(57) **CLAIM**  
The ornamental design for a baking pan, as shown and  
described.

**DESCRIPTION**

FIG. 1 is a top view of a baking pan showing my new design;  
and,  
FIG. 2 is a cross-sectional view along the line 2-2 in FIG. 1.  
The cross-section of each dimple taken around the circum-  
ference of each dimple is the same and all of the dimples are  
generally the same.  
The portions in the drawings illustrated in broken lines rep-  
resent the environment of the design and therefore form no  
part of the claimed design. The dash-dot-dash lines between  
the rows of dimples indicate that there are various numbers of  
dimples in each row.
