(57) **CLAIM**

The ornamental design for a remote control device, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a remote control device showing our new design;
 FIG. 2 is a front elevational view showing the design for the remote control device of FIG. 1;
 FIG. 3 is a rear elevational view showing the design for the remote control device of FIG. 1;
 FIG. 4 is a left side elevational view showing the design for the remote control device of FIG. 1;
 FIG. 5 is a right side elevational view showing the design for the remote control device of FIG. 1;
 FIG. 6 is a top plan view showing the design for the remote control device of FIG. 1; and,
 FIG. 7 is a bottom plan view showing the design for the remote control device of FIG. 1.
 The broken line showing of portions of the remote control device is included for illustrative purposes only and forms no part of the claimed design.
