(57) **CLAIM**  
We claim the ornamental design for a display screen with graphical user interface, as shown and described.

**DESCRIPTION**

The FIGURE is a front view of an embodiment of a display screen with graphical user interface.  
The broken line showings of the display screen and various elements of the graphical user interface are included for the purpose of illustrating environmental structure and unclaimed portions of the display screen with a graphical user interface and form no part of the claimed design.
