(57) **CLAIM**

The ornamental design for a garden furniture, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a first design of the garden furniture, illustrating my new design;

FIG. 2 is a front elevational view of the garden furniture shown in FIG. 1;

FIG. 3 is a rear elevational view of the garden furniture shown in FIG. 1;

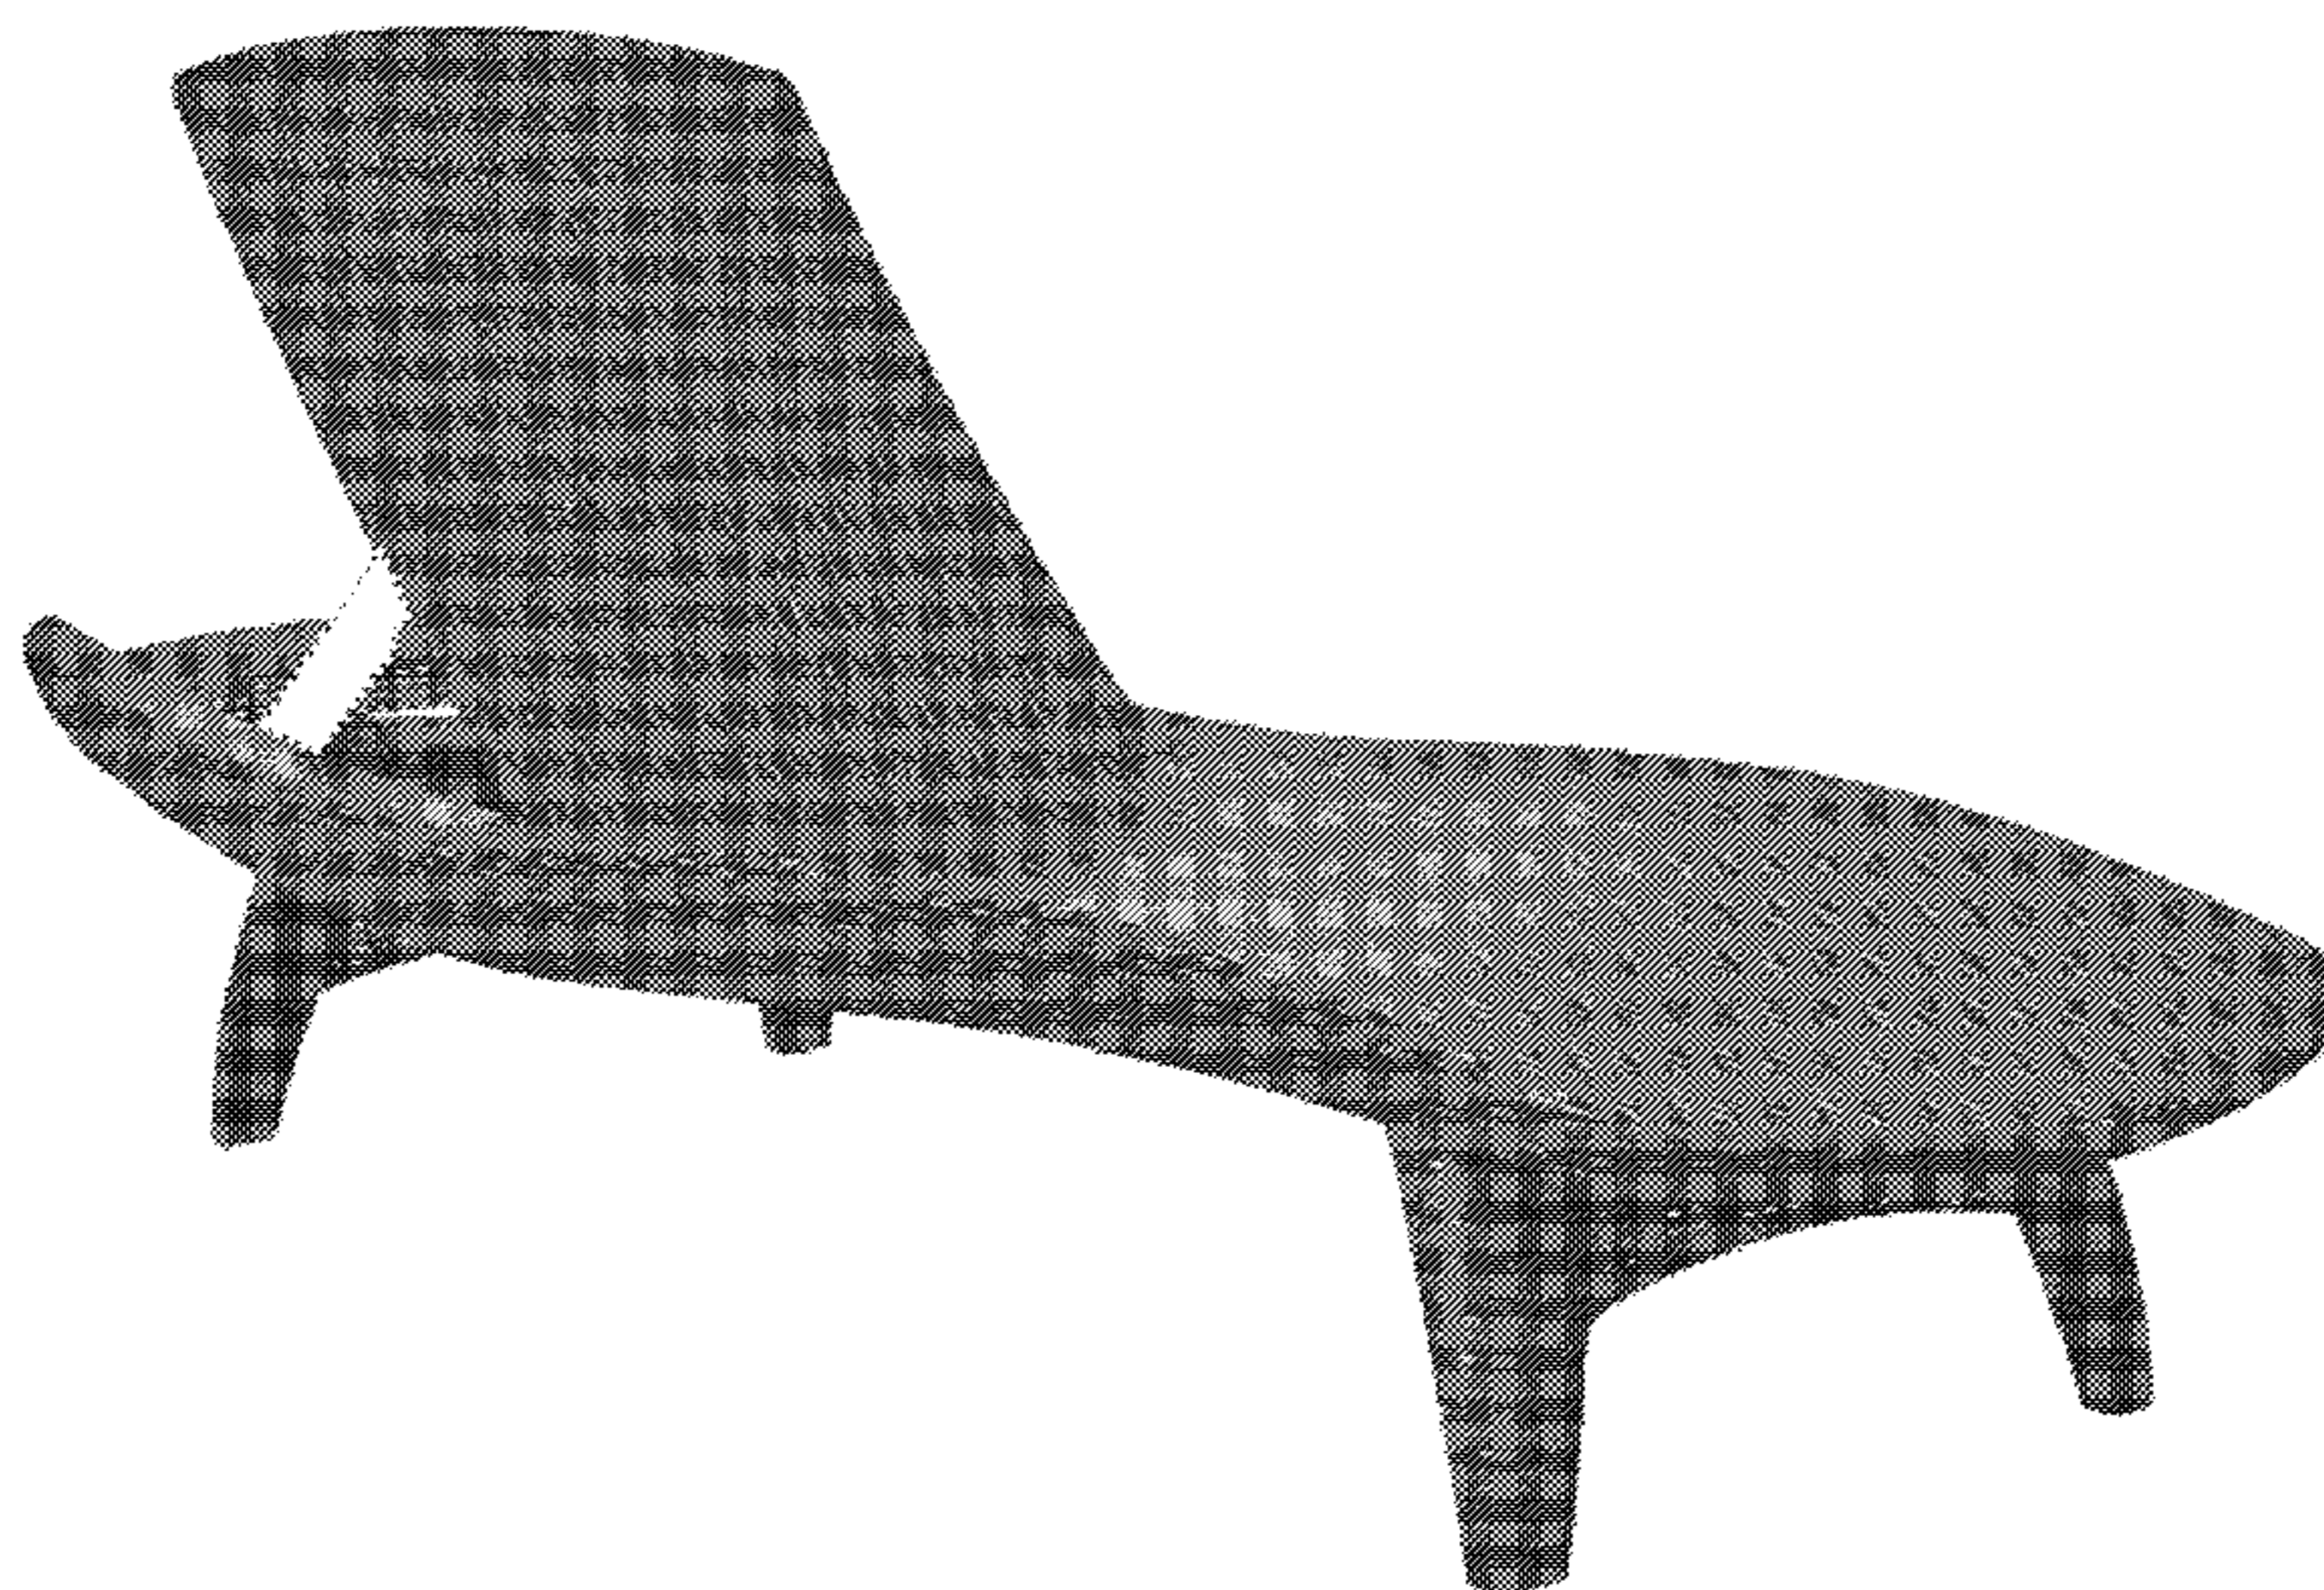

FIG. 4 is a side elevational view of one side of the garden furniture shown in FIG. 1, with the side elevational view of the other side of the garden furniture being a mirror image thereof; and,

FIG. 5 is a top plan view of the garden furniture shown in FIG. 1.

It is to be further understood that the garden furniture is shown with its back support in a raised, sitting-up configuration and that the back support can be lowered (pivoted downwardly) to a generally horizontal lying-down configuration, and that the appearance of the garden furniture in such lying-down configuration is also deemed to be within the scope of the claimed subject matter.

The parts delineated in dashed lines are not part of the claimed design.
