(57) **CLAIM**

The ornamental design for a transportable liquid waste processing tank, as shown and described.

(51) **LOC (10) Cl.** **23-01**

DESCRIPTION

(52) **U.S. Cl.**
USPC **D12/95; D23/207**

(58) **Field of Classification Search**
CPC B60P 3/22; B60P 3/24
USPC D23/209, 202, 207; D12/14, 95;
280/837, 838, 839; 210/532.1, 532.2;
220/562

See application file for complete search history.

FIG. 1 is a side view of a transportable liquid waste processing tank showing our new design, the transportable liquid waste processing tank being shown in a resting position; FIG. 2 is a side view of the transportable liquid waste processing tank in the raised or emptying position; FIG. 3 is a rear, perspective view of the transportable liquid waste processing tank in the resting position; FIG. 4 is a rear, perspective view of the transportable liquid waste processing tank in the raised or emptying position; FIG. 5 is a rear view of the transportable liquid waste processing tank in the resting position; FIG. 6 is a rear, perspective view of the transportable liquid waste processing tank in the raised or emptying position; and, FIG. 7 is a rear view of the transportable liquid waste processing tank with a rear tank lid in the open position. The broken line showing is included for the purpose of illustrating and forms no part of the claimed design.
