(57) **CLAIM**

The ornamental design for a silicone divider and bake pan, as shown and described.

DESCRIPTION

FIG. 1 is an isometric top perspective drawing of an exemplary silicone rectangular pan having a rim and a plurality of external according to an exemplary embodiment of the present invention;

FIG. 2 is an isometric top perspective drawing of an exemplary silicone divider for use with the pan of FIG. 1, according to an embodiment of the present invention;

FIG. 3 is an isometric bottom perspective drawing of an exemplary silicone rectangular pan of FIG. 1 having a rim and a plurality of external according to an exemplary embodiment of the present invention;

FIG. 4 is an isometric bottom perspective drawing of an exemplary silicone divider of FIG. 2 for use with the pan of FIG. 1, according to an embodiment of the present invention;

FIG. 5 is an isometric zoomed in top perspective drawing of an exemplary silicone rectangular pan of FIG. 1, having a rim and a plurality of external according to an exemplary embodiment of the present invention;

FIG. 6 is an isometric zoomed in top perspective partial drawing of an exemplary silicone divider of FIG. 2 for use with the pan of FIG. 1, according to an embodiment of the present invention;

FIG. 7 is a top orthographic view of the pan of FIG. 1 according to an embodiment of the present invention;

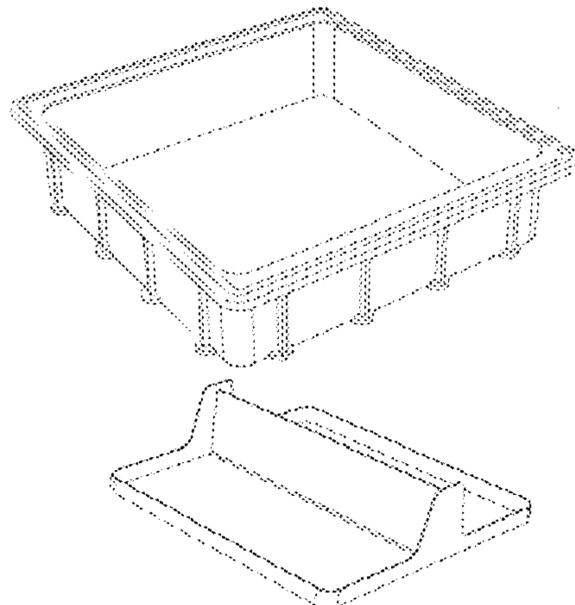

FIG. 8 is a top orthographic view of the divider of FIG. 2 according to an embodiment of the present invention;
FIG. 9 is a front orthographic view of the pan of FIG. 1 according to an embodiment of the present invention;
FIG. 10 is a front orthographic view of the divider of FIG. 2 according to an embodiment of the present invention;
FIG. 11 is a zoomed in front orthographic view of the pan of FIG. 1 according to an embodiment of the present invention;
FIG. 12 is a transparent drawing illustrating the pan of FIG. 1 in a front orthographic view according to an embodiment of the present invention;
FIG. 13 is a front orthographic view of the divider of FIG. 2 according to an embodiment of the present invention;

FIG. 14 is an exemplary orthographic view of an exemplary divider of FIG. 2 including exemplary but nonlimiting dimensions, according to an embodiment of the present invention;
FIG. 15 is an exemplary photographic image of an exemplary but nonlimiting red silicone baking pan of FIG. 1, according to an embodiment of the present invention; and,
FIG. 16 is an exemplary photographic image of an exemplary but nonlimiting red divider of FIG. 2, according to an embodiment of the present invention.
