(57) **CLAIM**

The ornamental design for a magnetic glass board incorporating a projection screen, as shown and described.

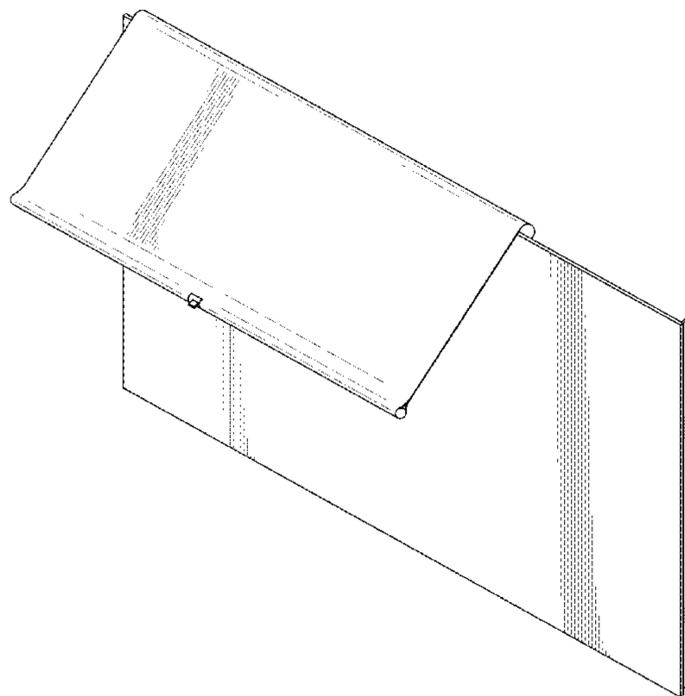

DESCRIPTION

FIG. 1 is a front elevational view of a magnetic glass board incorporating a projection screen showing my new design; FIG. 2 is a front perspective view thereof with the projection screen in a partially open condition; FIG. 3 is a right side elevational view thereof; FIG. 4 is a right side elevational view thereof with the décor panel removed; FIG. 5 is a right side elevational view thereof with the décor panel removed and with the projection screen in a partial open condition; FIG. 6 is a bottom plan view thereof with the projection screen in an open condition; FIG. 7 is a top plan view thereof; and, FIG. 8 is a right side elevational view thereof with the décor panel removed and with the projection screen in an open condition.

The broken lines in FIGS. 4, 5, 6, 7, and 8 depict environmental subject matter only and form no part of the claimed design.

The left side elevational view of the magnetic glass board incorporating a projection screen is a mirror image of the right side elevational view shown in FIG. 3.
