(57) **CLAIM**

The ornamental design for an automobile with body having visible carbon fiber, as shown and described.

DESCRIPTION

The patent application file contains at least one drawing executed in color. Copies of this patent or patent application publication with color drawings will be provided by the Office upon request and payment of the necessary fee.

FIG. 1 shows a front elevation view of an automobile with body having visible carbon fiber showing my new design;

FIG. 2 shows a rear perspective view thereof;

FIG. 3 shows a right side elevation view thereof, the left side being a mirror image thereof except for the fuel tank cap.

FIG. 4 shows a top plan view thereof;

FIG. 5 shows a front perspective view thereof at an oblique angle;

FIG. 6 shows an enlarged front perspective view of the side mirror thereof to better depict the visible carbon fiber;

FIG. 7 shows a rear perspective view thereof at an oblique angle; and,

FIG. 8 shows an enlarged rear perspective view of the rear light thereof to better depict the visible carbon fiber.

The portions in the FIGURES within the broken lines illustrate portions of the automobile with body having visible carbon fiber that form no part of the claimed design, including the lower portions of the air dam and front spoiler encompassed within the broken lines shown in FIG. 1, and the lower portions of the rear spoiler encompassed within the broken lines shown in FIG. 2.

1 Claim, 8 Drawing Sheets
