(57) **CLAIM**

The ornamental design for a window component extrusion, as shown and described.

DESCRIPTION

FIG. 1 is a top perspective view of the window component extrusion which is broken in the center indicating indeterminate length, and
FIG. 2 is a bottom perspective view of the window component extrusion shown in FIG. 1.
FIG. 3 is a top perspective view of an alternative configuration of the window component extrusion which is broken in the center indicating indeterminate length; and,
FIG. 4 is a bottom perspective view of the window component extrusion shown in FIG. 3.
