(57) **CLAIM**

We claim the ornamental design for a display screen or portion thereof with animated graphical user interface, as shown and described.

**DESCRIPTION**

FIG. 1 is the first image in a sequence for display screen or portion thereof with animated graphical user interface showing our new design; and,

FIG. 2 is the second image thereof.

The broken lines shown in the drawings illustrate the display screen and portions of the graphical user interface that form no part of the claimed design.

The appearance of the animated user interface sequentially transitions between the images shown in FIGS. 1-2. The process or period in which one image transitions to another forms no part of the claimed design.

The shading illustrates that the lights are surrounded around the portion.
