(57) **CLAIM**

The ornamental design for a portion of a display screen with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of one embodiment of a portion of a display screen with graphical user interface; and, FIG. 2 is a perspective view of another embodiment of a portion of a display screen with graphical user interface. The broken lines shown in the drawings represent a display screen and environmental data, none of which forms any part of the claimed design.
