(57) **CLAIM**

The ornamental design for a mobile phone, as shown and  
described.

**DESCRIPTION**

FIG. 1 is a front perspective view of a mobile phone showing  
my new design;

FIG. 2 is a front view thereof;

FIG. 3 is a rear view thereof;

FIG. 4 is a left-side view thereof;

FIG. 5 is a right-side view thereof;

FIG. 6 is a top view thereof;

FIG. 7 is a bottom view thereof;

FIG. 8 is a rear perspective view thereof; and,

FIG. 9 is an enlarged view of the encircled portion shown in  
FIG. 2.

The broken lines shown in the figures that intrude upon the  
claimed surfaces, are immediately adjacent to the shaded  
areas, and define unshaded regions, represent the bounds of  
the claim. All other broken lines, including those within the  
broken line boundaries and those outside the claimed sur-  
faces, show non-claimed portions of the mobile phone. The  
broken lines form no part of the claimed design.

The dot-dash broken lines encircling the portion of the  
claimed design that is illustrated in an enlargement form no  
part of the claimed design.

The lighter weight, irregularly incomplete lines in the figures  
are shade lines that are intended to show contour and not  
surface ornamentation.
