(57) **CLAIM**

The ornamental design for a display panel or screen with transitional graphical user interface, as shown and described.

**DESCRIPTION**

FIG. 1 is a front elevational view of a first embodiment of a first image of a display panel or screen with transitional graphical user interface showing my new design; and FIG. 2 is a front elevational view of a second image thereof. FIG. 3 is a front elevational view of a second embodiment of a first image of a display panel or screen with transitional graphical user interface showing my new design; and, FIG. 4 is a front elevational view of a second image thereof. The appearance of the transitional image sequentially transitions between images shown in FIGS. 1-2 and FIGS. 3-4. The process or period in which an image transitions to another forms no part of the claimed design. The broken line showing of a display panel or screen, and other elements forms no part of the claimed design.
