(57) **CLAIM**

I claim the ornamental design for a handheld electronic device holder, as shown and described.

DESCRIPTION

FIG. 1 is a top view of a hand held electronic device holder shown in use on the palm side of a hand;

FIG. 2 is a bottom view of a hand held electronic device holder shown in use on the back side of a hand;

FIG. 3 is a front view of a hand held electronic device holder; FIG. 4 is a rear view thereof;

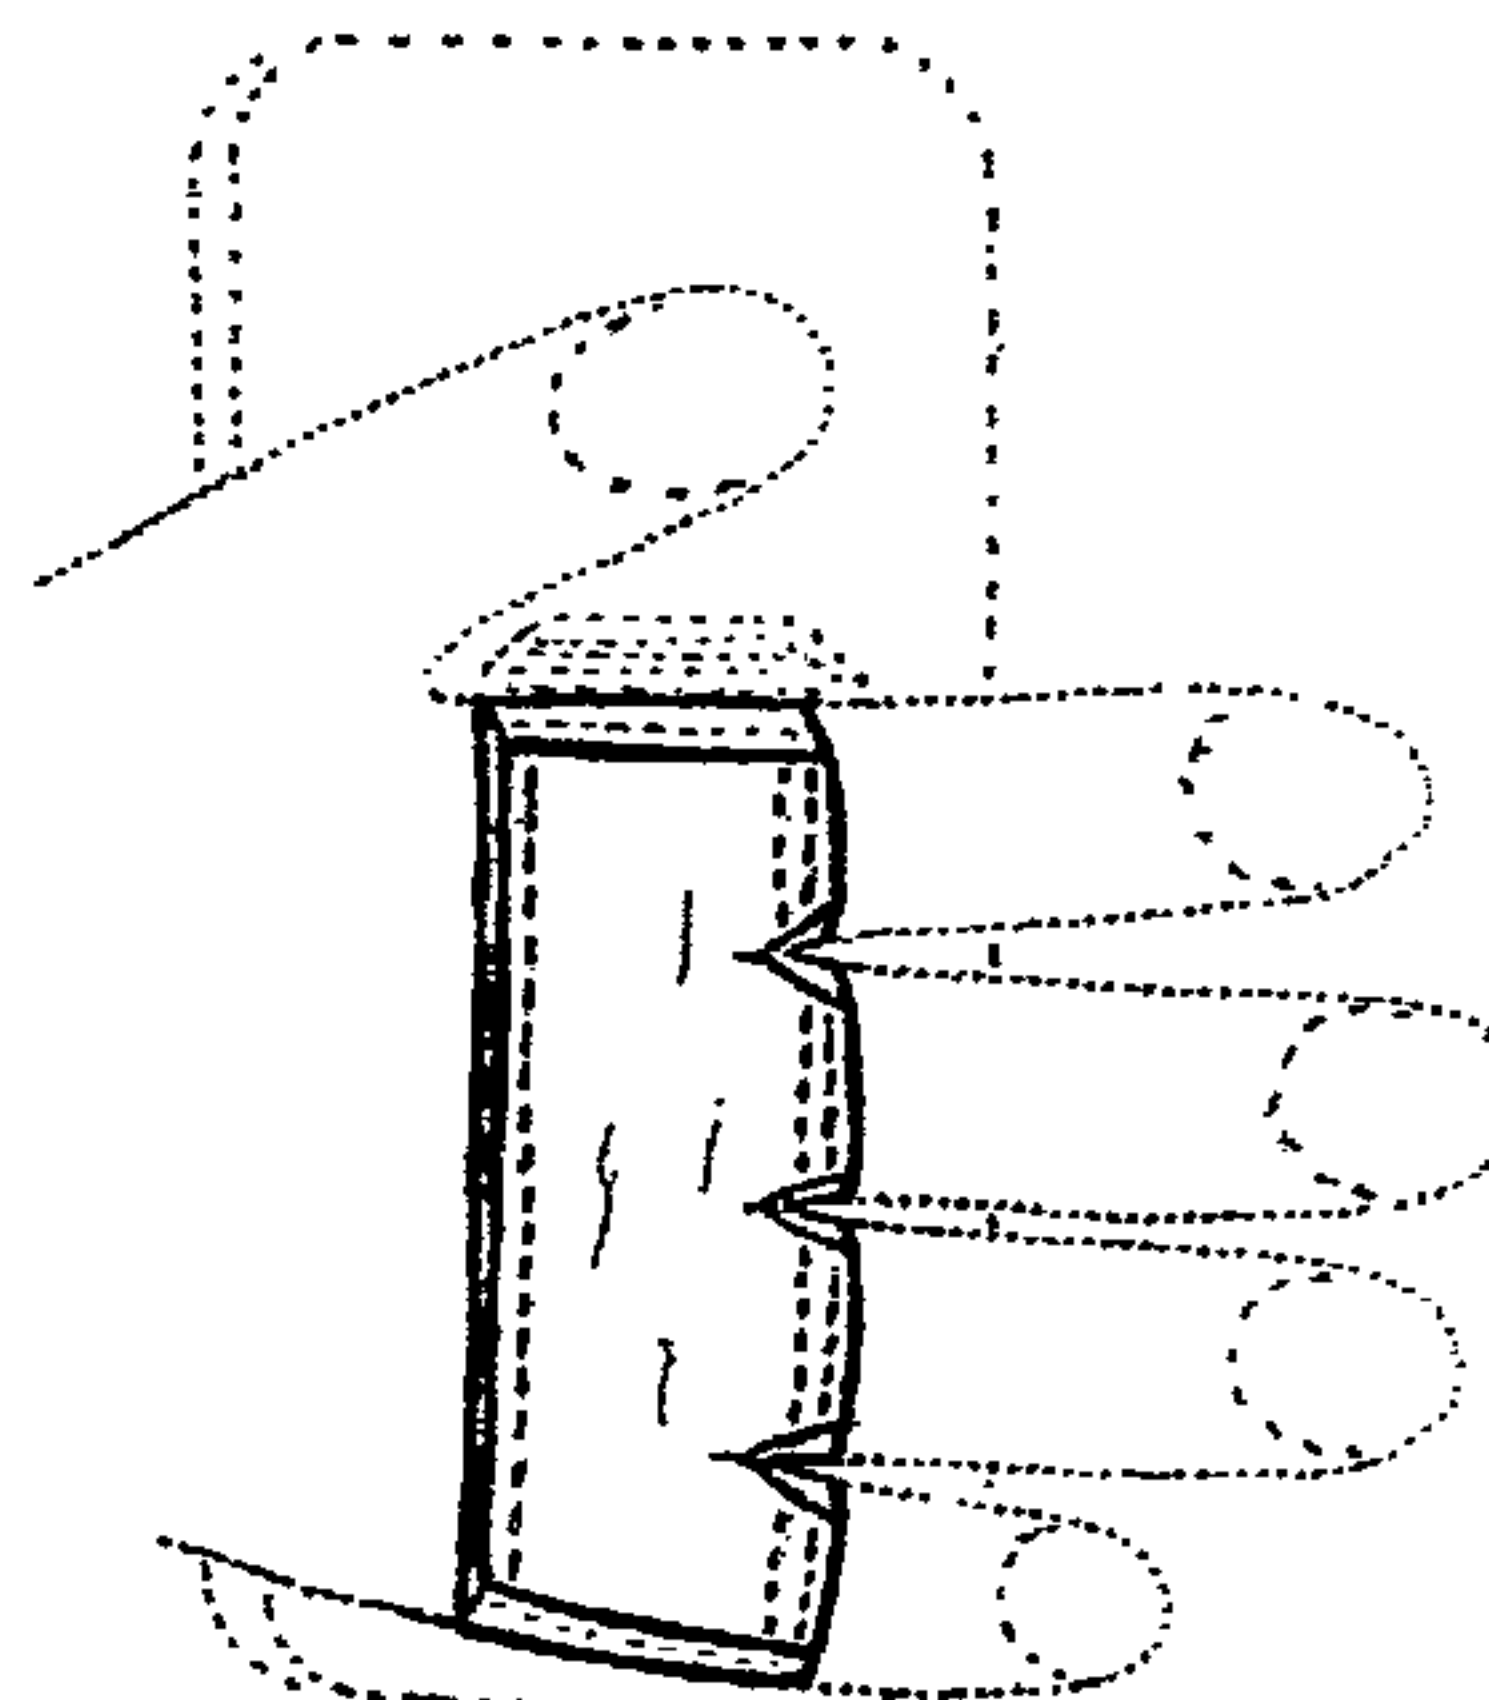

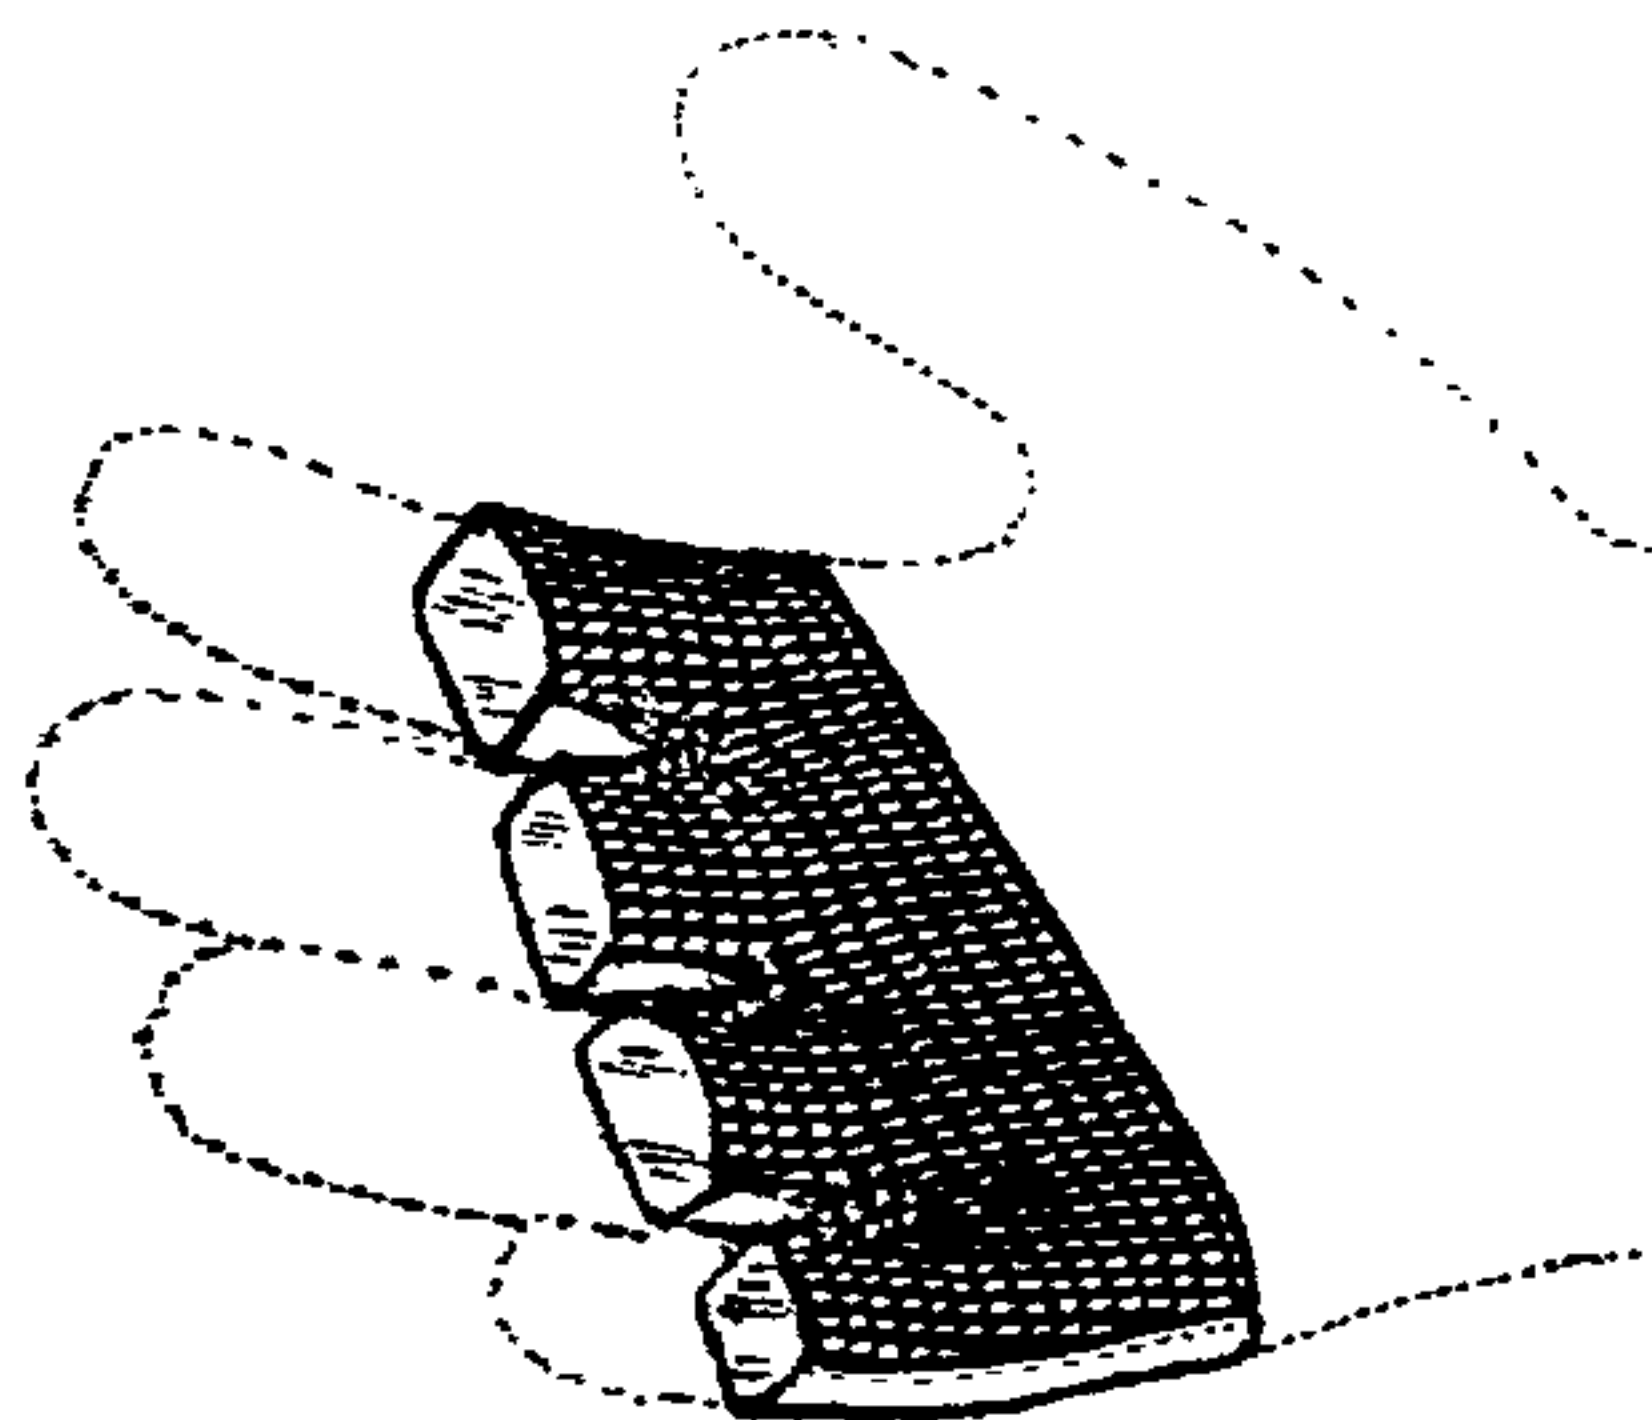

FIG. 5 is a left side view of a hand held electronic device holder shown in use on a hand with the right side being a mirror image;

FIG. 6 is a top perspective view of a hand held electronic device holder shown in use on the palm side of a hand; and, FIG. 7 is a bottom perspective view of a hand held electronic device holder shown in use on the back side of a hand attached to a broken line showing of a handheld electronic device with a field of corresponding mating hook material attached to a portion of the back cover.

The grid pattern on the handheld electronic device closure represents a loop material that used for the purpose of mating with a corresponding hook material.

The broken lines showing on the claimed portion of the design is for the purpose of illustrating stitching and forms a part of the claimed design. The broken line showing of the hand and electronic device illustrates the environment of the claimed design and forms no part thereof.
