(57) **CLAIM**

We claim the ornamental design for a power generator inverter, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of a power generator inverter showing our new design.

FIG. 2 is a right-side view of the power generator inverter of FIG. 1.

FIG. 3 is a left-side view of the power generator inverter of FIG. 1.

FIG. 4 is a front view of the power generator inverter of FIG. 1.

FIG. 5 is a rear view of the power generator inverter of FIG. 1.

FIG. 6 is a top view of the power generator inverter of FIG. 1; and,

FIG. 7 is a bottom view of the power generator inverter of FIG. 1.

The broken lines shown represent unclaimed subject matter only and form no part of the claim. Where broken lines abut a claimed surface it is understood that those broken lines represent an unclaimed boundary between claimed and unclaimed surfaces. None of the broken lines form any part of the claimed design.
