(57) **CLAIM**

The ornamental design for a charger for an electronic device,
as shown and described.

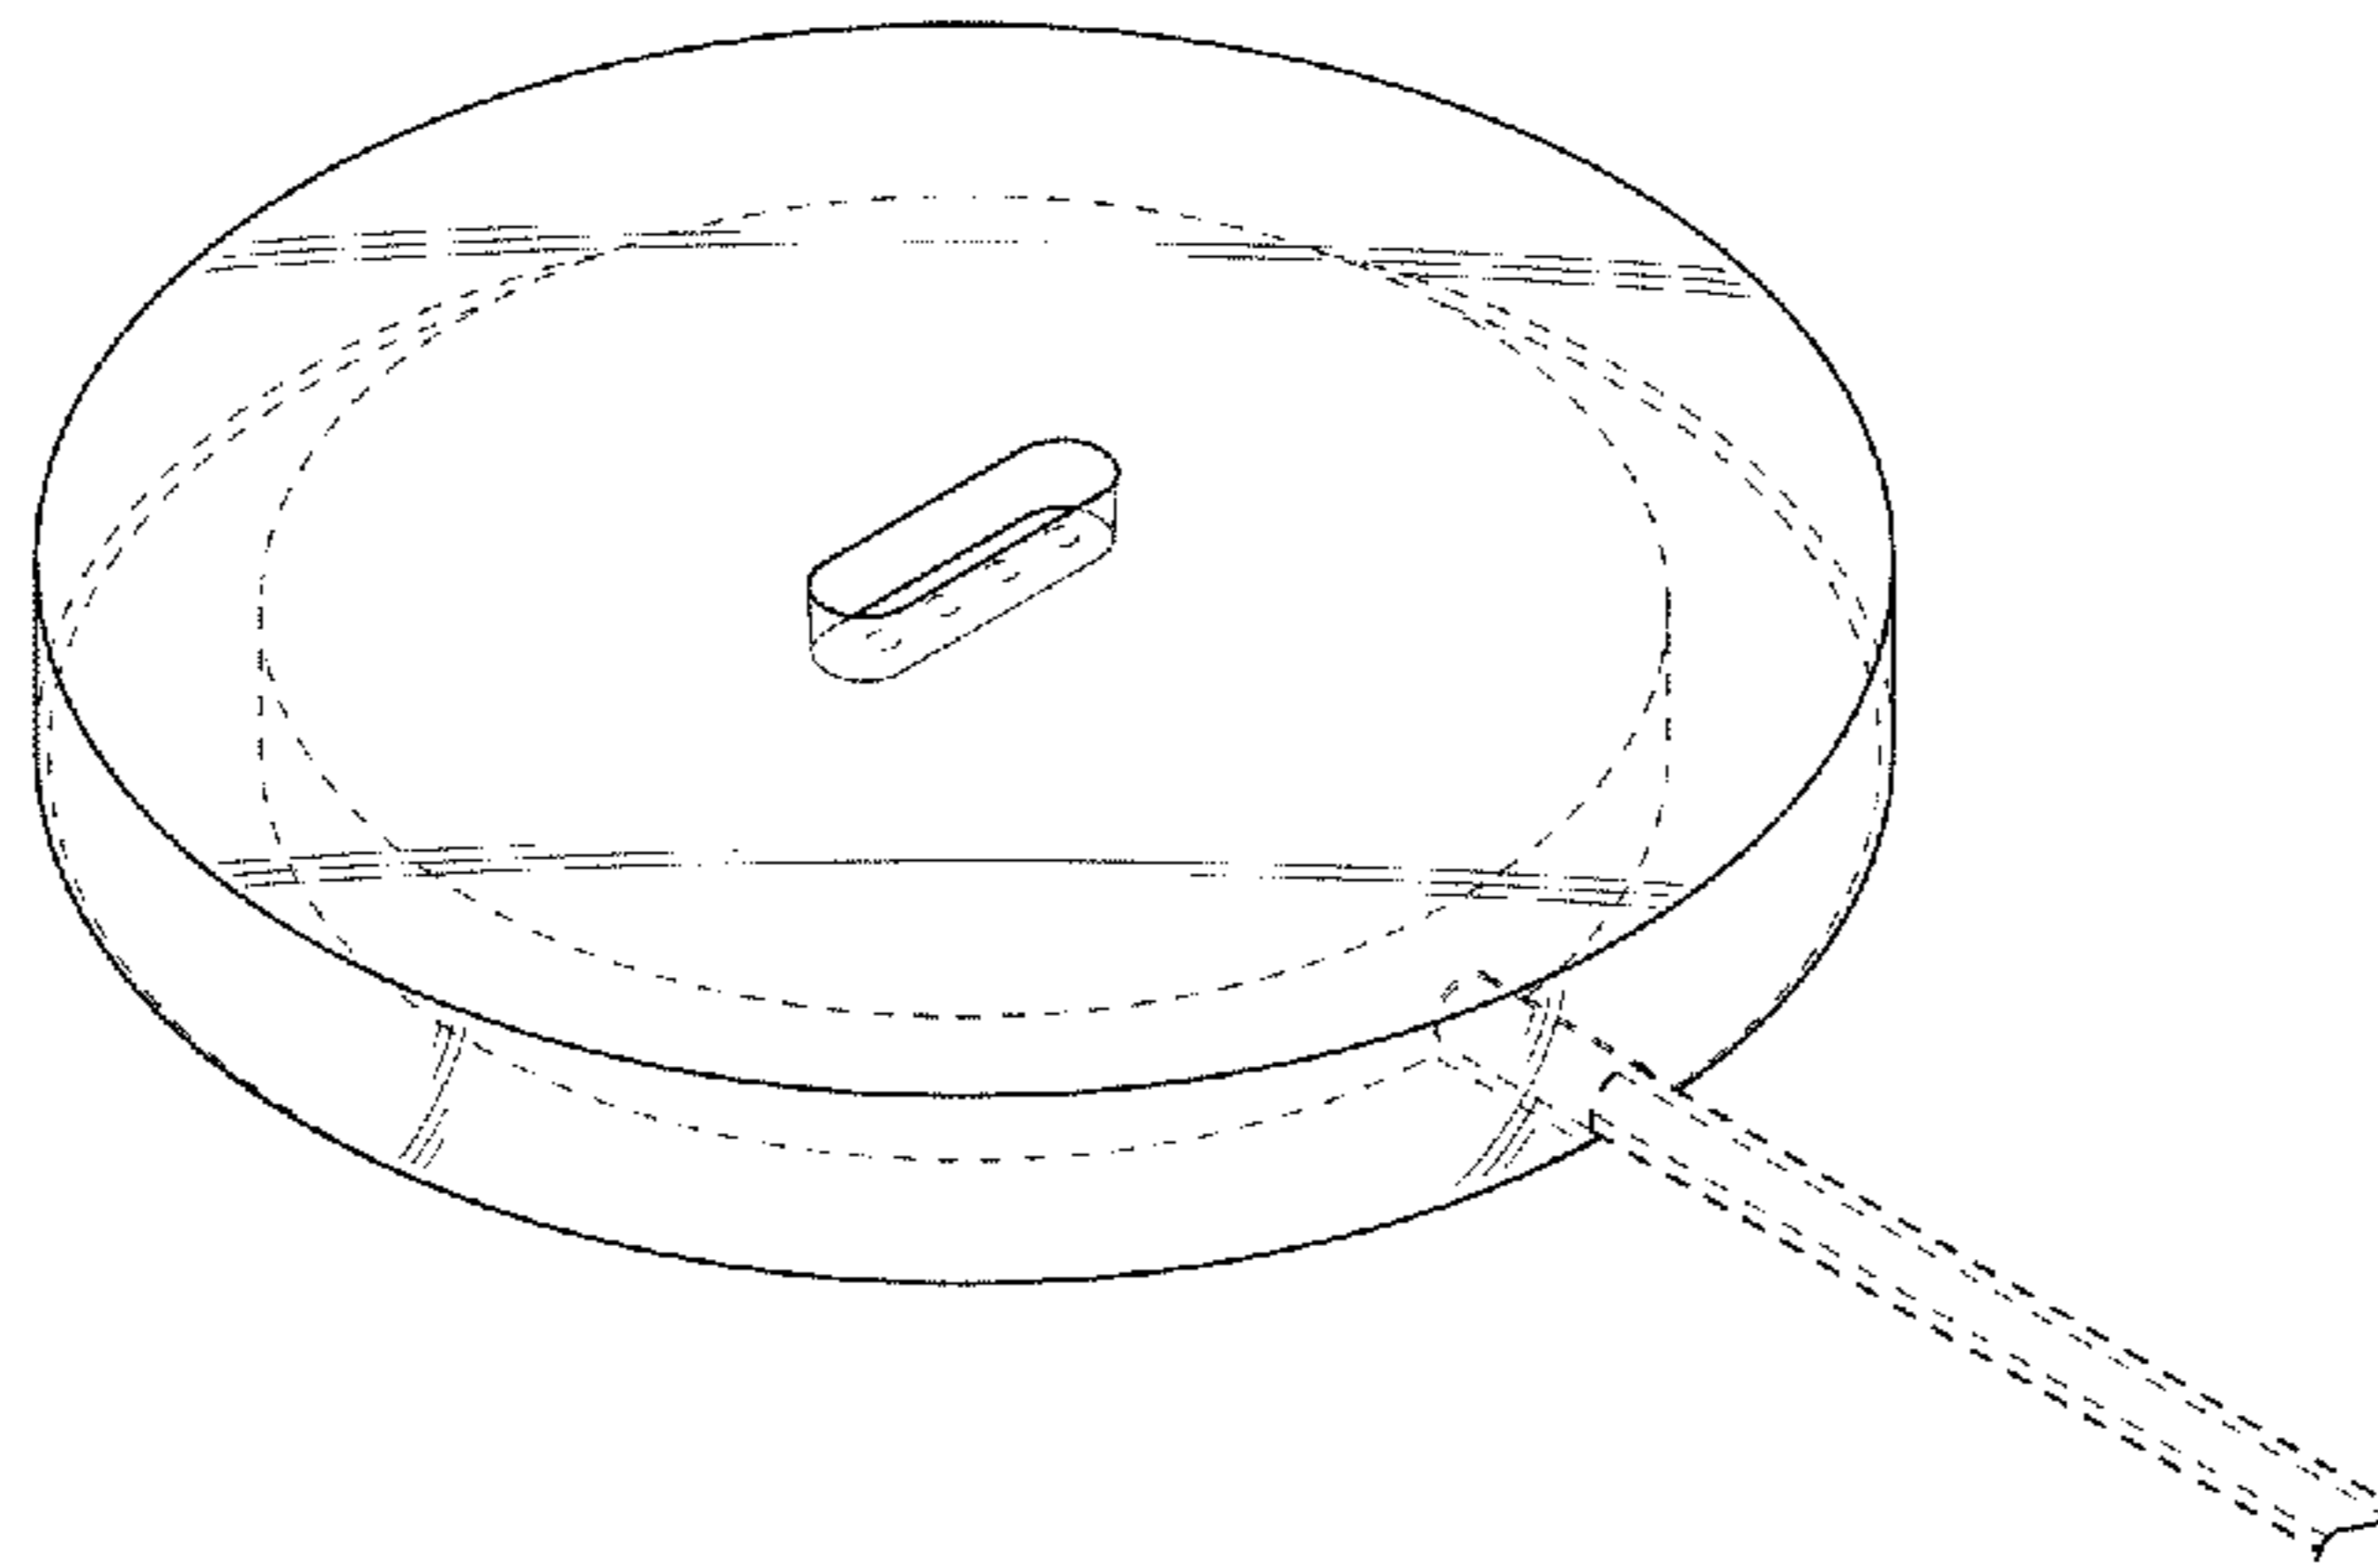

DESCRIPTION

FIG. 1 is a top front perspective view of a charger for an electronic device showing our new design;
 FIG. 2 is a front elevational view thereof;
 FIG. 3 is a rear elevational view thereof;
 FIG. 4 is a left side elevational view thereof;
 FIG. 5 is a right side elevational view thereof;
 FIG. 6 is a top plan view thereof;
 FIG. 7 is a bottom plan view thereof;
 FIG. 8 is an additional top front perspective view thereof in a case where the upper transparent cover part is separated from the lower nontransparent charger part;
 FIG. 9 is an additional top front perspective view thereof showing the connection of the present charger with an electronic device; and,
 FIG. 10 is an additional top plan view thereof showing the status of connection of the present charger with the charging port of an electronic device.

The broken lines depict environmental subject matter only and form no part of the claimed design.

The present design invention refers to an ornamental design for a charger for an electronic device.
