(57) **CLAIM**
I claim the ornamental design for a stimulation device, as shown and described.

DESCRIPTION

FIG. 1 is a top, front, right perspective view of an embodiment of the claimed design;
FIG. 2 is a left elevation view thereof;
FIG. 3 is a right elevation view thereof;
FIG. 4 is a top plan view thereof;
FIG. 5 is a bottom plan view thereof;
FIG. 6 is a front elevation view thereof; and,
FIG. 7 is a rear elevation view thereof.

The ornamental design which is claimed is shown in solid lines in the drawings. The broken lines in the drawings are for illustrative purposes only and form no part of the claimed design. Broken lines formed by equal length dashes show unclaimed portions of the design. Broken lines formed of unequal length dashes (i.e., dash-dot) show boundaries between claimed and unclaimed portions of the design. Lines having a jagged element (i.e., broken-away symbols) are not part of the claimed design and show that no particular length of the portion is claimed.

1 Claim, 5 Drawing Sheets
