(57) **CLAIM**

The ornamental design for a contact lens container, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of a contact lens container showing an embodiment of my new design, where the container is similar to the design of a football having flattened top and bottom surfaces, showing both halves of the container in their closed position;

FIG. 2 is one side elevation view of the contact lens container embodiment of FIG. 1;

FIG. 3 is a rear elevation view of the contact lens container embodiment of FIG. 1;

FIG. 4 is a top plan view of the contact lens container embodiment of FIG. 1;

FIG. 5 is a front elevation view of the contact lens container embodiment of FIG. 1;

FIG. 6 is a bottom plan view of the contact lens container embodiment of FIG. 1; and,

FIG. 7 is a second side elevation of the contact lens container embodiment of FIG. 1.

The material shown in FIGS. 1-7 of the drawings with dotted lines does not form part of the design of the disclosed contact lens container, but is included to show background material with which the subject inventive design may be utilized.
