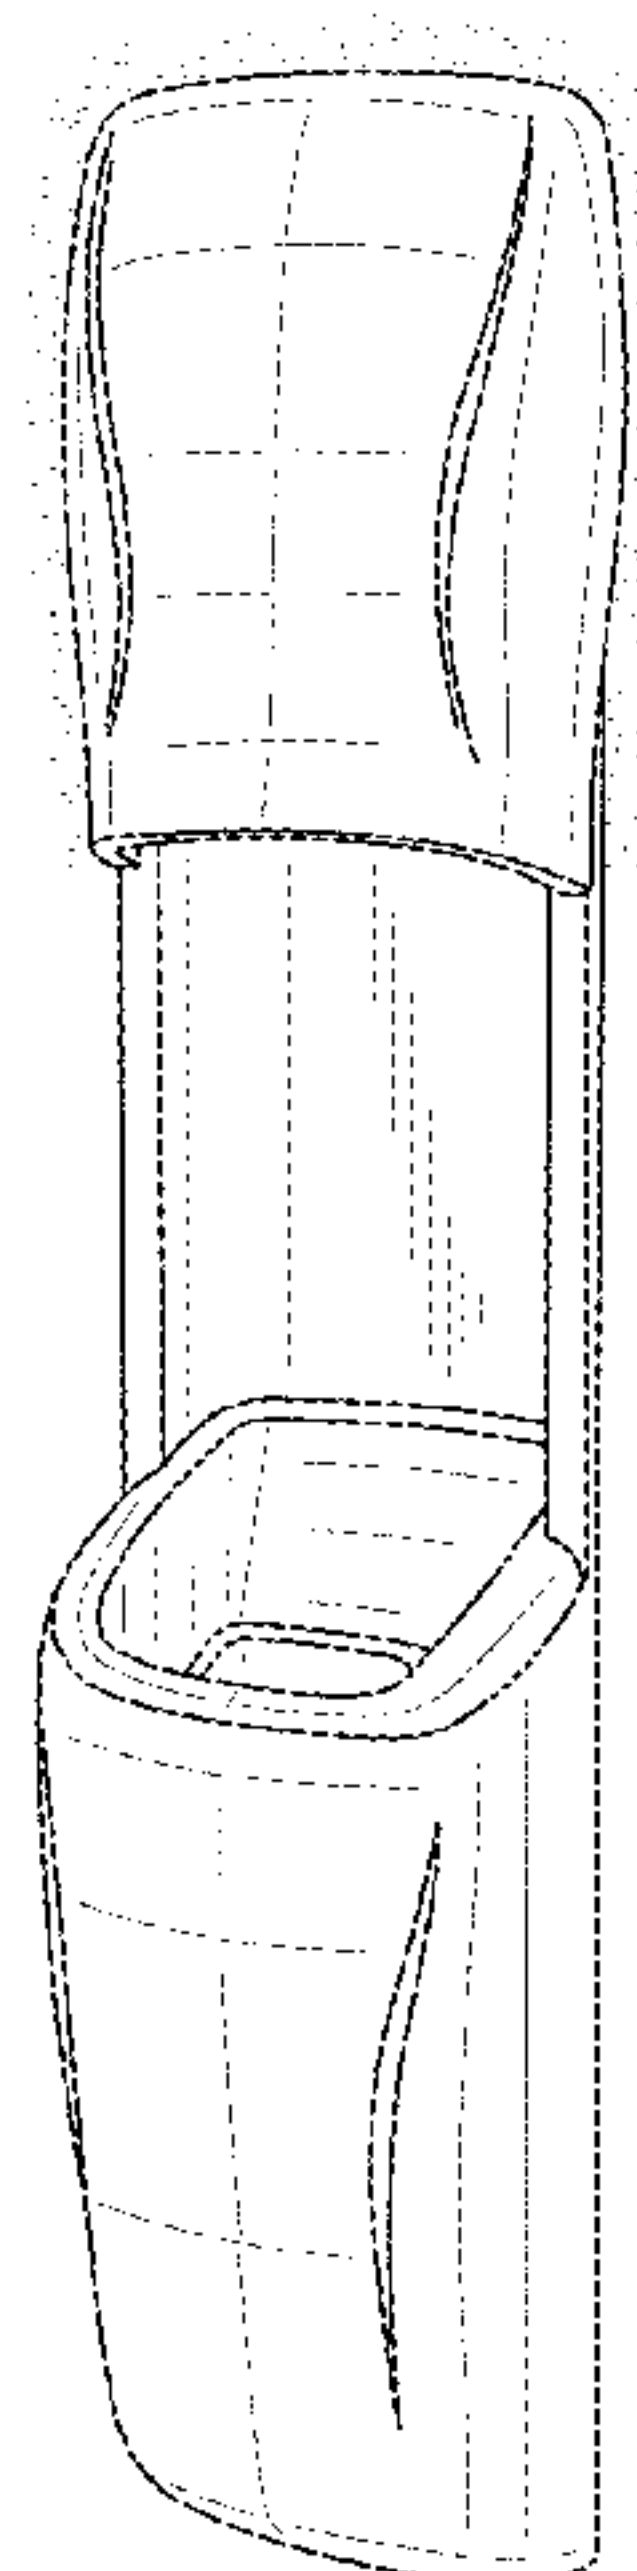

FIG. 3 is a right side elevation view thereof, the left side being
a mirror image thereof;

FIG. 4 is a top view thereof; and,

FIG. 5 is a bottom view thereof.

The broken lines depict environmental structure (e.g., a hid-
den portion of the dispenser) and do not form a part of the
claim. The stippling surrounding the dispenser at the back
wall represents backlighting forming a halo around the dis-
penser.
